Papier-Mâché Monsters Dan Reeder, 2009-09-01 Step-by-step instructions for creating papier-mâché monstrosities and expanding the limits of your imagination, from the author of *Paper Mache Dragons* Celebrated monster-making master Dan Reeder is at it again—helping others to let out their inner monsters! All that's needed are a few simple materials and a wild imagination. Reeder guarantees success if the tried-and-tested, goof-proof how-to steps in this humorous read are followed. But there's more—he's also giving away all of his secrets for creating ghoulish monster elements such as jaws, claws, horns, scales, webbing, tentacles, eyeballs, fingers, toes, gnarly hands and feet, and even perfect drool! Learn how to make a basic monster and you'll be well on your way to creating more hideous creatures, beasts, dragons, and whatever else your dark side can think of! "I'm not one to argue that the world doesn't need more monsters, be they made of papier and/or cloth mâché, as demonstrated in Dan's entertaining new book, or flesh and blood, as demonstrated by the one standing behind you right now." —Gary Larson, creator, *Far Side* "For lovers of the truly grotesque, Reeder provides detailed photo instructions for large figures constructed of clothes hangers, newspaper, and glue. Cloth skin, teeth, and slathered-on paint finish them off. The toothy dragons are particularly effective." —School Library Journal

Color Your Own Book of Kells Marty Noble, 2002-01-28 Twenty-eight full-page, ready-to-color illustrations from one of the most beautiful books of the early Middle Ages depict Celtic spirals and interlacings, celestial figures, saints, Celtic crosses, and other finely detailed elements.

Last Days: Zombie Apocalypse Ash Barker, 2018-06-28 *Last Days: Zombie Apocalypse* is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish

near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face – mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Oathmark Joseph A. McCullough, 2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

The Umbrella Ingrid Schubert, 2017-09-07 On a windy day, a little dog finds an umbrella in the garden. Just when the dog picks up the umbrella, it catches the wind and pulls the dog up into the sky. This is the start of a fantastic journey around the world. The wind carries the umbrella and the dog all over the world, from the desert to the sea, from the jungle to the North Pole. . .

Battletech Compendium FASA Corp, 1995-09 BattleTech

celebrates its tenth anniversary with the BattleTech Compendium: the Rules of Warfare, the ultimate guide to combat in the 31st century. All the rules needed to simulate exciting conflicts between BattleMechs, vehicles, and infantry are included, revising and streamlining material from BattleTech, 3rd Edition, CityTech, 2nd Edition, and the original BattleTech Compendium. The Rules of Warfare also contains a concise history of the BattleTech universe and its movers and shakers, several new BattleMech and OmniTech designs, rules for miniatures play, and full-color illustrations.

Mughal Painter of Flora and Fauna Ustād Maṣūf Som Prakash Verma, 1999 This volume follows *Mughal Painters and their Work-A Biographical Survey and Comprehensive Catalogue* (Oxford University Press, New Delhi, 1994), the first comprehensive book of reference on the work of nearly 200 Mughal painters; and has been conceived to provide readers much information on the Mughal painting through the contribution of individual master painters. Need not say ample information is available about the artists of the Mughal atelier (sixteenth-seventeenth centuries). Yet, to date, except for some articles on a few painters, no book has been published on individual artist. Ustad Mansur, a keen observer of nature endowed with almost Euclidean intellect, deserved a more detailed study to re-evaluate his merit as an artist whose achievement in naturalistic portraiture of a large number of species from the world of flora and fauna has remained unsurpassed till today. Our attempt is to enter into the very creative process of this great Mughal painter; to relive in his times and environment, in order to discover real Mansur. The whole

panorama of Mansur's portraits of birds, animals and flowers set in marvellously and uniquely laid background represents, in his true spirit and characteristics, the very quintessence of nature's endless variety of creation and beauty. Part I provides historical and artistic context in which Ustad Mansur worked. Information about him has been gleaned from original texts (principally Persian historical sources), supplemented by the evidence of artist's own work. Part II comprises the plate section of representative eighteen miniatures that illustrate our painter's style and his specialisation in painting. The appendix further enhances the value of this work since it provides correct rendering of contemporary inscriptions and determines genuine signatures and contemporary ascriptions. The volume is richly illustrated with a large number of black-and-white and colour illustrations. These illustrate the art and style of Ustad Mansur Nadir u'l 'Asr (Unequalled of the Age), the most illustrious naturalist painter of India. It will naturally be of interest to students of art and natural history. It is also recommended to persons curious to know about the Mughal times. It is hoped that other volumes on individual Mughal painters will follow' and monographs on their lives and work with a critical valuation will be available.

Vera Susan Seid, 2010-09-01 Legendary designer and artist Vera Neumann (1907-1993) believed in art's ability to inspire and enrich lives. An innovator and one of the most successful female entrepreneurs of her time, Vera built her company on a radical philosophy: fine art should be accessible to everyone, not just a select few. Known for her iconic images of cheerful flowers, trendy geometrics, and vibrant ladybugs, she believed people should surround themselves with beauty. For the first time, *Vera: The Art and Life of an Icon*, tells her inspiring story through the art and designs she created. In this volume, richly illustrated with Vera's original sketches, paintings, and photographs of her worldwide travels, readers are introduced to the amazing woman behind the dynamic designs that continue to inspire and influence art, design,

and fashion.

Tamu Nature Guides Elizabeth Cary Mungall, 2007 Featuring eighty different kinds of hoofed mammals, this field guide covers common exotics, such as blackbuck antelope and fallow deer, some less common species like scimitar-horned oryx, and a few newer arrivals like defassa waterbuck.

Oathmark: Bane of Kings Joseph A. McCullough, 2021-06-24 Time is the bane of all kings. Always does it march forward, bringing change and challenges, wars and disasters, invaders and internal rebellion. This supplement for Oathmark: Battles of the Lost Age, focuses on the passage of time and its effect on a players kingdom. While wars and battle still determine their ultimate fate, many other events can affect the armies of a kingdom. Plagues and blights can reduce access to soldiers from specific territories. Attempted coups can cost a king some of his best generals. On the other hand, unexpected alliances might give a kingdom access to unusual troops, or the birth of a new heir might bring wondrous presents. Along with the rules for the passing of years, this book also presents the option to train your units to fight in special formations, such as phalanxes, shield walls, and skirmish lines. These will allow players to use their existing armies to try out new strategies and tactics to swing their battle in their favour. This book also includes several new military expeditions, including numerous scenarios, to once again challenge a player's generalship.
