Donny Petersen

Hog Fever Richard La Plante,1997-05-15 Richard La Plante began his Harley career with a single small motorcycle. Before long, he had obtained the ultimate machine--a Harley customized to his exact specifications--and was spending hours lovingly polishing its chrome. From his misadventure-filled trip to Spain to his cross-country America ride that ends in tragedy, La Plante shows how a simple hobby can become a life-altering obsession.

Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present Donny Petersen,2013-02-12 In this second part of his fifth volume on Harley-Davidsons motorcycles, Donny Petersen, who studied privately with Harley-Davidson engineers, shares practical knowledge and streetwise tips on the Shovelhead motorcycle. Donny presents what Harley-Davidson has to say through the myriad of service bulletins back in the day in everyday language. He also uses his extensive practical experience to constructively critique the official line, offers additional hard-earned information, and then shares what he does to his own bikes. He provides • solutions to fix the Shovelhead's teething problems; • Harley's responses to ongoing problematic aspects of vibration, as well as the aftermarket's cures; • tips on working with the Shovelhead's carburetors and five ignitions; starter and charging systems, electrical switches, circuit breakers, and relays; and • best practices for lubrication, as well as the progression of front forks and shocks, brakes, wheels, and tires. Written in straightforward language, this guide offers step-by-step instructions to help all levels of enthusiasts, from novices to expert mechanics. In his usual forthright manner, Donny makes technical issues understandable, interspersing explanations with entertaining stories about the lifestyle that comes with being a Harley rider.

The Harley-Davidson Story Aaron Frank,2018-11-20 The Harley-Davidson Story: Tales from the Archives is a fascinating, visually driven overview of the motor company's rich story, created in cooperation with the Harley-Davidson Museum. The story of Harley-Davidson is a classic American tale of spirit, invention, and the right idea at the right time. From its beginning in a small Milwaukee shed in 1903, William Harley and his cousins, the Davidson brothers, set in motion what would eventually become the world's most iconic motorcycle company. While other motorcycle companies rose and fell through the teens and 1920s, Harley went from strength to strength, whether introducing its first V-twin motor or dominating race tracks across America. The Milwaukee Miracle even prospered during WWII, building war bikes for the armed forces. By the 1950s, they'd buried their last American-built competitor, Indian, and gained a hold over the US market that they maintain to this day. A remarkable story deserves a remarkable space to recount it. Such is the Harley-Davidson Museum in Milwaukee, which opened in 2009. Harley-Davidson partnered with Motorbooks to create this book relaying Harley-Davidson's story, as told through the museum's displays and archive assets.

The Chopper Paul D'Orléans,Robert Klanten,2014 The chopper is quintessentially American and, since Easy Rider, has embodied the American dream. This book tells the true story of the most rebellious of all motorcycles. The chopper is a quintessentially American invention, rivaling jazz and abstract exp

Glenn Pray: The Untold Stories Glenn Pray,2010-04 I have been listening to Glenn Pray stories for over forty years. This book hit the entertainment mark, it made me laugh and it made me cry...a thoroughly enjoyable read. Randy Ema, Duesenberg historian. In this amusing book, Glenn Pray tells the story of himself and his rise to fame. Claiming he started out with nothing and has most of it left, he borrowed a twenty-dollar bill, and bought the Auburn-Cord-Duesenberg Company. Within months, his name was splashed across every major newspaper from coast to coast and around the world as he began manufacturing his second generation Cord and Auburn automobiles. In Glenn Pray, a poor boy with poor ways, we see a person who was determined to succeed. His charismatic character exemplifies the epitome of positive thinking, always looking for the humor in every situation, and making friends out of strangers. Glenn Pray is the embodiment of the American Spirit. A humorist, patented inventor, high speed test car driver, classic car designer, motivational speaker, teacher, aerobatic pilot, Marine, the king of barter, successful businessman, and gifted storyteller; Glenn Pray is a fascinating study of man's uncanny ability to fight the odds and win despite circumstance. Glenn himself said, I worked my guardian angel to death. Surely, after reading about Glenn Pray's numerous brushes with serious injury or death, you will agree. If anyone had a guardian angel protecting him, certainly that person would be Glenn Pray. You will find the Glenn Pray story fascinating, hilarious, and inspirational.
