*"Slowly, Slowly, Slowly," said the Sloth* Eric Carle, 2007-05-10 Slowly, slowly, slowly . . . that's the way the sloth moves. Slowly, it eats and then, slowly, it falls asleep. What strange kind of creature is this? the other animals wonder. Why doesn't it run or fly or play or hunt like the rest of us? Why are you so slow? the howler monkey inquires. But the sloth doesn't answer any questions until the jaguar asks, Why are you so lazy? Anyone who has ever felt too busy will appreciate the sloth's peaceful lifestyle and realize that it's okay to take time to enjoy life. Eric Carle's dazzling collage illustrations introduce readers to the exotic beauty of the Amazon rain forest and the many unusual animals living there.

### See You Later, Alligator Sally

Hopgood, 2016-09-20 A departing tortoise has his bags packed and is almost ready to set out on an adventure, but he can't leave until he says good-bye to each of his animal friends. The tortoise stops for every last timid mouse and bumblebee, shouting his rhyming good-byes, making you wonder if, perhaps, he's stalling the start of his trip. His animal friends appear startled as he suddenly pops up on each page to say adieu—especially the perplexed rhinoceros the tortoise mistakes for a unicorn! With each farewell, the tortoise's good-byes get sillier and more creative. When will the good-byes end and the adventure begin? See You Later, Alligator is a silly story with bright, engaging illustrations and expressive, rhyming text that children will want to read—and giggle through—again and again. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter

books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**The Crocodile Who Didn't Like Water** Gemma Merino, 2021-04-27 A refreshed edition of the funny and uplifting bestselling classic, about a crocodile who might not be a crocodile at all, from the award-winning Gemma Merino.

**Kitty Cornered** Bob Tarte, 2012-04-10 Bob Tarte had his first encounter with a cat when he was two and a half years old. He should have learned his lesson then, from Fluffy. But as he says, "I listened to my heart instead, and that always leads to trouble." In this tell-all of how the Tarte household grew from one recalcitrant cat to six—including a hard-to-manage stray named Frannie—Tarte confesses to allowing these interlopers to shape his and his wife's life, from their dining habits to their sleeping arrangements to the placement and furriness of their furniture. But more than that, Bob begins seeing Frannie and the other cats as unlikely instructors in the art of achieving contentment, even in the face of illness and injury. Bewitched by the unknowable nature of domesticated cats, he realizes that sometimes wildness and mystery are exactly what he needs. With the winning humor and uncanny ability

to capture the soul of the animal world that made *Enslaved by Ducks* a success, Tarte shows us that life with animals gives us a way out of our narrow human perspective to glimpse something larger, more enduring, and more grounded in the simplicities of love—and catnip.

### **Mind-Blowing Modular Origami** Byriah

Loper, 2016-10-11 Modular origami is the latest craze in paper folding! These three-dimensional models are created from a number of small pieces of paper that are easily folded and then cleverly fit together to form a spectacular shape. They range from paper polyhedra to bristling buckyballs that are reminiscent of sea urchins—to ornate flower-like spheres. Each piece of paper is held by the tension of the other papers—demonstrating the remarkable hidden properties of paper, which is at the same time flexible but also strong!

Author Byriah Loper has been creating modular origami sculptures for just five years, but in that time, he's pushed the upper limits of the art form with some of the largest, most complex geometric paper constructions ever assembled. While many geo-modular origami artists focus on creating dense floral spheres, Byriah has pioneered the open, linear wire frame approach, which results in a very complex-looking model that reveals the interior of its form. He exhibits his sculptures annually at the Origami USA convention in New York, and was recently a featured artist at the Surface to Structure exhibition at the Cooper Union gallery in the East Village. A great way to learn origami, the easy-to-follow diagrams and step-by-step instructions in this book show you how to fold the paper components and then assemble them to create 22 incredible models. Each model is a new challenge, and the paper sculptures you create look fantastic on your desk or shelf!

**Mamasaurus** Stephan Lomp, 2016-03-08 Babysaurus is looking for his mamasaurus and meets different prehistoric animals along the way.

Wave Sonali Deraniyagala, 2013-03-05 A brave, intimate, beautifully crafted memoir by a survivor of the tsunami that struck the Sri Lankan coast in 2004 and took her entire family. On December 26, Boxing Day, Sonali Deraniyagala, her English husband, her parents, her two young sons, and a close friend were ending Christmas vacation at the seaside resort of Yala on the south coast of Sri Lanka when a wave suddenly overtook them. She was only to learn later that this was a tsunami that devastated coastlines through Southeast Asia. When

the water began to encroach closer to their hotel, they began to run, but in an instant, water engulfed them, Sonali was separated from her family, and all was lost. Sonali Deraniyagala has written an extraordinarily honest, utterly engrossing account of the surreal tragedy of a devastating event that all at once ended her life as she knew it and her journey since in search of understanding and redemption. It is also a remarkable portrait of a young family's life and what came before, with all the small moments and larger dreams that suddenly and irrevocably ended.

*New Jersey's Lost Piney Culture* William J. Lewis, 2021-01-25 Deep within the heart of the New Jersey Pine Barrens, the Piney people have built a vibrant culture and industry from working the natural landscape around them. Foraging skills learned from the local Lenapes were passed down through generations of Piney families who gathered many of the same wild floral products that became staples of the Philadelphia and New York dried flower markets. Important figures such as John Richardson have sought to lift the Pineys from rural poverty by recording and marketing their craftsmanship. As the state government sought to preserve the Pine Barrens and develop the region, Piney culture was frequently threatened and stigmatized. Author and advocate William J. Lewis charts the history of the Pineys, what being a Piney means today and their legacy among the beauty of the Pine Barrens.

This 9 X 9 jacketed hardcover has die-cut cardstock pages.

*The Cinnamon Shops and Other Stories* Bruno Schulz, 2016-01-17 In *The Cinnamon Shops and Other Stories*, Bruno Schulz describes in fantastical, mythologised terms the cloth merchant's shop where he grew up and the bizarre antics of his father, such as turning the attic into an aviary and expounding strange theories on mannequins. Two sides of the Galician town of Drohobycz are seen: the old town full of ancient mystery is contrasted with newer districts that have sprung up in response to oil mining in the area. The language is poetic, heady and oneiric, employing a rich system of imagery incorporating books and labyrinths.

*Silly Little Animals All Day Long* Marie Fordacq, 2015-08-04 There's a hustle and a bustle. All the animals are ever so busy. But why? Find out by spending the day with Robinson Bear and five daffy friends as they prepare for . . . Exactly. There's terrific visual storytelling to stimulate a child's natural curiosity and nine sturdy puzzle cubes to be assembled into six hilarious scenes that will promote sequencing abilities, encourage abstract visual thinking, and

develop hand-eye-coordination. But delightfully whimsical art, by cutting-edge design studio Paper&Cloth, ensures that here's a package that will always be fun, fun, fun!

**Godard On Godard** Jean-luc Godard, 1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for La Gazette du Cinéma to his later writings for Cahiers du Cinéma, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of Breathless, A Woman Is a Woman, My Life

to Live, Alphaville, La Chinoise, and Weekend, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.
