Rapid Response Stephen Olvey, 2019-05-21 Originally published to great acclaim in 2006, Dr. Stephen Olvey's memoir *Rapid Response* makes a long-awaited return to print — complete with new text and an afterword by Dario Franchitti — at the same time as the release of a documentary feature film of the same title. This book is the compelling story of the author's often tragic, sometimes funny, and frequently frustrating journey through the volatile world of professional motorsports. Along the way, he introduces many of the characters — geniuses, good guys, bad guys — that he has encountered during his quest to save lives and make motorsports safer. Among the racing legends with whom Dr. Olvey has worked — and who have their places in this book — are Mario Andretti, Emerson Fittipaldi, A.J. Foyt, Graham Hill, Nigel Mansell, Rick Mears and Al Unser Jr. Dr. Olvey attended his first race, the 1955 Indianapolis 500, at the impressionable age of 11, and saw his favourite driver, Bill Vukovich, killed in a fiery crash while leading. He began working at the famous Indianapolis Motor Speedway while attending medical school, making his first professional appearance there in 1966, when his first on-track rescue involved Graham Hill in his rookie year. Dr. Olvey organised the first traveling medical team in motorsports and was eventually joined by long-time colleague and friend, Dr. Terry Trammell. Continuing to work together over several decades, Dr. Olvey and Dr. Trammell have used their study of the cause and effect of racing crashes and injuries to make significant advances in safety, with many lives saved and serious injuries avoided. The writer of the foreword is Alex Zanardi, whose life Dr. Olvey helped to save after a violent accident in Germany in 2001, and who subsequently returned not only to motorsports, but also to handcycling, becoming a

three-time Paralympic gold medalist.

Winners are Driven Bobby Unser, 2004-05-03 Praise for WINNERS ARE DRIVEN The basic principles in becoming a world champion automobile racer, successful businessman, and human being are exactly the same principles that must be utilized by anyone in order to attain success. The many examples of good sportsmanship, the emphasis on family, the importance of customers, and good customer relationships are so very important in life today. Unser is a man who has lived his life to the fullest, accomplished so very, very much, and yet been true to his friends, his family, his competitors, and is the epitome of success. -Barron Hilton, Chairman, Hilton Hotels A wild ride with a racing legend. Bobby is still going 100 mph as he shares his life strategy for success. Nothing fancy, just good ol' Unser common sense. -Doug Sellars, Coordinating Producer, Fox Sports Net As a member of a family involved in American automobile racing for over 80 years, I find Bobby Unser's Winners Are Driven unique in comparing what it takes to be successful in the racing world and how it applies to one's business and personal life. . . . With Bobby's insight and gut instincts he effortlessly crosses over from racing to life in general. -William D. Loadvine, Executive Director of Advancement, University of Southern California Bobby's drive and passion have fueled his incredible success both on and off the track, and his story translates into invaluable life lessons for us all. -Jeff Bliss, President, The Javelin Group Former President/CEO Sara Lee Olympic Partnership This book depicts the life of Bobby Unser from his humble beginnings in the heartland to his many accomplishments. It spells out the philosophy of the great American spirit, the driving force of professional sports, and the necessity of having the presence of outstanding leaders and human beings throughout the world today. -Gregory R. Dillon, Vice Chairman and Director Emeritus, Hilton Hotels Over thirty-five years ago, early in my ABC Sports career, I first met Bobby Unser. As one of this country's premier drivers, Bobby seemed to

be at or near the front of each race. While attaining renown on the track, off the track he was gracious to the media and racing fans. When he retired, we hired Bobby as ABC Sports's color commentator for Indianapolis-car racing. For nine years he performed very professionally and very colorfully. Bobby Unser, successful on the track and off . . . still going strong. -Dennis Lewin, Senior Vice President Broadcast Planning The National Football League

The Indy Car Wars Sigur E. Whitaker, 2015-10-08 The world of Champ Car auto racing was changing in the 1970s. As cars became more sophisticated, the cost of supporting a team had skyrocketed, making things difficult for team owners. In an effort to increase purses paid by racing promoters and win lucrative television contracts, a group of owners formed Championship Auto Racing Teams (CART) in 1978. Soon after, CART split from its sanctioning body, the United States Auto Club (USAC). Though Champ Cars ran on numerous tracks, the Indianapolis 500 was the payday that supported most teams through the season. From the beginning, CART had most of the successful teams and popular drivers, and they focused on driving a wedge between the track owners and the USAC. Over the next 30 years, the tension between CART and USAC ebbed and flowed until all parties realized that reunification was needed for the sake of the sport. This book details the fight over control of Champ Car racing before reunification in 2008.

The British at Indianapolis Ian Wagstaff, 2010-12-15 The British at Indianapolis recounts the history of the Indianapolis 500 race through the eyes and actions of those British born or British citizens who have driven in it, or been involved in any other way – be it as a designer, mechanic, or official. It also examines the British built cars that have won the Indy 500 and the significance of the rear engined revolution brought to the Indianapolis Motor Speedway by Cooper in 1961, and elevated to success by Lotus and Lola. It includes such names as Jim Clark, Graham Hill, Nigel Mansell and 2010 Indy 500

champion, and two times winner, Dario Franchitti.

Kidd the Pirate Washington Irving, 2020-08-26 Touching upon the legends surrounding the infamous captain William Kid, Washington Irving's short story deals in feats of adventures, pirates, and buried treasure. The tempestuous life of William Kid and his return laden with booty gives vent to the rise of treasure-seekers, chasing wild rumours. Superstition, devilry, and magic intertwine in this short story that forms the backbone of American folklore tales about pirates and hidden, stolen goods. But do not hasten to grab the shovel – the aforesaid treasure is often guarded by the Devil himself. Versatile as the subject matter of his literary oeuvre, the name of Washington Irving still echoes in the corridors of the American literary canon. Having earned special status as a man of letters in America and Europe alike, Irving's fame stems primarily from his short stories Rip Van Winkle and The Legend of Sleepy Hollow. An avid biographer and historian, his influence can be felt within a vast group of American and British authors such as Nathaniel Hawthorne, E. A. Poe, Charles Dickens, and Sir Walter Scott.

Don "The Snake" Prudhomme: My Life Beyond the 1320 Elana Scherr, Don

Prudhomme,2020-10-16 Don The Snake Prudhomme reveals for the first time ever his incredible life and career on and off of the drag strip.

Imagine spending a year with Don The Snake Prudhomme, having coffee together and talking about his life, his racing, his friends, and his family. He'd tell you about how he rose from being a high school drop-out who was painting cars to a respected Top Fuel dragster driver and successful businessman. You'd hear how he toured the country with Tommy Ivo and The Hawaiian Roland Leong, racing all the legends from Big Daddy Don Garlits to The Golden Greek [Chris] Karamesines. He'd say how he met Tom McEwen and recall how they became the Snake and the Mongoose, leading to a career in Funny Cars that netted him four championships in a row. He'd talk about the thrill of first wins and owning his own teams but also the struggles of bad seasons, crashes and fires, broken parts, and broken contracts. Along the way, he'd speak about the people in his life, such as engine-builder Keith Black and NHRA president Wally Parks, and those who were killed in the wild and unpredictable sport of nitro racing. It wouldn't be only racing, though. Prudhomme would share lessons he learned about business and life from such varied sources as a neighbor in Granada Hills to Ford GT40 driver Dan Gurney. He also would talk about the importance of family: how his wife, Lynn, and daughter, Donna, changed his world and how finding out about his African-American roots opened his eyes to a culture and inheritance he'd always wanted. This is the experience you'll get in Don The Snake Prudhomme: My Life Beyond the 1320.

Boss Mustang Donald Farr, 2019-04-23 The Ford Boss Mustang is the most iconic pony car ever created, and this book covers it more extensively than any other. Boss Mustang: 50 Years—a fully expanded version of Mustang Boss 302—includes the complete history of its creation; racing and street histories of both the 302 and 429 models; and photos and interviews with Boss Mustang designers, engineers, racers, and more. Of all the legendary names in the history of the Ford Mustang, one stands apart: Boss. Originally created to homologate the new Boss 302 engine and option package for SCCA Trans-Am racing, the Mustang Boss 302 debuted for the 1969 model year and was built in limited numbers for the street through 1970. This book features never-before-seen production and racing photography, interviews with designers and engineers, and keen insight from author Donald Farr, a renowned Ford historian and Ford hall-of-fame inductee. Designed by the legendary Larry Shinoda, the Boss cars were easily distinguished from their less potent stablemates by their race-bred powerplant, standard front spoiler, and bold graphics. In 2012, Ford at long last revived this most revered of all Mustang models. With a new racing counterpart and a modern street version that delivers more than 440 horsepower, the Boss was truly back! In 2013, Ford rolled out the

Boss one more time. In *Boss Mustang: 50 Years*, Mustang historian Donald Farr offers a complete history of the car—from its late 1960s origins in Ford's boardrooms through its Trans-Am successes and untimely demise in 1970, up to the conception and development of the spectacular, limited-edition 2012 and 2013 Boss Mustangs. Packed with brilliant photography and firsthand accounts from the people who created the original Boss, as well as the team that resurrected Ford's most iconic Mustang for the 21st century, this is the story every Mustang enthusiast has been waiting to read.

Racing to the Finish Dale Earnhardt Jr., 2018-10-16 Dale Earnhardt Jr.'s only authorized book revealing the inside track on his final year of racing and retirement from the driver's seat. "Time was running out on my charade... My secrets were about to be exposed to the world." It was a seemingly minor crash at Michigan International Speedway in June 2016 that ended the day early for Dale Earnhardt Jr. What he didn't know was that it would also end his driving for the year. He'd dealt with concussions before, but concussions are like snowflakes, no two are the same. And recovery can be brutal, and lengthy. When NASCAR star Dale Earnhardt Jr. retired from professional stock car racing in 2017, he walked away from his career as a healthy man. But for years, he had worried that the worsening effects of multiple racing-related concussions would end not only his time on the track but his ability to live a full and happy life. Torn between a race-at-all-costs culture and the fear that something was terribly wrong, Earnhardt tried to pretend that everything was fine, but the private notes about his escalating symptoms that he kept on his phone reveal a vicious cycle: suffering injuries on Sunday, struggling through the week, then recovering in time to race again the following weekend. For the first time, he shares these notes and fully reveals the physical and emotional struggles he faced as he fought to close out his career on his own terms. In this candid reflection, Earnhardt opens up about his frustration with the slow recovery, his admiration for the woman who

stood by him through it all, and his determination to share his own experience so that others don't have to suffer in silence. Steering his way to the final checkered flag of his storied career proved to be the most challenging race and most rewarding finish of his life.

Danica Patrick Karen Sirvaitis, 2010-08-01 Chronicles the life and career of the first female driver to lead in the history of the Indianapolis 500.

Danica: Crossing the Line Danica Patrick, 2013-02-22 Sharing secrets and stories, tales from the track, and insights into her personal life, Danica reflects on her extraordinary rise from a ten-year-old go-kart champion to the most successful woman in the history of American racing. Danica Patrick's life moves at 220 mph. She drives every race and lives every day like she has something to prove—and she does. As a 5-foot 2-inch, 100-pound woman, she had to qualify a little quicker and race a little faster than the boys—just to earn the respect she would otherwise be given if she weren't the girl on the track, driving the princess mobile. But you don't get to be an IndyCar driver without talent and determination. Danica is living proof that if you work hard and aim high, you can do

whatever you set your mind to, that you can rise to any challenge, and that what makes you different is what makes you great. An inspiration to all, *Crossing the Line* offers Danica's unique perspective on how to compete in life, how to stand out, and how to get the respect and attention you deserve.
