The Secret Doctrine of the Kabbalah Leonora Leet, 1999-08-01
A vast reconstruction of the knowledge of the ancient Jewish priest-scientists, with vital implications for contemporary spirituality and science. • Reveals an ancient science that used geometry, sound, and number to link the finite world of human experience with the infinite realm of the divine. • Uses teachings extending back thousands of years to explicate key concepts of quantum physics and quantum cosmology. For centuries the Kabbalah has fascinated devotees of mysticism while its origins have remained obscure. Now, in her brilliant new work, Leonora Leet reveals that the Kabbalah was the product of a sophisticated, though largely forgotten, Hebraic sacred science that was the rival of any in Egypt or Greece. Not only does Leet reconstruct the secret teachings of the priest-scientists of the Hebrew temple, she also shows them to be the key to understanding both biblical and kabbalistic cosmology. Unlike previous purely historical explorations of the Jewish esoteric tradition, *The Secret Doctrine of the Kabbalah* resurrects this ancient body of knowledge to reveal eternal truths that can have a profound and positive impact on contemporary spirituality. New experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the central cosmological diagram of the entire Western esoteric tradition--the kabbalistic Tree of Life. Leet shows that the Kabbalah and its central diagram enshrine a key to the purpose of the cosmos, a key that has vast implications for modern physics and cosmology. In a final synthesis, she envisions

a culmination in which the universe and its divine child, perfected humanity, achieve that unification of the finite and infinite which has ever been the secret doctrine of the Kabbalah.

Tree of Qliphoth Asenath Mason, 2016-02-12 *Tree of Qliphoth* is the third anthology by the Temple of Ascending Flame, exploring the dark side of the Qabalistic Tree as a map of Draconian Initiation. In essays, rituals and other expressions of personal research and experience, magicians and initiates of the Draconian Tradition discuss the realms of the Nightside, teachings and gnosis of its dark denizens, as well as practical methods developed both within the Temple and through their individual work. Material included in this book will give the reader a foretaste of these forces and a glimpse of what you can expect while embarking on the self-initiatory journey through the labyrinths of the Dark Tree. Compiled and edited by Asenath Mason, the book contains contributions from active magicians, students, and practitioners of the Left Hand Path: Rev Bill Duvendack, Edgar Kerval, Christiane Kliemann, Pairika-Eva Borowska, M. King, Calia van de Reyn, Leonard Dewar, Mafrá Lunanigra, N.A. O, S.T.Z.E. Swan, and Zeis Araujo.

The Magical Ritual of the Sanctum Regnum Eliphaz Levi, 2017-10-30 This posthumous publication is a translation by William Wynn Westcott, co-founder of the 'Hermetic Order of the Golden Dawn', of an unpublished French manuscript by Lévi, then owned by the spiritualist Edward Maitland. It includes eight of the author's drawings. Each short chapter outlines the meaning of one of the twenty-two tarot trumps and is followed by a brief editor's note describing the card's iconography and summarising interpretations (sometimes deliberately misleading) given in Lévi's earlier publications. The book ends with Kabbalistic prayers and rituals, praise of Jesus Christ as the great initiate, and a surprising

assertion that Christianity has superseded ancient magic, revealing the life-long tension between Catholicism and magic in Lévi's personality and thought.

Core Kassten Alonso,2011-03-01 THIS INTENSE AND COMPACT NOVEL crackles with obsession, betrayal, and madness, and was an Oregon Book Award Finalist for fiction 2005. As the narrator becomes fixated on his best friend's girlfriend, his precarious hold on sanity rapidly deteriorates into delusion and violence. This story can be read as the classic myth of Hades and Persephone (Core) rewritten for a twenty-first century audience as well as a dark, foreboding tale of unrequited love and loneliness. Alonso skillfully uses language to imitate memory and psychosis, putting the reader squarely inside the narrator's head. In addition, deliberate misuse of standard punctuation blurs the distinction between the narrator's internal and external worlds. A sense of alienation and Faulknerian grotesquerie permeate this landscape where desire is borne in the bloom of a daffodil and sanity lies toppled like an applecart in the mud.

Em resumo, neste livro são mantidos os princípios de transportes mágicos . Pode ser concedido de imediato que o compromisso seja escrupulosamente cumprido; o que o operador deve fazer e como deve executá-lo, a fim de atrair espíritos para o discurso , são assuntos expostos tão claramente que o homem que viaja não precisa errar. Assumindo o cargo sacerdotal do operador, ou um padre cúmplice, é tudo tão simples que o fracasso não poderia muito bem ser atribuído a um erro de sua parte. O procedimento é dividido em duas partes - um método geral para a evocação dos Espíritos do Ar, que são indubitavelmente demônios, e um conjunto de conjurações angélicas próprias para cada dia da semana. A segunda seção provavelmente pertence ao departamento de Magia Branca, pois as inteligências envolvidas são boas e ótimas, embora seus escritórios sejam mistos e confusos, incluindo a descoberta de tesouros, a detecção de segredos, o fomento da guerra, a abertura de fechaduras e ferrolhos. , adquirindo o amor das mulheres, inclinando os homens ao luxo e semeando o ódio e o mau pensamento. Obviamente, Magia Branca desse tipo é muito mais negra do que é pintada.
