Titan #1: Taking Wing Michael A. Martin, Andy Mangels, 2005-04-01 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Journal of the Fortean Research Center Paperbound Ray Boeche, 2012-07-01 The Fortean Research Center was founded in Lincoln, Nebraska in 1982. During the two decades of its existence, this volunteer group of researchers and investigators delved deep into the unexplained. Exploring events in Nebraska - and far beyond - that included ghosts, UFOs, Bigfoot encounters, animal mutilations, government cover-ups, alleged alien abductions, psychic phenomena, cult activity, and even a sighting of a blob-like mystery creature the Fortean Research Center became recognized among members of the Fortean, paranormal, and UFO research communities around the world, as a reliable and trusted source of information. Here is the entire collection of the Journal of the Fortean Research Center, 23 issues in all. These publications are a reflection of their time, and demonstrate in many cases the beginning steps into subjects familiar to the public today: alleged UFO crashes and landings at government installations, alien abductions, cryptozoology and more.

End Game Diane Carey, Christie Golden, 2012-07-24 Seven years ago the USS Voyager, embroiled in a three-way conflict with Federation Maquis renegades and the Cardassian warship that was pursuing them, took evasive action and found itself flung by means of a strange alien technology to the furthest corner of the galaxy, the unexplored Delta Quadrant, many thousands of lightyears from home. More than 170 episodes later, Captain Kathryn Janeway and her crew have encountered planets, races, civilisations and phenomena unseen by any other Federation eyes. But no matter the space they have explored or the obstacles they have overcome, their goal has always been the same: the impossible journey home. Will the USS Voyager make it back to Federation space and will her crew ever be reunited with those they left behind? Here is the first chance for UK fans to find out in full what happens in the final, emotive conclusion of the Voyager story.

Star Trek: Starship Spotter Adam Lebowitz, Robert Bonchune, 2001-11-01 Starship Spotter was created more than two centuries ago to serve as a reference guide to assorted space-going vessels. Captains of the spaceships of the United Earth Space Probe Agency used this simple paper tool to enable a ship's crew to quickly distinguish friend from foe in the unexplored reaches of the cosmos. When the services were merged to form Starfleet, this paper book disappeared from use. Only recently rediscovered, the newest editions of this book have been the sole purview of Starfleet Academy. Each year, a new class of Starfleet cadets carefully reviews and revises the contents. The ships displayed in Starship Spotter have been chosen as a tribute to the crews who have served on them and the valor shown, regardless of the ship's affiliation. Although only thirty ships could be included, the cadets feel these ships reflect the noble history of space travel. We proudly present to you the Class of 2383 edition of Starship Spotter.
