Stephanie Finnegan

The Dollhouse Book Stephanie Finnegan, 1999 The unique dimensions make this book a miniature dollhouse. The outside hard cover with the brick house opens in the center like many dollhouses to reveal the ornate interior of the book. On the pages inside, the hundreds of stunning pictures show every detail of the most amazing dollhouses from around the world. This striking package will be irresistible to collectors and dollhouse fanatics. Covering the gamut of historical periods and international designs, each two-page spread explores a select architectural style from a medieval castle to a space-age apartment. Examples of miniature businesses and stores from bakeries to butcher shops to corporate offices offer something for every type of doll house enthusiast, young and old. Photographs showcase both the exteriors, interiors and the dolls themselves. The book focuses on the life-like details that delight dollhouse devotees-from running faucets to cut marks on an inch-tall chopping block to leather-bound books with pages of flawlessly miniscule text. Descriptions of every house and all its hidden secrets accompany each spread.
