

Tramp.jpg

Helaine W. Fendelman

A Legacy in Tramp Art Clifford A. Wallach, 2012 In over 600 color photos, this book presents historical images and introduces newly discovered artists of tramp art, complete with their known biographies. Made from society's discards, primarily wooden cigar boxes and wooden crates, tramp art is the story of the common man, unschooled in the arts, taking a simple tool to carve a legacy from the heart for all of us to enjoy and celebrate. The engaging text tells the personal stories of the creators of tramp art, including Augustus Gus Wynn, Levi Fisher Ames, Adolph Vandertie, John Kozimor, Robert Louis Kosmerl, Carl Briston, Ernest Huber, and Charles Mikkelsen. Also discussed are the collectors who cherished and brought tramp art into their lives. Examples of this unique art form include boxes, picture frames, miniature houses, and carousels that are marvels of meticulous detail. For anyone with a passion for folk art, this book will be a much-treasured addition to their library.

End of the Line: Railroad Tramps of the Los Angeles Freight Yards John Free, 2021-08-14 One day in 1974 John Free took his white dog Casper and his black Nikon camera to the Los Angeles Freight yards on an invite from a stranger to meet under a bridge to see how a real tramp lives. Under that bridge he found the Home Guard of the Taylor Yard, at the End Of The Line, as far west as one could travel on trains and the best place for an old railroad tramp like Shorty, old man Peewee or Bobbi K, to live out their days. It's a part of Los Angeles that is now gone. They thought I was interested in the trains but it was their stories, their smiles and my respect for them that kept me coming back. *End of the Line: Railroad Tramps of the Los Angeles Freight Yards* is a collection of John's black and white, candid, full frame, available light photographs. These rare historical photographs document a place and culture that no longer exists. The book also includes the unique and moving stories told to John by the tramps as well as John's approach to getting to know these unique people and his photographic techniques. The Foreword by his son describes what it was like growing up as a street photographer's son. Also included are an historical perspective by Kevin Keefe, former editor of *Trains* magazine, a glossary of tramp terminology and technical details on the photography. The book is printed in duotone, using high resolution scans from John's negatives. Printed on heavy 100 lb. coated stock the photographs faithfully capture all the beauty found in John's original silver gelatin prints.

The Trail of the Tramp A-No. 1, 2012-09-15 It is recommended the reader drink moonshine before reading this hardnosed edition of A No. 1's hobo story cycle, which presents cautionary tales of clueless youth corrupted by the road. Lessons covered include do unto others before they do unto you and the difference between yeggars (who steal and rob) and plingers (a begging class). As is the case with all A. No. 1 books, the hobo stories are richly illustrated with beautiful early American prints and cartoons. First published in 1913.

Photoshop 7 Bible Deke McClelland, 2002-09-05 Shows readers how to retouch, color correct, manipulate, and combine images using Photoshop X. Readers will learn to create cutting-edge special effects for the Web or print. Deke McClelland's easy and approachable writing style demystifies even the most complex Photoshop tasks. The Photoshop X Bible fulfills the promise to the reader of being 100 percent comprehensive, authoritative, and what you need. This classic Bible covers it all, from Apply Image command to ZigZag filter.

Tramp Art Clifford Wallach, 2009 Discover the romance of tramp art, folk art made made from discarded wooden cigar boxes, layer upon layer, one notch at a time, by untrained artists using simple tools and recycled materials. Tramp art crafters representing over 40 nationalities carved tramp art in America. It was also practiced throughout the world wherever cigars were smoked. These artists transformed the discarded boxes into pieces of utility and wonder. Never before has the subject been studied in such depth. Over 600 color photographs document 100s of items, ranging from picture frames and mirrors, to boxes, bureaus, and fantasy pieces. The designs and colors reflect a naive sensibility and aesthetic that is at once charming and beautiful. Here is a rich assemblage of the history of the art form and a thorough study of the artists' lives and work. Misguided romantic mythologies long associated with tramp art are dispelled to leave an accurate picture of these noble notchers. A foreword by award-winning author and art historian Barbara Goldsmith sets the stage, and the pages that follow both celebrate the art and deepen our understanding of its roots and

practitioners. This book will be treasured by folk art lovers everywhere.

Photoshop CS Denis Graham,2004 Offers tips and shortcuts to effectively use Photoshop CS to work with layers, use the drawing tools, create masks and paths, use adjustment tools, and use color.

A Tramp Abroad Mark Twain,2013-12-18 An unconventional and entertaining account of travels through German, the Alps and Italy

A Tramp Abroad: Book II Mark Twain,2014-05-23 He kept his word. We heard his horn and instantly got up. It was dark and cold and wretched. As I fumbled around for the matches, knocking things down with my quaking hands, I wished the sun would rise in the middle of the day, when it was warm and bright and cheerful, and one wasn't sleepy. We proceeded to dress by the gloom of a couple sickly candles, but we could hardly button anything, our hands shook so. I thought of how many happy people there were in Europe, Asia, and America, and everywhere, who were sleeping peacefully in their beds, and did not have to get up and see the Rigi sunrise—people who did not appreciate their advantage, as like as not, but would get up in the morning wanting more boons of Providence.

Tramp Printers John M. Howells,Marion Dearman,1996-06 Beginning with the invention of movable type in the 15th century, itinerant artisans roamed the highways and byways of the world, working where and when they pleased. It all ended five centuries later, when computer typesetting replaced humans. Mark Twain, Bret Harte, Horace Greely (along with legions of much less famous printers) plied their trade and enjoyed adventures as tramp printers until it all suddenly vanished in the mid 1970s. A sociological study, as seen through the eyes of tramp printers themselves. Footloose and carefree, these adventurers enjoyed 500 years of freedom, working where and when they pleased. A vanished breed, today they live on through recollections, anecdotes, and memories of how it used to be, when printers worked with real type.

Tramping with Tramps: Studies and Sketches of Vagabond Life Josiah Flynt,2022-08-01 DigiCat Publishing presents to you this special edition of Tramping with Tramps: Studies and Sketches of Vagabond Life by Josiah Flynt. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Tramp Art Helaine W. Fendelman,1999 Tramp art was most prevalent during the years of the Great Depression. All of the wood used in its construction is scrap and discard; a craft of itinerant carvers, most of it was made from the wooden cigar boxes of the era. Most fascinating is the fact that there are no written instructions for the construction or crafting of a piece of tramp art and it doesn't appear that there ever were.

Tramp.jpg Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has been much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Tramp.jpg**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
