Cora Carmack

Finding It Cora Carmack, 2013-10-15 Sometimes you have to lose yourself to find where you truly belong . . . Most girls would kill to spend months traveling around Europe after college graduation with no responsibility, no parents, and no-limit credit cards. Kelsey Summers is no exception. She's having the time of her life . . . or that's what she keeps telling herself. It's a lonely business trying to find out who you are, especially when you're afraid you won't like what you discover. No amount of drinking or dancing can chase away Kelsey's loneliness, but maybe Jackson Hunt can. After a few chance meetings, he convinces her to take a journey of adventure instead of alcohol. With each new city and experience, Kelsey's mind becomes a little clearer and her heart a little less hers. Jackson helps her unravel her own dreams and desires. But the more she learns about herself, the more Kelsey realizes how little she knows about Jackson.

All Lined Up Cora Carmack, 2014-05-13 New York Times and USA Today bestselling author Cora Carmack follows up her trio of hits—Losing It, Faking It, and Finding It—with this thrilling first novel in an explosive series bursting with the Texas flavor, edge, and steamy romance of Friday Night Lights. In Texas, two things are cherished above all else—football and gossip. My life has always been ruled by both. Dallas Cole loathes football. That's what happens when you spend your whole childhood coming in second to a sport. College is her time to step out of the bleachers, and put the playing field (and the players) in her past. But life doesn't always go as planned. As if going to the same college as her football star ex wasn't bad enough, her father, a Texas high school coaching phenom, has decided to make the jump to college ball... as the new head coach at Rusk University. Dallas finds herself in the shadows of her father and football all over again. Carson McClain is determined to go from second-string quarterback to the starting line-up. He needs the scholarship and the future that football provides. But when a beautiful redhead literally falls into his life, his focus is more than tested. It's obliterated. Dallas doesn't know Carson is on the team. Carson doesn't know that Dallas is his new coach's daughter. And neither of them know how to walk away from the attraction they feel.

Faking It Cora Carmack, 2013 Grad school isn't what Cade Winston thought it would be. He's barely doing any acting and he still sees his best friend, the girl who broke his heart, with another guy. Then Joss Miller blows into his life with the force of a hurricane. She's the complete opposite of any girl he's ever dated - she has brightly dyed hair, tattoos, a piercing, and a request. She wants him to pretend to be her wholesome, boy-next-door boyfriend for an hour so that her parents don't meet the real guy she's dating. Maybe it's the weeks without acting or maybe he's lost his mind, but he agrees to play the part.

Language Files Department Of Linguistics, 2016 Language Files: Materials for an Introduction to Language and Linguistics has become one of the most widely adopted, consulted, and authoritative introductory textbooks to linguistics ever written. The scope of the text makes it suitable for use in a wide range of courses, while its unique organization into student-friendly, self-contained sections allows for tremendous flexibility in course design. The twelfth edition has been significantly revised, clarified, and updated throughout--with particular attention to the chapters on phonetics, phonology, pragmatics, and especially psycholinguistics. The restructured chapter on psycholinguistics makes use of recent research on language in the brain and includes expanded coverage of language processing disorders, introducing students to current models of speech perception and production and cutting-edge research techniques. In addition, exercises have been updated, and icons have been added to the text margins throughout the book, pointing instructors and students to useful and engaging audio files, videos, and other online resources on the accompanying Language Files website, which has also been significantly expanded.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Reunion Planner Phyllis A. Hackleman, 2009-06 If there is a reunion in your future, whether as the organizer or a helping hand, Reunion Planner is one book you won't want to be without. Reunion Planner leaves nothing to chance. The contents include sections on the following: choosing the proper kind of reunion, recruiting volunteers, selecting the time and place, creating the program, guest speakers, budgeting, notifying the participants and promoting the event, planning meals and decorations, accommodations and transportation, souvenirs and fund raisers, photographers and videographers, building a genealogy, and finishing touches from road signs to thank-you notes and more.

Osmanska Vremena Mitja Guštin, Vesna Bikić, Zrinka Mileusnić, 2008

English-Russian, Russian-English Dictionary Kenneth Katzner, 1994-12-07 Based on American rather than British English, this is among the first Russian dictionaries revised for the post-Soviet era. Includes new political terminology, new Russian institutions, new countries and republics and new city names. Contains 26,000 entries in the English-Russian section and 40,000 words in the Russian-English section. Irregularities in Russian declensions and conjugations appear at the beginning of each entry.

Overcoming School Refusal Joanne Garfi, 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Gingercat, 2021-07 A little cat finds a home deep in a lonely city - she smells food through an open doorway, laps from one of three bowls, cleans herself on one of three chairs, then settles on one of three beds. When Daddy, Mummy, and their little boy find her fast asleep in their home, they are faced with a decision - what name shall their new cat be given? A gentle, happy story based on a classic fairy tale, Gingercat is suitable for a younger audience,

early readers, and as a loving bedtime story.

Pikachu's Global Adventure Joseph Tobin,2004-01-15 Initially developed in Japan by Nintendo as a computer game, Pokémon swept the globe in the late 1990s. Based on a narrative in which a group of children capture, train, and do battle with over a hundred imaginary creatures, Pokémon quickly diversified into an array of popular products including comic books, a TV show, movies, trading cards, stickers, toys, and clothing. Pokémon eventually became the top grossing children's product of all time. Yet the phenomenon fizzled as quickly as it had ignited. By 2002, the Pokémon craze was mostly over. Pikachu's Global Adventure describes the spectacular, complex, and unpredictable rise and fall of Pokémon in countries around the world. In analyzing the popularity of Pokémon, this innovative volume addresses core debates about the globalization of popular culture and about children's consumption of mass-produced culture. Topics explored include the origins of Pokémon in Japan's valorization of cuteness and traditions of insect collecting and anime; the efforts of Japanese producers and American marketers to localize it for foreign markets by muting its sex, violence, moral ambiguity, and general feeling of Japaneseness; debates about children's vulnerability versus agency as consumers; and the contentious question of Pokémon's educational value and place in school. The contributors include teachers as well as scholars from the fields of anthropology, media studies, sociology, and education. Tracking the reception of Pokémon in Japan, the United States, Great Britain, France, and Israel, they emphasize its significance as the first Japanese cultural product to enjoy substantial worldwide success and challenge western dominance in the global production and circulation of cultural goods. Contributors. Anne Allison, Linda-Renée Bloch, Helen Bromley, Gilles Brougere, David Buckingham, Koichi Iwabuchi, Hirofumi Katsuno, Dafna Lemish, Jeffrey Maret, Julian Sefton-Green, Joseph Tobin, Samuel Tobin, Rebekah Willet, Christine Yano

Bank Elaine Chou,2012-08

Trading Card Games For Dummies John Kaufeld,Jeremy Smith,2006-02-10 Check out Magic: The Gathering, Heroclix, and more Explore popular games like Legend of the Five Rings, build decks, and trade online Whether you're already hooked on trading card games, want to understand what your kids are into, or are just curious to see what all the fuss is about, you've come to the right place. Discover how to * Get started with the VS System, Yu-Gi-Oh, Pokemon, and others * Identify basic types of cards * Buy and sell online -- wisely * Play around with collectible miniatures * Safely store and transport your collection

Robots & Donuts Eric Joyner,2008 In the years following WWII one of the major exports from Japan was toys, specifically tin toys. Joyner celebrates this forgotten era in a series of whimsical, thoughtful, sometimes tragic but always stunning paintings depicting mechanical men and women inspired by the designs of those toy tin machines.

An Introduction to Language and Linguistics Ralph Fasold,Jeffrey Connor-Linton,2006-03-06 This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.

Keeping Her Cora Carmack,2013-08-15 What happens after the happy ending? Garrick is over the moon that his girlfriend, Bliss, said yes. He's finally found the love of his life. That means his worries are over, right? But when he invites her to visit London and meet his family, he is presented with a whole new set of problems. How will his privileged and wealthy family react to Bliss's unique brand of awkwardness?

Telegraph Pa,

Russian Second-language Textbooks and Identity in the Universe of Discourse Olga M. Mladenova,2004 This book provides an overview of the changes of the Second-Language Learning discursive formation and the Identity discursive formation in Russian history. It proposes an explanatory model in which small-scale linguistic detail is joined with larger-scale language units in order to illuminate matters of cultural importance in their linguistic guise.

You and Me, Little Bear Martin Waddell,Barbara Firth,2005 Little Bear wants to play, but Big Bear has things to do. So they decide to do them together. They fetch wood and water and tidy the cave, but Big Bear still has things to do, so Little Bear has to go off and play on his own. Finally Little Bear's wish comes true and the day has an idyllic ending.
