Solomon Northup

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Beauty in the Age of Empire Raja Adal, 2019-08-13 When modern primary schools were first founded in Japan and Egypt in the 1870s, they did not teach art. Yet by the middle of the twentieth century, art education was a permanent part of Japanese and Egyptian primary schooling. Both countries taught music and drawing, and wartime Japan also taught calligraphy. Why did art education become a core feature of schooling in societies as distant as Japan and Egypt, and how is aesthetics entangled with nationalism, colonialism, and empire? *Beauty in the Age of Empire* is a global history of aesthetic education focused on how Western practices were adopted, transformed, and repurposed in Egypt and Japan. Raja Adal uncovers the emergence of aesthetic education in modern schools and its role in making a broad spectrum of ideologies from fascism to humanism attractive. With aesthetics, educators sought to enchant children with sounds and sights, using their ears and eyes to make ideologies into objects of desire. Spanning multiple languages and continents, and engaging with the histories of nationalism, art, education, and transnational exchanges, *Beauty in the Age of Empire* offers a strikingly original account of the rise of aesthetics in modern schools and the modern world. It shows that, while aesthetics is important to all societies, it was all the more important for those countries on the receiving end of Western expansion, which could not claim to be wealthier or more powerful than Western empires, only more beautiful.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Sacred Cesium Ground and Isa's Deluge Kimura Yūsuke, 2019-01-29 In these two novellas, Kimura Yūsuke explores human and animal life in northern Japan after the natural and nuclear disasters of March 11, 2011. Kimura inscribes the "Triple Disaster" into a rich regional tradition of storytelling, incorporating far-flung voices and experiences to testify to life and the desire to represent it in the aftermath of calamity. □ In *Sacred Cesium Ground*, a woman from Tokyo travels to volunteer at a cattle farm known as the "Fortress of Hope," tending irradiated animals abandoned after the reactor meltdown. The farm closely resembles an actual ranch that has been widely covered in Japan, and the story's portrayal of those who stubbornly care for animals in spite of the danger speaks to the sense of futility and meaningfulness in the wake of traumatic events. *Isa's Deluge* depicts a family of fishermen whose crotchety patriarch draws on old tales of the floods that have plagued the region to fashion himself as the father of the tsunami. Together, the novellas present often-unheard voices of one of Japan's peripheral regions and their anger toward the government and Tokyo for mishandling and forgetting their part of the country. Kimura's command of dialect and conversational language is masterfully translated by Doug Slaymaker. Postapocalyptically surreal yet teeming with life, Kimura's stories will be a revelation for readers looking for a new perspective on the disaster's consequences for Japan and on the interrelated meanings of human and animal lives and deaths.

Race for Empire Takashi Fujitani, 2011-11-01 *Race for Empire* offers a profound and challenging reinterpretation of nationalism, racism, and wartime mobilization during the Asia-Pacific war. In parallel case studies-of Japanese

Americans mobilized to serve in the United States Army and of Koreans recruited or drafted into the Japanese military—T. Fujitani examines the U.S. and Japanese empires as they struggled to manage racialized populations while waging total war. Fujitani probes governmental policies and analyzes representations of these soldiers—on film, in literature, and in archival documents—to reveal how characteristics of racism, nationalism, capitalism, gender politics, and the family changed on both sides. He demonstrates that the United States and Japan became increasingly alike over the course of the war, perhaps most tellingly in their common attempts to disavow racism even as they reproduced it in new ways and forms.

The Films of Kore-eda Hirokazu Linda C. Ehrlich, 2019-12-30 The Films of Kore-eda Hirokazu: An Elemental Cinema draws readers into the first 13 feature films and 5 of the documentaries of award-winning Japanese film director Kore-eda Hirokazu. With his recent top prize at the Cannes Film Festival for *Shoplifters*, Kore-eda is arguably Japan's greatest living director with an international viewership. He approaches difficult subjects (child abandonment, suicide, marginality) with a realistic and compassionate eye. The lyrical tone of the writing of Japanese film scholar Linda C. Ehrlich perfectly complements the understated, yet powerful, tone of the films. From *An Elemental Cinema*, readers will gain a special understanding of Kore-eda's films through a novel connection to the natural elements as reflected in Japanese traditional aesthetics. *An Elemental Cinema* presents Kore-eda's oeuvre as a connected whole with overarching thematic concerns, despite frequent generic experimentation. It also offers an example of how the poetics of cinema can be practiced in writing, as well as on the screen, and helps readers understand the films of this contemporary director as works of art that relate to their own lives.

Ex-Cinema Akira Lippit, 2012-09-30 What does it mean for film and video to be experimental? In this collection of essays framed by the concept *ex*—meaning from, outside, and no longer—Akira Mizuta Lippit explores the aesthetic, technical, and theoretical reverberations of avant-garde film and video. *Ex-Cinema* is a sustained reflection on the ways in which experimental media artists move outside the conventions of mainstream cinema and initiate a dialogue on the meaning of cinema itself.

Perilous Memories Takashi Fujitani, Geoffrey M. White, Lisa Yoneyama, 2001-06-21 *Perilous Memories* makes a groundbreaking and critical intervention into debates about war memory in the Asia-Pacific region. Arguing that much is lost or erased when the Asia-Pacific War(s) are reduced to the 1941–1945 war between Japan and the United States, this collection challenges mainstream memories of the Second World War in favor of what were actually multiple, widespread conflicts. The contributors recuperate marginalized or silenced memories of wars throughout the region—not only in Japan and the United States but also in China, Southeast Asia, the Pacific Islands, Okinawa, Taiwan, and Korea. Firmly based on the insight that memory is always mediated and that the past is not a stable object, the volume demonstrates that we can intervene positively yet critically in the recovery and reinterpretation of events and experiences that have been pushed to the peripheries of the past. The contributors—an international list of anthropologists, cultural critics, historians, literary scholars, and activists—show how both dominant and subjugated memories have emerged out of entanglements with such forces as nationalism, imperialism, colonialism, racism, and sexism. They consider both how the past is remembered and also what the consequences may be of privileging one set of memories over others. Specific objects of study range from photographs, animation, songs, and films to military occupations and attacks, minorities in wartime, “comfort women,” commemorative events, and postwar activism in pursuing redress and reparations. *Perilous Memories* is a model for war memory intervention and will be of interest to historians and other scholars and activists engaged with collective memory, colonial studies, U.S. and Asian history, and cultural studies. Contributors: Chen Yingzhen, Chungmoo Choi, Vicente M. Diaz, Arif Dirlik, T. Fujitani, Ishihara Masaie, Lamont Lindstrom, George Lipsitz, Marita Sturken, Toyonaga Keisaburo, Utsumi Aiko, Morio Watanabe, Geoffrey M. White, Diana Wong, Daqing Yang, Lisa Yoneyama

Permitted and Prohibited Desires Anne Allison, 2023-11-10 This provocative study of gender and sexuality in contemporary Japan investigates elements of Japanese popular culture including erotic comic books, stories of mother-son incest, lunchboxes—or obentos—that mothers ritualistically prepare for schoolchildren, and children's cartoons. Anne Allison brings recent feminist psychoanalytic and Marxist theory to bear on representations of sexuality, motherhood, and gender in these and other aspects of Japanese culture. Based on five years of fieldwork in a middle-class Tokyo neighborhood, this theoretically informed, accessible ethnographic study provides a provocative analysis of how sexuality, dominance, and desire are reproduced and enacted in late-capitalistic Japan.

Cold War Ruins Lisa Yoneyama, 2016-07-15 In *Cold War Ruins* Lisa Yoneyama argues that the efforts intensifying since the 1990s to bring justice to the victims of Japanese military and colonial violence have generated what she calls a transborder redress culture. A product of failed post-World War II transitional justice that left many colonial legacies intact, this culture both contests and reiterates the complex transwar and transpacific entanglements that have sustained the Cold War unredressability and illegibility of certain violences. By linking justice to the effects of American geopolitical hegemony, and by deploying a conjunctive cultural critique—of comfort women redress efforts, state-sponsored apologies and amnesties, Asian American involvement in redress cases, the ongoing effects of the U.S. occupation of Japan and Okinawa, Japanese atrocities in China, and battles over WWII memories—Yoneyama helps illuminate how redress culture across Asia and the Pacific has the potential to bring powerful new and challenging perspectives on American exceptionalism, militarized security, justice, sovereignty, forgiveness, and decolonization.

International Architecture in Interwar Japan Ken Tadashi Ōshima, 2009 Following World War I, a generation of young architects in Japan took part in a movement toward international architecture, or *kokusai kenchiku*, designing houses for people who blended Japanese and Western customs in their daily lives, and public buildings—from schools and hospitals to weather stations and golf clubhouses—that encompassed modern forms and new materials, especially earthquake-resistant reinforced concrete, yet synthesized the new with the old.—Ken Tadashi Ōshima is assistant professor of architecture at the University of Washington.
