The Happiest Baby on the Block Harvey Karp, M.D., 2008-11-19 Perfect for expecting parents who want to provide a soothing home for the newest member of their family, *The Happiest Baby on the Block*, the national bestseller by respected pediatrician and child development expert Dr. Harvey Karp, is a revolutionary method for calming a crying infant and promoting healthy sleep from day one. In perhaps the most important parenting book of the decade, Dr. Harvey Karp reveals an extraordinary treasure sought by parents for centuries --an automatic “off-switch” for their baby’s crying. No wonder pediatricians across the country are praising him and thousands of Los Angeles parents, from working moms to superstars like Madonna and Pierce Brosnan, have turned to him to learn the secrets for making babies happy. Never again will parents have to stand by helpless and frazzled while their poor baby cries and cries. Dr. Karp has found there IS a remedy for colic. “I share with parents techniques known only to the most gifted baby soothers throughout history ...and I explain exactly how they work.” In a innovative and thought-provoking reevaluation of early infancy, Dr. Karp blends modern science

and ancient wisdom to prove that newborns are not fully ready for the world when they are born. Through his research and experience, he has developed four basic principles that are crucial for understanding babies as well as improving their sleep and soothing their senses: ·The Missing Fourth Trimester: as odd as it may sound, one of the main reasons babies cry is because they are born three months too soon. ·The Calming Reflex: the automatic reset switch to stop crying of any baby in the first few months of life. ·The 5 “S’s”: the simple steps (swaddling, side/stomach position, shushing, swinging and sucking) that trigger the calming reflex. For centuries, parents have tried these methods only to fail because, as with a knee reflex, the calming reflex only works when it is triggered in precisely the right way. Unlike other books that merely list these techniques Dr. Karp teaches parents exactly how to do them, to guide cranky infants to calm and easy babies to serenity in minutes...and help them sleep longer too. ·The Cuddle Cure: the perfect mix the 5 “S’s” that can soothe even the most colicky of infants. In the book, Dr. Karp also explains: What is colic? Why do most babies get much more upset in the evening? How can a parent calm a baby--in mere minutes? Can babies be

spoiled? When should a parent of a crying baby call the doctor? How can a parent get their baby to sleep a few hours longer? Even the most loving moms and dads sometimes feel pushed to the breaking point by their infant's persistent cries. Coming to the rescue, however, Dr. Karp places in the hands of parents, grandparents, and all childcare givers the tools they need to be able to calm their babies almost as easily as...turning off a light. From the Hardcover edition.

But after one unforgettable, passionate night with Brian O'Leary, her gorgeous former boss, her life has ground to a halt. Now, she's pregnant. Facing the biggest responsibility of her life. Worse, Brian's new girlfriend and soon-to-be fiancée is demanding Brian not be named the father and that Connie sign a non-disclosure agreement. But when Brian begins to help Connie prepare for the baby, she finds herself dreaming about not just their child but a family with the billionaire as well. Brian is convinced that Connie's pregnancy is just a small hiccup on his way to the perfect life he's dreamed

of since he was a poor kid on the wrong side of the tracks. He's already amassed fortune, and has found the perfect, practical fiancée who comes with a major tech deal, putting his goal almost in reach. He has no room in his life for the always-cheerful Connie, but he finds himself more and more drawn to her despite his looming goal. She's the opposite of everything he needs in life. But if that's true, why is it so hard to resist her? As the pregnancy progresses, Connie wants Brian to see that there's more to life than making money, and that they're meant to be a family. But with everything working against them and a baby on the way, time is running out for them to find their happily ever after.

Sea Wife Amity Gaige, 2021-03-02 A New York Times Notable Book of the Year “Brilliantly breathes life not only into the perils of living at sea, but also into the hidden dangers of domesticity, parenthood, and marriage. What a smart, swift, and thrilling novel.” —Lauren Groff, author of *Florida* Juliet is failing to juggle motherhood and her stalled-out dissertation on confessional poetry when her husband, Michael, informs her that he wants to leave his job and buy a sailboat. With their two kids—Sybil, age seven, and George, age two—Juliet and Michael set off for Panama, where their forty-

four foot sailboat awaits them. The initial result is transformative; the marriage is given a gust of energy, Juliet emerges from her depression, and the children quickly embrace the joys of being at sea. The vast horizons and isolated islands offer Juliet and Michael reprieve – until they are tested by the unforeseen. A transporting novel about marriage, family and love in a time of unprecedented turmoil, *Sea Wife* is unforgettable in its power and astonishingly perceptive in its portrayal of optimism, disillusionment, and survival.

Look, Look! Peter Linenthal, 1998-09-01 Striking and stylish, *Look Look!* is the ideal first board book for babies just beginning to look and learn and a perfect gift for little hands. Look, look!
