Dreams of the Raven Carter Carmen,2000-09-22 Dreams Of The Raven A merchant ship's frantic S.O.S sends the U.S.S. Enterprise™ speeding to the rescue! But the starships mission of mercy soon becomes a desperate struggle for survival against a nightmarish enemy Captain Kirk can neither identify nor understand, an enemy he must defeat without the aid of one of his most trusted officers. For the Leonard McCoy Kirk knew is gone. In his place stands a stranger -- a man with no memory of his Starfleet career, his family, his friends... or the one thing James T. Kirk needs most of all. His dreams.

Defending Elysium Brandon Sanderson,2021-11-23 As Brandon Sanderson's #1 bestselling Skyward series celebrates its third volume, Cytonic, travel back in time to the origin of Cytonics in the novella Defending Elysium. Centuries before Spensa looked skyward from the planet Detritus—back on Old Earth before it was lost—Jason Write faced a crucial question: was humanity ready to join galactic society? When faster-than-light communications were discovered by a small telephone company in 2071, alien species such as the Tenasi and Varvax overheard them and came to visit Earth. Because the Phone Company controls all communications with the aliens, their operatives like Jason operate above the law. Now, on the space platform Evensong, one of the Phone Company's scientists has gone missing before surfacing in a hospital with amnesia, and Jason is sent to investigate. Right as he arrives, the body of a murdered Varvax ambassador is discovered, sure to cause a galactic incident. Coln Abrams of the United Intelligence Bureau seizes the opportunity to investigate Jason as he deals with the crisis. This could be the UIB's chance to discover the Phone Company's secrets—how does FTL communication work, and what is Jason hiding? Winner of Spain's UPC Award for Science Fiction in 2007.

The Extraordinary Life of Sam Hell Robert Dugoni,2018 Born with ocular albinism, small-town eye doctor Sam Hill must finally face a past tragedy that caused him to turn his back on his friends, his hometown, and the life he'd always known--a journey that makes him realize what truly matters.-- Adapted from back cover.

Records of the Medieval Sword Ewart Oakeshott,1991 An extensive and thorough study of the origins, development and usage of the glamorous two-edged knightly sword of the European middle ages, with a complete typology. Spanning the period from the great migrations to the Renaissance, this book presents a selection from a very large body of photographs and research and gives a full and detailed record of the swords of that turbulent time.

Murder One Robert Dugoni,2012-04-24 The New York Times-bestselling author of The Jury Master returns with another gripping legal thriller in his popular David Sloane series. The case? Defending the woman he loves against a charge of murder.

Ripple in the Sea Charles Pearson,2020-08-15 Horrified over her mother's treason, desperate to redeem

her family's honor, a Japanese-American girl infiltrates a World War II Japanese prisoner-of-war camp to free victims of medical experiments. That's the plan, anyway.

Hidden Empire Kevin J. Anderson, 2011-04-14 In the far future, humanity began to search the stars, sending out vast spaceships that would take generations to reach their goals. In the depths of space they encountered the Ildiran empire - apparently the galaxy's only other intelligent civilization. The Ildirans came to Earth and passed on the knowledge of their stardrive, allowing humanity to expand to the stars. Almost two hundred years after that first contact, there are human colonies proliferating through the galaxy. As Mankind seizes the future, danger comes from the past, for two human archaeologists glean forbidden knowledge from the ruins of a dead world. Once, the insect-like Klikiss ruled the stars. Now, only their robot servants remain, guardians of a terrible technology - the Klikiss Torch, which has the power to create suns. Now, Humanity prepares to flex its new found muscle and activate the Torch for the first time in millennia, but there are reasons the Klikiss empire fell, and a train of events is about to be set in motion, that will change the universe...

The Wolf Wants In Laura McHugh, 2020-05-26 “Calling all fans of Sharp Objects and the third season of True Detective: You need to read Laura McHugh.”—Refinery29 “A perfect thriller . . . a thoughtful commentary on America’s opioid crisis and an utterly satisfying mystery.”—Janelle Brown, New York Times bestselling author of Watch Me Disappear NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LIBRARY JOURNAL Sadie Keller is determined to find out how her brother died, even if no one else thinks it’s worth investigating. Untimely deaths are all too common in rural Blackwater, Kansas, where crime and overdoses are on the rise, and the small-town police force is consumed with the recent discovery of a child’s skull in the woods. Sadie is on her own, delving into the dark corners of a life her brother kept hidden and unearthing more questions than answers. Eighteen-year-old Henley Pettit knows more than she’d like to about the seedy side of Blackwater, and she’s desperate to escape before she’s irreparably entangled in her family’s crimes. She dreams of disappearing and leaving her old life behind, but shedding the past is never easy, and getting out of town will be far more dangerous than she ever imagined. As more bones are found in the woods, time is running out for Sadie to uncover the truth and for Henley to make her escape. Both women are torn between family loyalties and the weight of the secrets they carry, knowing full well that while some secrets are hard to live with, others will get you killed. Like Laura McHugh’s previous award-winning thrillers, *The Weight of Blood* and *Arrowood*, *The Wolf Wants In* is an atmospheric, beautifully told novel that barrels toward a twisting, chilling end and keeps us turning the page to find out how these small-town secrets will unravel—and who will survive. Praise for *The Wolf Wants In* “*The Wolf Wants In* perfectly balances gripping suspense with stunning, lyrical prose—a rare combination, but one that seems to be McHugh’s signature gift. Atmospheric and chilling, this novel takes place in the twisted, destructive wake of the opioid crisis as one woman struggles for justice and another for redemption. A truly thrilling read.”—Jill Orr, author of the Riley Ellison mysteries

The Lost Wisdom of the Magi, 2020-12-11

Hopscotch Brian Garfield, 2012-02-14 Bored with retirement, an ex-spy embarks on a dangerous game, in this Edgar Award winner from a crime writer who is “one of the best” (The New York Times). Miles Kendig is one of the CIA’s top deep-cover agents, until an injury ruins him for active duty. Rather than take a desk job, he retires. But the tawdry thrills of civilian life—gambling, drinking, sex—offer none of the pleasures of the intelligence game. Even a Russian agent’s offer to go to work against his old employers seems dull. Without the thrill of unpredictable conflict, Kendig skulks through Paris like the walking dead.

To revive himself, he begins writing a tell-all memoir, divulging every secret he accumulated in his long career. Neither CIA nor KGB can afford to have it in print, and so he challenges them both: Until they catch him, a chapter will go to the publisher every week. Kendig's life is fun again, with survival on the line.

The Scythian Trials Elizabeth Isaacs, 2018-10 Descendants of the Amazons, the Scythians work alongside prominent governments but answer to no one. Warriors living on the fringe of civilization, they live by one credo: Strength through Equality. Power through Knowledge. Nya Thalestris is the brightest Scythian of her generation. Strong, capable, ruthless, she is sure to earn a spot in the Trials, a time-honored mating ritual responsible for the evolution of her species. Abducted by their sworn enemy, the Drahzda, Nya is forever altered and spirals out of control. The Society sends in Jax Nickius. Infamous psychologist and one of the most brutal warriors of their kind, he discovers triggers planted in Nya's mind. As Nya solidifies her spot in the Trials, Jax develops a plan to help her heal--while pursuing her as a mate. But, Nya's attraction to Jax is at war with her instinct to never let anyone get too close. During the Trials, Nya's repressed memories surface, revealing a new enemy--one from inside the consulate walls--and a traitorous alliance on the horizon that could irrevocably change the course of history. Since before the Bronze Age, the Society has managed to safeguard humanity from itself ... until now.

Wrongful Death Robert Dugoni, 2015-07-25 New York Times bestselling author Robert Dugoni tackles hot-button issues in this riveting legal thriller featuring attorney David Sloane. When a widow asks Sloane to take her case against the military, Sloane knows it's a lost cause but can't turn her down, even if it puts his own life--and the lives of his family--in dire jeopardy. Just minutes after winning a \$1.6 million wrongful-death verdict, attorney David Sloane confronts the one case that threatens to blemish his unbeaten record in the courtroom. Beverly Ford wants Sloane to sue the United States government and military in the mysterious death of her husband, James, a national guardsman killed in Iraq. While a decades-old military doctrine might make Ford's case impossible to win, Sloane, a former soldier himself, is compelled to find justice for the widow and her four children in what is certain to become the biggest challenge of his career. With little hard evidence to go on, Sloane calls on his friend, reclusive former CIA agent turned private investigator Charles Jenkins, to track down the other men serving with Ford the night he died. Alarming, two of the four who returned home alive didn't stay that way for long, and though the mission's wheelchairbound commander now works for a civilian contractor, he refuses to talk. The final -- and youngest -- soldier is also the most elusive, but he's their only shot at discovering the truth -- if Sloane and Jenkins can keep him alive long enough to tell it. Meanwhile, Sloane isn't the only one on a manhunt. As he propels his case into a federal courtroom, those seeking to hide the truth threaten Sloane's family, forcing his new wife Tina and stepson Jake into hiding, where they become the targets of a relentless killer. Now Sloane must race to uncover what really happened on that fatal mission, not only to bring justice to a family wronged but to keep himself and the people closest to him from becoming the next casualties....

Ignition Kevin J. Anderson, Doug Beason, 2010-10-12 An injured astronaut must save NASA from terrorists in this high-tech adventure by the bestselling authors of *Lifeline* and *Ill Wind*. Terrorists seize control of the Kennedy Space Center and hold the shuttle Atlantis and its crew hostage on the launchpad. But astronaut "Iceberg" Friese, grounded from the mission because of a broken foot, is determined to slip through the swamps and rocket facilities around Cape Canaveral and pull the plug on the terrorists. With their years of experience in the field, Anderson and Beason have packed *Ignition* with insider information to create an extremely plausible, action-packed thriller. "Anderson and Beason have written a nail biter full

of details about NASA and the Kennedy Space Center.” —Library Journal

Hopscotch Kevin J Anderson, 2022-01-18 An “ingenious” science-fiction fantasy about a man who body swaps, and the lengths he must go to get his life back, from a New York Times–bestselling author (Kirkus Reviews). For a fee, Eduard Swan will swap bodies with people in distress—those facing surgeries, emotional crises, moments of unpleasantness, or discomfort they can’t or would rather not deal with. Eduard will experience the suffering for them. It’s a lucrative business, and in a society in which you can hopscotch from body to body, there is no end of clients seeking to avoid pain. But someone doesn’t want to play by the rules. Someone doesn’t want to return Eduard’s body. And, unfortunately for Eduard, that someone is one of the world’s most powerful men. Now Eduard has no choice but to steal back his life. He has the perfect alibi, or so he thinks. On the run with the only friends he can trust—Eduard struggles to find the meaning of identity in a culture in which appearances mean everything—and nothing. Where everything is relative . . . even murder. “Hopscotch is cracking good—swift, sure storytelling, with more plot twists than a snake and twice the bite.” —Gregory Benford, author of *Eater* “Kevin J. Anderson is in top form in Hopscotch, a rousing tale that charges hard into territory where nobody has gone before. This one may be the most original book of the year.” —Jack McDevitt, author of *Infinity Beach*

The Romulan Way Diane Duane, Peter Morwood, 1987 Science fiction.

Bodily Harm Robert Dugoni, 2010-05-25 New York Times bestselling author Robert Dugoni returns with his most exhilarating legal thriller to date, a pulse-pounding story of corporate greed, espionage, and the lengths one man is willing to go for justice. *Bodily Harm* opens with a big win for David Sloane and his new partner, Tom Pendergrass, in a malpractice case centered on the death of a young child. But on the heels of this seeming victory, an unlikely character—toy designer Kyle Horgan—comes forward to tell Sloane that he’s gotten it all wrong: Horgan’s the one who’s truly responsible for the little boy’s death and possibly others—not the pediatrician Sloane has just proven guilty. Ordinarily, Sloane might have dismissed such a person as a crackpot, but something about this case has always troubled him—something that he couldn’t quite pinpoint. When Sloane tries to follow up with Horgan, he finds the man’s apartment a shambles—ransacked by unknown perpetrators. Horgan has vanished without a trace. Together with his longtime investigative partner Charles Jenkins, Sloane reexamines his client’s son’s death and digs deeper into Horgan’s claims, forcing him to enter the billion-dollar, cutthroat toy industry. As Sloane gets closer to the truth, he trips a wire that leads to a shocking chain of events that nearly destroys him. To get to the bottom of it all and find justice for the families harmed, Sloane must keep in check his overwhelming desire for revenge. Full of nail-bitingly tense action scenes as well as edge-of-your-seat courtroom drama, *Bodily Harm* finds Robert Dugoni at the very top of his game.

Damage Control Robert Dugoni, 2007-02-14 Dugoni centers a high-speed murder mystery around infidelity and jealousy . . . the plot twists keep the pages turning. -- Kirkus Fast-moving...will surprise even seasoned thriller readers. -- Publishers Weekly Attorney Dana Hill is used to managing a stressful life: she’s one of the most successful lawyers at Strong & Thurmond, mother to a young daughter, wife to a busy, self-involved man. But when she is diagnosed with breast cancer, and her twin brother turns up beaten to death in an apparent robbery-gone-wrong in the same week, the careful balance of Dana’s life is sent into flux. Agreeing with the police that this is more than just a simple botched burglary, she begins to sift through the pieces of her brother’s life, a life she thought she knew as well as her own, to find out who would want him dead and why. But bad things happen in threes, her mother has told her. When Dana discovers her husband cheating, she throws herself headlong into the investigation. Delaying cancer treatment, she teams with an intuitive detective to find the link between a one-of-a-kind earring found in

her brother's bedroom and a mysterious girlfriend no one seems to be able to identify. But those connected to the murder are beginning to turn up dead, the evidence trail is growing cold and someone is masquerading as a police officer, cleaning up the details as they go along.
