Encyclopedia of Ancient and Forbidden Secrets

Robert Nye, 2019-09-04 Encyclopedia of Ancient and Forbidden Secrets colorings, the S.S. has its own rites, festivals, rituals and burial customs. The spiritual center of the S.S. - dedicated entirely to the development of these and other public rituals, is the Ancestral Heritage Office. Reichsführer S.S., Himmler, is an avid student of the occult. An SS occult research department, the Ahnenerbe (Ancestral Heritage) was established in 1935 with SS Colonel Wolfram von Sievers at its head. Occult research took SS researchers as far afield as Tibet. As soon as the Nazi movement had sufficient funds, it began to organize a number of expeditions to Tibet and these succeeded one another practically without interruption through the present day. It is conjectured that the Nazis wish to find Shambala, an ancient center of power which is said to be accessible through hidden tunnels in Tibet. The strongest influence on Hitler in this regard was Dietrich Eckart (1868-1923). Most biographers have underestimated the influence that Eckart exerted on Hitler. He was the wealthy publisher and editor-in-chief of an anti-semitic journal which he called *In Plain German*. Eckart was also a committed occultist and a master of magic. As an initiate, Eckart belonged to the inner circle of the Thule Society as well as other esoteric orders. There can be no doubt that Eckart - who had been alerted to Hitler by other Thulists - trained Hitler in techniques of self confidence, self projection, persuasive oratory, body language and

discursive sophistry. With these tools, in a short period of time he was able to move the obscure workers party from the club and beer hall atmosphere to a mass movement. The emotion charged lay speaker became an expert orator, capable of mesmerizing a vast audience.
