**AIRCRAFT SPANISH CIVIL WAR** Gerald Howson,1990-11-17 Since most of the 3,500 aircraft used in the Spanish Civil War were smuggled into the country, only recently have archives opened, lost records surfaced, and people found it safe to tell their stories. Over 280 types of aircraft used by the opposing forces are described, and their part in the war detailed. Most are illustrated with photographs. Aircraft built in most of the industrial countries took part, many of them prototypes, one-of-a-kind, and racing and record-setting planes. No bibliography. **Kurdish Armour Against ISIS** Ed Nash,Alaric Searle,2021-09-16 One of the most remarkable mechanized campaigns of recent years pitted the brutal and heavily armed jihadis of Islamic State against an improvised force belonging to the Kurdish YPG (later the SDF). While some Kurdish vehicles were originally from Syrian Army stocks or captured from ISIS, many others were extraordinary homemade AFVs based on truck or digger mechanicals, or duskas, the Kurds' version of the technical. Before US air power was sent to Syria, these were the Kurds' most powerful and mobile weapons. Co-written by a British volunteer who fought with the Kurds and an academic expert on armoured warfare, this study explains how the Kurds built and used their AFVs in the war against 'Daesh', and identifies as far as possible which vehicles took part in major battles, such as Kobane, Manbij and Raqqa. With detailed new artwork depicting the Kurds' range of armour and many previously unpublished photos, this is an original and fascinating look at modern

improvised mechanized warfare.

Desert Sniper Ed Nash, 2019-09-17 What makes an ordinary but highly educated Englishman, with no previous military training, decide to travel and fight in one of the most brutal conflicts on the planet? *Desert Sniper* is an extraordinary, true account of one man's journey from well-meaning volunteer to battle-scarred combat sniper, placing himself daily in the line of fire to fight one of the greatest evils of this new century. Ed Nash has travelled across the globe, and is working with refugees in Burma, when he first becomes aware of the terrible atrocities being committed under ISIS's newly established 'Caliphate', covering vast tracts of Iraq and Syria. In June 2015, he chooses to undertake the hazardous journey, via Northern Iraq, to Syria, to join ill-equipped and poorly trained but battle-hardened Kurdish forces as they attempt to halt Daesh's relentless advance. Nash is an articulate, insightful and refreshingly honest companion as he unpacks the shifting complexities of the political and military situation in which he finds himself. As one of a motley band of foreign volunteer fighters - veterans of other conflicts, adventurers and misfits, from many different countries - we follow him through his rudimentary training and early combat operations as he and his companions slowly gain the trust and respect of their Kurdish colleagues. Nash shows us the realities of the war on the ground in Syria in fascinating detail; the privations of the ordinary Kurdish soldiers, the terrible price paid by civilians caught in the cross-fire, the ever-present danger of lethal suicide bombers and occasional moments of striking beauty in amongst the carnage. A modern classic in the making, *Desert Sniper* will prove to be one of the most unforgettable accounts to emerge from the war against ISIS.
