Harry Victor Frederick Winstone

Tutankhamun and the Tomb That Changed the World

Bob Brier, 2022 Brier illustrated the wide-ranging impact that the discovery of Tutankhamun's tomb has had since its opening in 1922. It has influenced Egyptian politics; raised great sums of monies for museums around the world; and started endless debates on Tutankhamun's life as a warrior, the cause of his death, and more. -- adapted from jacket

Tutankhamun's Funeral Herbert E.

Winlock, Metropolitan Museum of Art (New York, N.Y.), 2010 In 1907, more than a decade before the discovery of Tutankhamun's tomb, archaeologists unearthed remains from the mummification and funeral of the pharaoh, who ruled ancient Egypt in the 14th century B.C. Now in the collection of The Metropolitan Museum of Art, these materials provide physical evidence of burial rites of the now-legendary king, who is making headlines once again after new scientific investigations to determine the cause of his early death. *Tutankhamun's Funeral* includes a classic text written in 1941 by Herbert E. Winlock, one of the early 20th century's leading Egyptologists, featuring in-depth analysis of the objects and their significance. In addition, an introduction and appendix by Dorothea Arnold update the findings with recent scholarship. The book is illustrated throughout with new color photography as well as many historical images and drawings.

Howard Carter and the Discovery of the Tomb of Tutankhamun Harry Victor Frederick Winstone, 1991

Tutankhamun and the Golden Age of the Pharaohs

Zahi A. Hawass, 2005 A guide to an exhibition of some of the artifacts found in the tomb of Tutankhamun, discussing the life and death of the young king, daily life in ancient Egypt, and ancient Egyptian religion and funerary practices.
