**Serenity Handbook** Marc Sumerak, 2018-06 If you've ever wondered what it's like to soar through space like a leaf on the wind in a Firefly spaceship, this is the manual for you. The Firefly-class transport ship was originally created by the Allied Spacecraft Corporation, but since the Browncoats' Independence War, it has become a favourite among smugglers on the Rim worlds. The aircraft's many nooks, crannies, and hidden compartments give it an incredible cargo capacity, and its speed and small size make it the perfect getaway vehicle. The many secrets of Serenity are revealed in this fascinating crew-created owner's manual, which features in-depth technical specifications and insightful commentary from the entire crew. Designed as an in-world crew-made manual for the ship, this book will allow fans of Firefly and Serenity to explore the iconic Firefly-class Series 3 ship in a whole new way.

She lives on the arid, far-flung world of Tethys, and bandits are trying to overrun her town to gain control of their water supply: the only thing standing between its people and dustbowl ruin. Jayne tries to persuade the Serenity crew to join the fight, but it is only when he offers Vera, his favourite gun, as collateral that Mal realises he's serious. When the Serenity crew land at a hardscrabble desert outpost called Coogan's Bluff, they discover two things: an outlaw gang with an almost fanatical devotion to their leader who will stop at nothing to get what they want, and that Temperance is singlehandedly raising a teenage daughter, born less than a year after Temperance and Jayne broke up. Clotho's Loom Shawn StJean, 2012-12 William Wyrdd, an introverted history professor at long remove from his youthful days as a Marine sniper, is drafted to serve overseas in the U.S. military at

age thirty-nine. Already in a relationship made tenuous by the demands of dual professional careers and their own dearth of interpersonal experience, he and his wife are completely estranged by the blunder on the part of the government. But is this merely human error at work, a bad mix of circumstances-or tangling of the skein of Fate? In the tradition of Robert Ludlum's Bourne Identity and follow-up novels, this literary action-adventure tale tests whether one's present choices, and even ultimate destiny, need be determined by one's past. CLOTHO'S LOOM tracks the struggles of a husband and wife to reunite against forces arrayed to keep them apart. Will decides to keep his reactivation a secret, and deal with the claims from his dark past alone. Assured by faceless authorities that there has been no mistake, and given a date to report, he falls in with political undesirables and succumbs to their attempt to recruit him. He soon embarks on a quest for identity that leads him around the globe. Meanwhile, his partner, pregnant and abandoned, must navigate the no-less-treacherous task of survival at a highly politicized law office, dominated by two temperamentally opposite bosses, and the glass ceiling they erect over her. The narrative proceeds in an alternating chapter structure, paralleling Will's masculine adventures with those of a woman enduring both professional and domestic perils. The common solution: a razing of egos, and the tempering of two spirits into alloy, alchemized by the common love of a child.
