Dororo Osamu Tezuka,2020-08-18 Previously published in three installments, the entire run of comic master Osamu Tezuka's enduring classic is herewith available in one volume at a new affordable price. The lauded adventures of a young swordsman and his rogue sidekick that also inspired the cult video game Blood Will Tell have never been as accessible. A samurai lord has bartered away his newborn son's organs to forty-eight demons in exchange for dominance on the battlefield. Yet, the abandoned infant survives thanks to a medicine man who equips him with primitive prosthetics - lethal ones with which the wronged son will use to hunt down the multitude of demons to reclaim his body one piece at a time, before confronting his father. On his journeys the young hero encounters an orphan who claims to be the greatest thief in Japan. Like an unforgettable road movie, Dororo reaches deeper than its swashbuckling surface and offers a thoughtful allegory of becoming what one is, for nobody is born whole.

Rampion Susan Trombley, 2019-10-31 Sometimes, you find love in an unexpected place... Rapunzel isn't fond of being a princess, but her rebellion against her royal parents can only take her so far. When her adventures playing pirate result in embarrassment for her family, she's sent away to a scrapyard in the middle of Nowhere on a barren moon that has been barely terra-formed to support life. As far as Zel can see, the only other person on the moon is a grumpy old caretaker named Gothel, who doesn't bother to show any respect for her royal status. Old man Gothel has plenty of rules, and he's made one huge part of the scrapyard forbidden, which means Zel can't resist exploring it. In that forbidden area, she discovers a tower, drawn there by a sexy, masculine voice singing unusual music. But when she finally finds her way inside the tower, she discovers something she never expected. There's a lot more than just a heart on the line when it comes to the secrets that surround Rampion and his captor, Gothel. Rapunzel must learn the truth before it's too late and she loses everything she holds dear. Author's Note: 18+ Contains strong sexual language and graphic violence, and an artificial intelligence learning about the intricacies of love-and the fact that it follows no logic. Cosmic Fairy Tales is a collaboration in which several authors are retelling beloved tales with a science fiction romance twist. Each book is a standalone, containing its own Happily Ever After, and they can be read in any order. Be sure to explore the other titles in the collection: The Frog Prince by Tracy Lauren The Hunchback by Regine Abel The Lion and the Mouse by Emmy Chandler Escaping Wonderland by Tiffany Roberts The Ugly Duckling by Bex McLynn Contaminated by Amanda Milo Jackie and the Giant by Honey Phillips Rampion by Susan Trombley

The Sunbearer Trials Aiden Thomas, 2022-09-06 Welcome to The Sunbearer Trials, where teen semidioses compete in a series of challenges with the highest of stakes, in this electric new Mexican-inspired fantasy from Aiden Thomas, the New York Times bestselling author of Cemetery Boys. “Only the most powerful and honorable semidioses get chosen. I’m just a Jade. I’m not a real hero.” As each new decade begins, the Sun’s power must be replenished so that Sol can keep traveling along the sky and keep the chaotic Obsidian gods at bay. Sol selects ten of the most worthy semidioses to compete in the Sunbearer Trials. The winner carries light and life to all the temples of Reino del Sol, but the loser has the greatest honor of all—they will be sacrificed to Sol, their body melted down to refuel the Sun Stones, protecting the world for another ten years. Teo, a seventeen-year-old Jade semidiós and the trans son of the goddess of birds, isn’t worried about the Trials . . . at least, not for himself. His best friend, Niya is a Gold semidiós and a shoo-in for the Trials, and while he trusts her abilities, the odds of becoming the sacrifice is one-in-ten. But then, for the first time in over a century, the impossible happens. Sol chooses not one, but two Jade competitors. Teo, and Xio, the thirteen-year-old child of the god of bad luck. Now they must compete in five trials against Gold opponents who are more powerful and better trained. Worst of all, Teo’s annoyingly handsome ex-best friend and famous semidiós Hero, Aurelio is favored to win. Teo is determined to get himself and his friends through the trials unscathed—for fame, glory, and their own survival.

Lakelore Anna-Marie McLemore, 2022-03-08 In this young adult novel by award-winning author Anna-Marie McLemore, two non-binary teens are pulled into a magical world under a lake - but can they keep their worlds above water intact? Everyone who lives near the lake knows the stories about the world underneath it, an ethereal landscape rumored to be half-air, half-water. But Bastián Silvano and Lore Garcia are the only ones who’ve been there. Bastián grew up both above the lake and in the otherworldly space beneath it. Lore’s only seen the world under the lake once, but that one encounter changed their life and their fate. Then the lines between air and water begin to blur. The world under the lake drifts above the surface. If Bastián and Lore don’t want it bringing their secrets to the surface with it, they have to stop it, and to do that, they have to work together. There’s just one problem: Bastián and Lore haven’t spoken in seven years, and working together means trusting each other with the very things they’re trying to hide.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

The Just Bento Cookbook 2 Makiko Itoh,2019-06-19 The author of the best-selling *Just Bento Cookbook* is back with hundreds of delicious new Japanese-lunchbox-style recipes—including many low-carb, vegetarian, and vegan options—that can be made quickly and without a lot of fuss. The passion for bento boxes shows no signs of letting up. Leading the way in popularizing these compact and portable boxed meals has been Makiko Itoh, blogger extraordinaire and author of the perennial

bestseller, *The Just Bento Cookbook*. Itoh was instrumental in spreading the word that bentos are perfect for busy adults-on-the-go—they don’t have to be cute and they don’t have to take a lot of planning or prep time in order to be tasty, nutritious, and economical. In *THE JUST BENTO COOKBOOK 2: Make-Ahead Lunches and More*, Itoh offers hundreds of new recipes for bento-friendly dishes. The premise of this second cookbook is that anyone can make delicious, healthy bentos quickly and easily. Itoh focuses on three types of bentos with specific and appealing benefits: bentos that can be made ahead of time, “express” bentos that can be put together fast, using components right off the shelf or out of the refrigerator, and bentos for special dietary needs. Full-color photos accompany the directions and showcase the finished dishes. *THE JUST BENTO COOKBOOK 2* opens with Itoh’s basic bento rules, revised to reflect comments she’s heard from her many fans after the first book came out. “Build Up Your Stash” explains why having some items ready to pack up and go is the key to stress-free bento-making. Here are tips on making foods that store well, organizing storage space, the best containers to use for different foods, what store-bought items to have on hand, etc. The first section, “Make-Ahead Bentos,” features recipes for a wide variety of dishes that can be prepared the night before or first thing in the morning. Here are different kinds of meatballs and burgers, including both Western versions and Japanese variations; mouth-watering chicken, pork, beef, egg and fish dishes; a section on “Tofu and Vegan” treats such as Ginger Tofu Teriyaki and Green Lentils and Brown Rice; and recipes for Rice Sandwiches such as Egg-wrapped Rice Sandwich with Bacon Rice Filling. A special section of Low Carb recipes based on shirataki noodles and konnyaku (konjac) offers fun and creative ways to use this no-cal, no-carb, no-sugar, gluten-free “miracle” noodle in dishes like Rice and Shirataki Pilaf with Shrimp, Shirataki Chicken “Ramen” in a Lunch Jar, and Shirataki with Sesame. “Express Bentos” presents very quick-to-assemble boxes comprised of foods that don’t require detailed recipes and don’t rely on pre-homemade items. From Mediterranean Pasta and Yakisoba bentos to a Deconstructed Taco Salad and Stir-fry Bento, the ideas here will prove to be lifesavers for busy people who need to get out of the house in a hurry but still want their flavorful, filling, and healthy lunch. Other new and exciting additions to this second volume include an entire section of recipes for Vegetable Side Dishes (Roast Asparagus with Balsamic Vinegar, Spicy Broccoli, and Potato and Corn Salad), and one for Japanese Vegetable Side Dishes (Buttery Kabocha Squash, Crunchy Stir-fried Soy Beans, Hijiki Seaweed with Garlic). Recipes for different versions of dashi will help readers keep a supply of this staple ingredient at the ready. And advice on tools and equipment, types of bento boxes and accessories, as well as a glossary and resource section, will

ensure that preparing bentos is as enjoyable as eating them.

The Fractured Mate Susan Trombley,2020-02-24 As a captive of aliens, Paisley is forced to work as an engineering assistant on an ancient wrecker starship. She knows she has to keep her head down and her behavior humble in order to survive.When the crew responds to an automated distress call from an Akrellian warship that shouldn't be malfunctioning, she senses a threat, but she knows no one will listen to her warnings. Paisley realizes that her days of avoiding danger are over when, among the rescued passengers, trouble with a capital T is escorted onto her ship-in chains for bringing an apocalypse to Earth that resulted in millions of deaths.Something about the prisoner makes it impossible for her to look away from him, and it isn't just the fact that he's the most handsome alien she's ever seen. Yet, when he meets her eyes, there's a darkness in his intense gaze that makes her think his captors might be telling the truth about him, despite his claims of innocence.Caught between two greedy groups seeking wealth and power, Paisley soon discovers that far more lies behind the mystery surrounding the Iriduan prisoner they call Halian. He might be stealing her heart, but she can't

keep him in chains, because he could be the key to saving the galaxy-or destroying it.This isn't a light read, featuring a sweet-from-the-start hero. The journey to love will be very rough at times.If you're in the mood for a complex villain seeking redemption through love, a plucky, intelligent heroine willing to risk it all, and a story packed with action and romance that finally blows the doors off the galactic mystery that has lurked beneath the surface of the Iriduan Test Subjects series, then this book is for you.
