Jack Benny and the Golden Age of American Radio Comedy Kathryn Fuller-Seeley, 2017-10-17

Jack Benny became one of the most influential entertainers of the 20th century--by being the top radio comedian, when the comics ruled radio, and radio was the most powerful and pervasive mass medium in the US. In 23 years of weekly radio broadcasts, by aiming all the insults at himself, Benny created Jack, the self-deprecating Fall Guy character. He indelibly shaped American humor as a space to enjoy the equal opportunities of easy camaraderie with his cast mates, and equal ego deflation. Benny was the master of comic timing, knowing just when to use silence to create suspense or to have a character leap into the dialogue to puncture Jack's pretensions. Jack Benny was also a canny entrepreneur, becoming one of the pioneering showrunners combining producer, writer and performer into one job. His modern style of radio humor eschewed stale jokes in favor informal repartee with comic hecklers like his valet Rochester (played by Eddie Anderson) and Mary Livingstone his offstage wife. These quirky characters bouncing off each other in humorous situations created the situation comedy. In this career study, we learn how Jack Benny found ingenious ways to sell his sponsors' products in comic commercials beloved by listeners, and how he dealt with the challenges of race relations, rigid gender ideals and an insurgent new media industry (TV). Jack Benny created classic comedy for a rapidly changing American culture, providing laughter that buoyed radio listeners from 1932's depths of the Great Depression, through World War II to the mid-1950s--Provided by publisher.

This Will Make It Taste Good Vivian

Howard, 2020-10-20 An Eater Best Cookbook of Fall 2020
From caramelized onions to fruit preserves, make home

cooking quick and easy with ten simple kitchen heroes in these 125 recipes from the New York Times bestselling and award-winning author of *Deep Run Roots*. “I wrote this book to inspire you, and I promise it will change the way you cook, the way you think about what’s in your fridge, the way you see yourself in an apron.” Vivian Howard’s first cookbook chronicling the food of Eastern North Carolina, *Deep Run Roots*, was named one of the best of the year by 18 national publications, including the New York Times, USA Today, Bon Appetit, and Eater, and won an unprecedented four IACP awards, including Cookbook of the Year. Now, Vivian returns with an essential work of home-cooking genius that makes simple food exciting and accessible, no matter your skill level in the kitchen. Each chapter of *This Will Make It Taste Good* is built on a flavor hero—a simple but powerful recipe like her briny green sauce, spiced nuts, fruit preserves, deeply caramelized onions, and spicy pickled tomatoes. Like a belt that lends you a waist when you’re feeling baggy, these flavor heroes brighten, deepen, and define your food. Many of these recipes are kitchen crutches, dead-easy, super-quick meals to lean on when you’re limping toward dinner. There are also kitchen projects, adventures to bring some more joy into your life. Vivian’s mission is not to protect you from time in your kitchen, but to help you make the most of the time you’ve got. Nothing is complicated, and more than half the dishes are vegetarian, gluten-free, or both. These recipes use ingredients that are easy to find, keep around, and cook with—lots of chicken, prepared in a bevy of ways to keep it interesting, and common vegetables like broccoli, kale, squash, and sweet potatoes that look good no matter where you shop. And because food is the language Vivian uses to talk about her life, that’s what these recipes do, next to stories that offer a glimpse at the people, challenges, and

lessons learned that stock the pantry of her life.

Bob Honey Sings Jimmy Crack Corn Sean Penn, 2019

Bob Honey, the disillusioned divorcé with a penchant for murder by mallet, weaves his way toward Washington, DC, for the ultimate showdown with a certain nefarious 'landlord,' but nothing is as it seems, and Bob will have more than just the government working against him-- Publisher marketing.

The Billionaire Murders Kevin Donovan, 2019-10-29

NATIONAL BESTSELLER A top journalist crosses the yellow tape to investigate a shocking high-society crime.

Billionaires, philanthropists, socialites . . . victims. Barry and Honey Sherman appeared to lead charmed lives. But the world was shocked in late 2017 when their bodies were found in a bizarre tableau in their elegant Toronto home. First described as murder-suicide — belts looped around their necks, they were found seated beside their basement swimming pool — police later ruled it a staged, targeted double murder. Nothing about the case made sense to friends of the founder of one of the world's largest generic pharmaceutical firms and his wife, a powerhouse in Canada's charity world. Together, their wealth has been estimated at well over \$4.7 billion. There was another side to the story. A strategic genius who built a large generic drug company — Apotex Inc. — Barry Sherman was a self-described workaholic, renowned risk-taker, and disruptor during his fifty-year career. Regarded as a generous friend by many, Sherman was also feared by others. He was criticized for stifling academic freedom and using the courts to win at all costs. Upset with building issues at his mansion, he sued and recouped millions from tradespeople. At the time of his death, Sherman had just won a decades-old legal case involving four cousins who wanted 20 percent of his fortune. Toronto Star investigative journalist Kevin

Donovan chronicles the unsettling story from the beginning, interviewing family members, friends, and colleagues, and sheds new light on the Shermans' lives and the disturbing double murder. Deeply researched and authoritative, *The Billionaire Murders* is a compulsively readable tale of a strange and perplexing crime.

Bob Honey Who Just Do Stuff Sean Penn, 2019-04-09
“An incredibly interesting work.” —Jane Smiley “A straight up masterwork.” —Sarah Silverman “Blisteringly funny.” —Corey Seymour “A transcendent apocalyptic satire.” —Michael Silverblatt “Crackling with life.” —Paul Theroux “Great fun.” —Salman Rushdie “A provocative debut.” —Kirkus Reviews From legendary actor and activist Sean Penn comes a scorching, “charmingly weird” (Booklist, starred review) novel about Bob Honey—a modern American man, entrepreneur, and part-time assassin. Bob Honey has a hard time connecting with other people, especially since his divorce. He’s tired of being marketed to every moment, sick of a world where even an orgasm isn’t real until it is turned into a tweet. A paragon of old-fashioned American entrepreneurship, Bob sells septic tanks to Jehovah’s Witnesses and arranges pyrotechnic displays for foreign dictators. He’s also a contract killer for an off-the-books program run by a branch of United States intelligence that targets the elderly, the infirm, and others who drain society of its resources. When a nosy journalist starts asking questions, Bob can’t decide if it’s a chance to form some sort of new friendship or the beginning of the end for him. With treason on everyone’s lips, terrorism in everyone’s sights, and American political life sinking to ever-lower standards, Bob decides it’s time to make a change—if he doesn’t get killed by his mysterious controllers or exposed in the rapacious media first. A thunderbolt of startling images and painted “with a broadly

satirical, Vonnegut-ian brush” (Kirkus Reviews), Bob Honey Who Just Do Stuff is one of the year's most controversial and talked about literary works.

Bad Beekeeping Ron Miksha, 2004 A million pounds of honey. Produced by a billion bees! This memoir reconstructs the life of a young man from Pennsylvania as he drops into the bald prairie badlands of southern Saskatchewan. He buys a honey ranch and keeps the bees that make the honey. But he also spends winters in Florida swamps, nurse-maid to ten thousand dainty queen bees. From the dusty Canadian prairie to the thick palmetto swamps of the American south, the reader meets with simple folks who shape the protagonist's character - including a Cree rancher with three sons playing NHL hockey, a Hutterite preacher who yearns to roam the globe, a reclusive bee-eating homesteader, and a grey-headed widow who grows grapefruit, plays a nasty game of scrabble, and lives with four vicious dogs. Encompassing a ten-year period, this true story evolves from the earnest inexperience of the young man as he learns an art and builds a business. Carefully researched natural biology runs counterpoint to human social activities. Bee craft serves as the setting for expositions that contrast American and Canadian lifestyles, while exemplifying the harsh reality of a man working with and against the physical environment.
