**Doomsday Book** Connie Willis,1993-08-01 Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. “A tour de force.”—The New York Times Book Review For Kivrin, preparing to travel back in time to study one of the deadliest eras in humanity’s history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history’s darkest hours.

**The Doomsday Papers** JanJan Untamed,2019-08-27 It all started with a cough. No one knows who coughed, or where, but it changed everything. That cough did what Vladimir Putin and Bin Laden couldn't do. It nearly exterminated the human population and toppled the invincible United States Government. It ruined me. Before the sickness, I was a meek, subservient woman. I was quiet and useful to my family, but I ate more than anyone else and I got the most thrashings. I was the unfortunate Dare girl. The fat one. That was before. The long journey, killing people and burning bodies, it all changed me. If only my family could see me now. They can't see me. They're dead. Dead and burned in the south field. Father used too much gasoline and the fire spread out of control. It burned acres of thirsty grapevines and almost took the barn. He cried over the grapes but not the two wives and fourteen children we cremated. Thinking about the dead makes me sad. Thinking about the food that I took for granted makes me sadder. Our ways kept us alive. Behind our walls, men can have six wives and father twenty children. The walls are high enough to keep strangers out and keep our secrets in. They were not high enough to keep out the sickness or wide enough to keep out death when it came to collect. The outsiders called us crazy. Uneducated. A cult. They all died. We didn't just survive, we thrived. It was during this dark and tragic time that the most unusual thing happened. I found love in the most unexpected place. Me, the unfortunate one.

**The Doomsday Book of Fairy Tales** Emily Brewes,2021-05-11 An astounding tale of a dangerous quest, a talking dog, and fragmented fairy tales in an eerie post-climate collapse future. A long time ago, the Vanderchucks fled the growing climate disaster and followed their neighbours into the

Underground. Jesse Vanderchuck thought it was the end. Of the world. Of life. Eventually, Jesse's little sister, Olivia, ran away and Jesse started picking through trash heaps in Toronto's abandoned subway tunnels. Day in, day out. Now, years later, Jesse meets a talking dog. Fighting illness and the hostile world aboveground, Jesse and Doggo embark on a fool's errand to find Olivia — or die trying. Along the way, Jesse spins a series of fairy tales from threads of memories, weaving together the past, present, and future into stories of brave girls, of cunning lads, of love in the face of wickedness, and of hope in the midst of despair.

Doomsday World Carmen Carter, David Peter, Michael Jan Friedman, Robert Greenberger, David A. Carter, 1990 The planet Kirlos is an artificial world built by a mysterious, long-dead race called the Ariantu. This wondrous sphere holds wealth of undiscovered archaeological treasures, which the U.S.S. Enterprise and its crew are dispatched to uncover.

Doomsday in Pompeii Marianne Hering, Paul McCusker, 2015 Beth and Eugene look for a way to save Patrick after he takes a trip alone in the Imagination Station and becomes stuck in ancient Pompeii right before Vesuvius erupts.

**The Doomsday Machine** Daniel Ellsberg, 2017-12-05 Shortlisted for the Andrew Carnegie Medal for Excellence in Nonfiction Finalist for The California Book Award in Nonfiction The San Francisco Chronicle's Best of the Year List Foreign Affairs Best Books of the Year In These Times "Best Books of the Year" Huffington Post's Ten Excellent December Books List LitHub's "Five Books Making News This Week" From the legendary whistle-blower who revealed the Pentagon Papers, an eyewitness exposé of the dangers of America's Top Secret, seventy-year-long nuclear policy that continues to this day. Here, for the first time, former high-level defense analyst Daniel Ellsberg reveals his shocking firsthand account of America's nuclear program in the 1960s. From the remotest air bases in the Pacific Command, where he discovered that the authority to initiate use of nuclear weapons was widely delegated, to the secret plans for general nuclear war under Eisenhower, which, if executed, would cause the near-extinction of humanity, Ellsberg shows that the legacy of this most dangerous arms buildup in the history of civilization--and its proposed renewal under the Trump administration--threatens our very survival. No other insider with high-level access has written so candidly of the nuclear strategy of the late Eisenhower and early Kennedy years, and nothing has fundamentally changed since that era. Framed as a memoir--a chronicle of madness in which Ellsberg acknowledges participating--this gripping exposé reads like a thriller and offers feasible steps we can take to dismantle the existing doomsday machine and avoid

nuclear catastrophe, returning Ellsberg to his role as whistle-blower. The Doomsday Machine is thus a real-life Dr. Strangelove story and an ultimately hopeful--and powerfully important--book about not just our country, but the future of the world.

**Doomsday Clock (2017-2019) #11** Geoff Johns,2019-09-04 The critically acclaimed series by the renowned team of writer Geoff Johns and artist Gary Frank marches toward its conclusion. In this penultimate issue, the truth behind “Rebirth” is revealed as Batman searches for the one person he believes can help him save the world...Rorschach!

*Endtime* William Griffin,1979 Endtime answers the questions most often asked by believers but rarely treated seriously by professional eschatologists. The Christians invited to participate in ENDTIME find they have much to talk about and much to share. Ornamenting the selections are illustrations spanning sixteen centuries.

Doomsday Clock Alan Moore,Dave Gibbons,Jerry Siegel,Joe Shuster,2020 With the Earth teetering on the brink of an international super-war, Black Adam and his followers make their move! And while our heroes are busy elsewhere, Dr. Manhattan has set his endgame into motion. The Doomsday Clock continues to tick toward midnight with the fate of the Multiverse hanging in the balance.

*Retreat from Doomsday* John Mueller,2009

The Domesday Book Thomas Hinde,1996 A fundamental part of English heritage, the Domesday Book is unique in medieval history, recording an entire country and its inhabitants town by town, with over 12,500 entries. In this lavishly illustrated book, Elizabeth Hallam and Thomas Hinde examine the background to the nine-hundred-year-old document, setting the events of 1086 into the context of the medieval world. It is a remarkable tribute to English continuity that almost all of the Domesday settlements still exist in some form or another.
