The Garden Party Katherine Mansfield,2024-04-26 »The Garden Party« is a short story by Katherine Mansfield, first published in 1922. KATHERINE MANSFIELD, actually Kathleen Mansfield Beauchamp (later Murry), was born in 1888 in Wellington, New Zealand, and died in 1923 as a result of her pulmonary tuberculosis at a hospital near Fontainebleau, France. Mansfield left her homeland at the age of 19 and moved to Europe. In London, she established herself as a writer and became friends with Virginia Woolf and D.H. Lawrence. Rumour has it that the latter infected her with the lung disease that became her demise, at the young age of 35.

John Derian Picture Book John Derian,2016-10-04 New York Times Bestseller Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian’s home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachussetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump’s in the United States;

Conran and Liberty in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupaged with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between commerce and art, and that is destined to become the gift book of the season.

Paper Modelling (Yesterday's Classics) Mildred Swannell,2021-09-28 An introduction to a handicraft for young children that strengthens skills of paper folding, paper cutting and pasting, and ruler drawing while constructing models from paper. Plans for 44 models are included in the book, some simpler and others more complex. The first ten models start with a square piece of paper to form simple objects such as a box and a basket, or more complex ones such as a cart or a barn. Next come 23 models that begin as oblongs, and a final 11 from various irregular shapes. Detailed instructions accompany the plans. Rather than a series of projects to be worked through from beginning to end, consider starting with projects with a few simple pieces and few instructions, and then, as skills increase, choosing projects that match your skill level and catch your fancy. This edition differs from the original in having each model on its own page or pagespread, with instructions for each component placed as closely as possible to its graphic representation. The dimensions on the plans match the dimensions in the instructions and are sized to be easily readable. The components in each plan are represented as large as possible on the page, while still in proportion to each other, so the dimensions on the plans will seldom match the measurements on your ruler.
