The Nautilus Legacy Lewis Crow,2018-03-22 The stunning revelation that his father became none other than the infamous Captain Nemo shakes a young man's world to its foundation. This fictional memoir recounts his life after a tragic war destroys his family and nearly kills him. Learning the truth about his father years later compels him to make a difficult choice: will he keep his comfortable but unspectacular middle-class Victorian existence or forsake everything to continue Nemo's work of exploring the seas and aiding the oppressed? Researched to be true to the spirit of Verne's source novels (20,000 Leagues Under the Sea, Mysterious Island) and his original ideas, *The Nautilus Legacy* moves from Europe to America to the depths of the sea and beyond. In addition to its literary and adventure themes, it is also the very personal story of an insecure man who struggles with the life of his father and their unfinished relationship.

The Lone Captain Lewis Crow,2021-06-07 Captain Nemo's son continues his own tales of adventure in *The Lone Captain*, a sequel to 2018's *The Nautilus Legacy* and the second volume of *The Nemo Chronicles*. Inspired by the work of Jules Verne and written as a memoir, it will delight readers of the first volume as well as those new to the series. Against a backdrop of Victorian-era political tensions and advances in science and technology, the Nautilus' crew venture across the world's oceans to further their twin missions of science and liberty by exploring shipwrecks, aiding the oppressed, and supporting freedom fighters. But everything changes for Nemo when a shocking naval crisis leads to confrontation with his most dangerous foe yet, a zealot whose actions could alter the international balance of power.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
