The Cuba Review , 1918

The Day of the Jackal Frederick Forsyth, 1995 The story of an anonymous Englishman who, in the spring of 1963, was hired by the Operations Chief of O.A.S. to assassinate General de Gaulle.

The Years Annie Ernaux, 2017-11-21 WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE Shortlisted for the 2019 Man Booker International Prize Considered by many to be the iconic French memoirist's defining work and a breakout bestseller when published in France in 2008 *The Years* is a personal narrative of the period 1941 to 2006 told through the lens of memory, impressions past and present—even projections into the future—photos, books, songs, radio, television and decades of advertising, headlines, contrasted with intimate conflicts and writing notes from 6 decades of diaries. Local dialect, words of the times, slogans, brands and names for the ever-proliferating objects, are given voice here. The voice we recognize as the author's continually dissolves and re-emerges. Ernaux makes the passage of time palpable. Time itself, inexorable, narrates its own course, consigning all other narrators to anonymity. A new kind of autobiography emerges, at once subjective and impersonal, private and collective. On its 2008 publication in France, *The Years* came as a surprise. Though Ernaux had for years been hailed as a beloved, bestselling and award-winning author, *The Years* was in many ways a departure: both an intimate memoir written by entire generations, and a story of generations telling a very personal story. Like the generation

before hers, the narrator eschews the I for the we (or they, or one) as if collective life were inextricably intertwined with a private life that in her parents' generation ceased to exist. She writes of her parents' generation (and could be writing of her own book): From a common fund of hunger and fear, everything was told in the we and impersonal pronouns. Co-winner of the 2018 French-American Foundation Translation Prize in Nonfiction Winner of the 2017 Marguerite Yourcenar Prize for her entire body of work Winner of the 2016 Strega European Prize

Godard On Godard Jean-luc Godard, 1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du Cinéma* to his later writings for *Cahiers du Cinéma*, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil,

and to chart new directions for cinema and for critical thought about its history.

Gaston Grummer Philippe Grummer, Laurent Friry, 2017-12-15 The years between the two World Wars was an extraordinary period for the French luxury car trade and during this time, Carrosserie Gaston Grümmer was one of the leading coach building houses in Paris. Descended from a long line of coach builders, Gaston Grümmer was the son of Antoine-Joseph whose company, J. Grümmer formerly V. Morel, produced first, from 1845, exceptional horse-drawn carriages and from the 1890s automotive bodies. Trained in the family business before World War I, Gaston Grümmer, spent the war as a soldier, first on horseback and in the trenches and then in the air as a pilot. At the end of hostilities, he brilliantly re-launched the family business transforming it into the Société Anonyme des Etablissements Grümmer. As the company moved towards the production of series bodywork for various manufacturers, Gaston decided that he wanted to break away to build custom cars and in 1924 he created his own company under the name of Carrosserie Gaston Grümmer. For the next ten years he achieved great success on both aesthetic and technical levels. Thanks to recently discovered and previously unpublished archives, his son, Philippe Grümmer, in association with one of the best French automotive historians, Laurent Friry, takes us back to this glorious period during the Roaring Twenties recalling the major events of the Concours d'Elégance and Les Salons de l'Auto, and describes the bodies that Gaston Grümmer produced for the chassis of around 54 manufacturers and the hundred or so prizes which he won. Illustrated with photographs, press articles and period documents, including the reproduction of a series of design drawings, this reference book on bodywork of the time is a must for any student of the period.

Moments Parfaits in Paris ,2017-11 Part memoir and part visual journey, Moments Parfaits in Paris is a collection of forty vignettes that relates a very personal way of experiencing one of the most photographed cities in the world. Sylvaine Lang travels to her beloved city several times a year; each visit triggers vivid recollections of her childhood and student days, the people who shaped her life and the strangers she met, the amusing episodes and the tribulations of travel, even when the destination is quite familiar. Each story pairs one of her own photographs and an anecdote. Sylvaine's photography stays clear of the typical monumental approach and presents her Paris in an intimate way. The Eiffel Tower is seen through her dirty hotel window, the rabbit in the métro station looks at her expectantly, the glass ceiling of a famous brasserie magically appears in her cup of tea. Serendipity and old memories mesh and weave yet another perfect moment. All the venues are indicated on a map for easy reference. Each vignette includes historical notes and travel tips to invite future visitors to discover Paris with a new set of eyes.

The Social Structures of the Economy Pierre Bourdieu, 2014-03-10 Much orthodox economic theory is based on assumptions which are treated as self-evident: supply and demand are regarded as independent entities, the individual is assumed to be a rational agent who knows his interests and how to make decisions corresponding to them, and so on. But one has only to examine an economic transaction closely, as Pierre Bourdieu does here for the buying and selling of houses, to see that these abstract assumptions cannot explain what happens in reality. As Bourdieu shows, the market is constructed by the state, which can decide, for example, whether to promote private housing or collective provision. And the individuals involved in the transaction are immersed in symbolic constructions which constitute, in a strong sense, the

value of houses, neighbourhoods and towns. The abstract and illusory nature of the assumptions of orthodox economic theory has been criticised by some economists, but Bourdieu argues that we must go further. Supply, demand, the market and even the buyer and seller are products of a process of social construction, and so-called 'economic' processes can be adequately described only by calling on sociological methods. Instead of seeing the two disciplines in antagonistic terms, it is time to recognize that sociology and economics are in fact part of a single discipline, the object of which is the analysis of social facts, of which economic transactions are in the end merely one aspect. This brilliant study by the most original sociologist of post-war France will be essential reading for students and scholars of sociology, economics, anthropology and related disciplines.

A Woman's World Tour in a Motor Harriet White Fisher, 1911 Account of a journey by motor car through India, China, and Japan by Harriet White Fisher in 1909-1910. Fisher describes her journey as the trip of a woman who had grown a little weary of the details of a useful but somewhat heavy business (her company manufactured anvils!), and sought recreation under India's burning sun, in Ceylon, China, Japan, in many places where no motor car had ever taken man or woman before. Her adventure attracted hundreds of excited spectators in cities around the world and was the subject of dozens of contemporary newspaper articles.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he

is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Migration Policymaking in Europe Giovanna Zincone, Rinus Penninx, Maren Borkert, 2011 Deze studie ontwikkelt een geheel nieuwe benadering van het vraagstuk: Hoe wordt migratie- en integratiebeleid in tien Europese landen gemaakt? Wie is daarbij betrokken? Welke invloed hebben wetenschappers en maatschappelijke partners op de vorming en uitvoering van beleid? De auteurs concluderen dat beleid begrepen moet worden als resultaat van nationale historische verhoudingen en opvattingen binnen nationale contexten enerzijds, en anderzijds ontstaan is onder invloed van wereldwijde en supra-nationale

invloeden.

Le Tumulte Noir Jody Blake,1999-01-01 Jody Blake demonstrates in this book that although the impact of African-American music and dance in France was constant from 1900 to 1930, it was not unchanging. This was due in part to the stylistic development and diversity of African-American music and dance, from the prewar cakewalk and ragtime to the postwar Charleston and jazz. Successive groups of modernists, beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists and Purists in the 1920s, constructed different versions of la musique and la danse negre. Manifested in creative and critical works, these responses to African-American music and dance reflected the modernists' varying artistic agendas and historical climates.

A Year in Provence Peter Mayle,2010-05-19 NATIONAL BESTSELLER • In this witty and warm-

hearted account, Peter Mayle tells what it is like to realize a long-cherished dream and actually move into a 200-year-old stone farmhouse in the remote country of the Lubéron with his wife and two large dogs. He endures January's frosty mistral as it comes howling down the Rhône Valley, discovers the secrets of goat racing through the middle of town, and delights in the glorious regional cuisine. *A Year in Provence* transports us into all the earthy pleasures of Provençal life and lets us live vicariously at a tempo governed by seasons, not by days.

The Simpsons and Philosophy William Irwin, Mark T. Conard, 2001-02-01 This unconventional and lighthearted introduction to the ideas of the major Western philosophers examines The Simpsons — TV's favorite animated family. The authors look beyond the jokes, the crudeness, the attacks on society — and see a clever display of irony, social criticism, and philosophical thought. The writers begin with an examination of the characters. Does Homer actually display Aristotle's virtues of character? In what way does Bart exemplify American pragmatism? The book also examines the ethics and themes of the show, and concludes with discussions of how the series reflects the work of Aristotle, Marx, Camus, Sartre, and other thinkers.

Paris to the Moon Adam Gopnik, 2001-12-18 Paris. The name alone conjures images of chestnut-lined boulevards, sidewalk cafés, breathtaking façades around every corner--in short, an exquisite romanticism that has captured the American imagination for as long as there have been Americans. In 1995, Adam Gopnik, his wife, and their infant son left the familiar comforts and hassles of New York City for the urbane glamour of the City of Light. Gopnik is a longtime New Yorker writer, and the magazine has sent

its writers to Paris for decades--but his was above all a personal pilgrimage to the place that had for so long been the undisputed capital of everything cultural and beautiful. It was also the opportunity to raise a child who would know what it was to romp in the Luxembourg Gardens, to enjoy a croque monsieur in a Left Bank café--a child (and perhaps a father, too) who would have a grasp of that Parisian sense of style we Americans find so elusive. So, in the grand tradition of the American abroad, Gopnik walked the paths of the Tuileries, enjoyed philosophical discussions at his local bistro, wrote as violet twilight fell on the arrondissements. Of course, as readers of Gopnik's beloved and award-winning Paris Journals in The New Yorker know, there was also the matter of raising a child and carrying on with day-to-day, not-so-fabled life. Evenings with French intellectuals preceded middle-of-the-night baby feedings; afternoons were filled with trips to the Musée d'Orsay and pinball games; weekday leftovers were eaten while three-star chefs debated a culinary crisis. As Gopnik describes in this funny and tender book, the dual processes of navigating a foreign city and becoming a parent are not completely dissimilar journeys--both hold new routines, new languages, a new set of rules by which everyday life is lived. With singular wit and insight, Gopnik weaves the magical with the mundane in a wholly delightful, often hilarious look at what it was to be an American family man in Paris at the end of the twentieth century. We went to Paris for a sentimental reeducation-I did anyway-even though the sentiments we were instructed in were not the ones we were expecting to learn, which I believe is why they call it an education.

The May 1968 Events in France Keith A. Reader, Khursheed Wadia, 2016-07-27 The multiple impact of the May 1968 events in France is here reviewed and analysed, initially through a narrative account of the

events themselves and then through a systematic survey of the various manners in which they have been interpreted and reproduced in France. This covers successively political, social/sociological, and cultural texts - first-hand accounts along with works by political activists and academic social scientists - before moving to a consideration of fictional works (novels and feature films) dealing with or set during the events.
