Adam Ferguson

Desert Oracle Ken Layne, 2020-12-08 The cult-y pocket-size field guide to the strange and intriguing secrets of the Mojave—its myths and legends, outcasts and oddballs, flora, fauna, and UFOs—becomes the definitive, oracular book of the desert For the past five years, Desert Oracle has existed as a quasi-mythical, quarterly periodical available to the very determined only by subscription or at the odd desert-town gas station or the occasional hipster boutique, its canary-yellow-covered, forty-four-page issues handed from one curious desert zealot to the next, word spreading faster than the printers could keep up with. It became a radio show, a podcast, a live performance. Now, for the first time—and including both classic and new, never-before-seen revelations—Desert Oracle has been bound between two hard covers and is available to you. Straight out of Joshua Tree, California, Desert Oracle is “The Voice of the Desert”: a field guide to the strange tales, singing sand dunes, sagebrush trails, artists and aliens, authors and oddballs, ghost towns and modern legends, musicians and mystics, scorpions and saguaros, out there in the sand. Desert Oracle is your companion at a roadside diner, around a campfire, in your tent or cabin (or high-rise apartment or suburban living room) as the wind and the coyotes howl outside at night. From journal entries of long-deceased adventurers to stray railroad ad copy, and musings on everything from desert flora, rumored cryptid sightings, and other paranormal phenomena, Ken Layne's Desert Oracle collects the weird and the wonderful of the American Southwest into a single, essential volume.

Hell's Teeth James Fahy, 2016-03-22 New Oxford. A third of the human population has been lost. The wars came, and they created a monster. The Pale, a subhuman, vampire-like drone. Then they lost control. In the thirty years that followed, humankind sought to rebuild itself within the walls of

New Oxford. But society had become fractured - humans now lived incongruously among Genetic Others, themselves a group of many subspecies. The most dangerous of them all: the vampires. Somehow, these groups have managed a peaceful co-existence under the controlling government influence of the Cabal. But that is all about to change... When Phoebe Harkness receives a phone call in the middle of the night, things take a turn to the horrifying. Her supervisor at Blue Lab One, a high-security research facility, has gone missing. And all that is left behind: her teeth. Dr Harkness now finds herself in a race against time to stop further bloodshed and uncover the mystery behind the victims of this horrific crime. She must navigate the dark underworld of the vampire community, without becoming someone's prey herself... But she is not alone - on her side, against all odds, is another vampire. Together they must fight for answers before it's too late... *Hell's Teeth* is the gripping first instalment of the urban gothic Phoebe Harkness series. It follows the young doctor as she stalks through the corrupt dystopia of New Oxford. James Fahy lives in the North of England, close to wild moors and adjacent to a haunted wind farm, with his extremely patient and long-suffering family and a very old cat named Gargoyle. When the cat dies, James plans to buy a raven and name it Quoth. He is the author of the Changeling fantasy series, following the adventures of Robin, a seemingly unremarkable boy who is swept up into a war between our world, and the Netherworld, a shadowy realm which lies beyond our own. In addition to fantasy, James also writes Science Fiction, Urban Gothic and Steampunk, for people old enough to know better. Venture Press is a science fiction and fantasy imprint of Endeavour Press, the UK's leading independent digital publisher. We are committed to the discovery and rediscovery of immensely talented authors in the SFF genre, and continue to push boundaries in search of great literature. Join us as we venture across universes and unknown landscapes - past, present and future. Sign up to our newsletter:

Corcoran Gallery of Art Corcoran Gallery of Art, Sarah Cash, Emily Dana Shapiro, Jennifer Carson, 2011 This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

Open Veins of Latin America Eduardo Galeano, 1997 [In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America. -Back cover.

The Clockmaker's Daughter Kate Morton, 2019-05-21 INSTANT NEW YORK TIMES BESTSELLER From the author of the New York Times bestseller *Homecoming*—"An ambitious, compelling historical mystery with a fabulous cast of characters...Kate Morton at her very best." —Kristin Hannah "An elaborate tapestry...Morton doesn't disappoint." —The Washington Post Classic English country-house Goth at its finest. —New York Post In the depths of a 19th-century winter, a little girl is abandoned on the streets of Victorian London. She grows up to become in turn a thief, an artist's muse, and a lover. In the summer of 1862, shortly after her eighteenth birthday, she travels with a group of artists to a beautiful house on a bend of the Upper Thames. Tensions simmer and one hot afternoon a gunshot rings out. A woman is killed, another disappears, and the truth of what happened slips through the cracks of time. It is not until over a century later, when

another young woman is drawn to Birchwood Manor, that its secrets are finally revealed. Told by multiple voices across time, this is an intricately layered, richly atmospheric novel about art and passion, forgiveness and loss, that shows us that sometimes the way forward is through the past.

Mud Vein Tarryn Fisher, 2016-05-03 When reclusive novelist Senna Richards wakes up on her thirty-third birthday, everything has changed. Caged behind an electrical fence, locked in a house in the middle of the snow, Senna is left to decode the clues to find out why she was taken. If she wants her freedom, she has to take a close look at her past. But, her past has a heartbeat...and her kidnapper is nowhere to be found. With her survival hanging by a thread, Senna soon realizes this is a game. A dangerous one. Only the truth can set her free.

F*ck That Jason Headley, 2016-04-12 Like a yoga class you can hold in your hand, a beautiful, full-color guide to letting sh*t go Our world is filled with annoyances, and sometimes you need a little dose of humor to cope with the news cycle, your irritating co-worker, or that telemarketer who won't stop calling. This refreshingly honest self-help book will guide you through a meditation to "breathe in strength, and breathe out bullsh*t." An excellent gift for yourself or others, F*ck That is the very embodiment of modern-day self-care. May it help you find peace with the challenges that surround you...because they are f*cking everywhere. Based on the viral video that had everyone from yogis to workaholics raving, F*ck That is the completely truthful and oddly tranquil guide to relieving stress and achieving inner peace.

Life and Times of Frederick Douglass Frederick Douglass, 1882 Frederick Douglass recounts early years of abuse, his dramatic escape to the North and eventual freedom, abolitionist campaigns, and his crusade for full civil rights for former slaves. It is also the only of Douglass's autobiographies to discuss his life during and after the Civil War, including his encounters with American presidents

such as Lincoln, Grant, and Garfield.

Progress and Poverty Henry George, 1898

Concepts of Biology Samantha Fowler, Rebecca Roush, James Wise, 2018-01-07 Concepts of Biology is designed for the single-semester introduction to biology course for non-science majors, which for many students is their only college-level science course. As such, this course represents an important opportunity for students to develop the necessary knowledge, tools, and skills to make informed decisions as they continue with their lives. Rather than being mired down with facts and vocabulary, the typical non-science major student needs information presented in a way that is easy to read and understand. Even more importantly, the content should be meaningful. Students do much better when they understand why biology is relevant to their everyday lives. For these reasons, Concepts of Biology is grounded on an evolutionary basis and includes exciting features that highlight careers in the biological sciences and everyday applications of the concepts at hand. We also strive to show the interconnectedness of topics within this extremely broad discipline. In order to meet the needs of today's instructors and students, we maintain the overall organization and coverage found in most syllabi for this course. A strength of Concepts of Biology is that instructors can customize the book, adapting it to the approach that works best in their classroom. Concepts of Biology also includes an innovative art program that incorporates critical thinking and clicker questions to help students understand--and apply--key concepts.

The Steampunk Bible Jeff VanderMeer, 2012-06-01 "Wonderful essays on everything steampunk, written by well-known names in the movement who are living steampunk every day" (Wired.com). Steampunk—a grafting of Victorian aesthetic and punk rock attitude onto various forms of science-fiction culture—is a phenomenon that has come to influence film, literature, art, music, fashion, and

more. The Steampunk Bible is the first compendium about the movement, tracing its roots in the works of Jules Verne and H. G. Wells through its most recent expression in movies such as Sherlock Holmes. Its adherents celebrate the inventor as an artist and hero, re-envisioning and crafting retro technologies including antiquated airships and robots. A burgeoning DIY community has brought a distinctive Victorian-fantasy style to their crafts and art. Steampunk evokes a sense of adventure and discovery, and embraces extinct technologies as a way of talking about the future. This ultimate manual will appeal to aficionados and novices alike as author Jeff VanderMeer takes the reader on a wild ride through the clockwork corridors of Steampunk history. Praise for The Steampunk Bible “An informed, informative and beautifully illustrated survey of the subject.” —The Financial Times “The Steampunk Bible is far and away the most intriguing catalog of all things steam yet written.” —The Austin Chronicle

The Other End of the Leash Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can

get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Handmaid's Tale Margaret Atwood, 2017

Fact Stranger Than Fiction John Patterson Green, 1920

The Waves Virginia Woolf, 1998 One of Woolf's most experimental novels, *The Waves* presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various individual parts.

An Essay on the History of Civil Society Adam Ferguson, 1789

Posthumous Poems of Percy Bysshe Shelley Percy Bysshe Shelley, 1824

One of Ours Willa Cather, 2015-08-16 An American Farm Boy In Search Of Meaning “Life was so short that it meant nothing at all unless it were continually reinforced by something that endured; unless the shadows of individual existence came and went against a background that held together.” - Willa Cather, *One of Ours* Claude tries to escapes from his family firm grasp who want him pious and working at their family farm in Nebraska. He marries in his attempt to escape only to realize that his wife is not interested at all in him. That's when another opportunity arises: going overseas and fight for the American army in World War One. This Xist Classics edition has been professionally

formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

How to Fight Presidents Daniel O'Brien, 2014-03-18 Make no mistake: Our founding fathers were more bandanas-and-muscles than powdered-wigs-and-tea. As a prisoner of war, Andrew Jackson walked several miles barefoot across state lines while suffering from smallpox and a serious head wound received when he refused to polish the boots of the soldiers who had taken him captive. He was thirteen years old. A few decades later, he became the first popularly elected president and served the nation, pausing briefly only to beat a would-be assassin with a cane to within an inch of his life. Theodore Roosevelt had asthma, was blind in one eye, survived multiple gunshot wounds, had only one regret (that there were no wars to fight under his presidency), and was the first U.S. president to win the Medal of Honor, which he did after he died. Faced with the choice, George Washington actually preferred the sound of bullets whizzing by his head in battle over the sound of silence. And now these men—these hallowed leaders of the free world—want to kick your ass. Plenty of historians can tell you which president had the most effective economic strategies, and which president helped shape our current political parties, but can any of them tell you what to do if you encounter Chester A. Arthur in a bare-knuckled boxing fight? This book will teach you how to be better, stronger, faster, and more deadly than the most powerful (and craziest) men in history. You're welcome.

What Can I Do Today? Allison Stoutland, 2005-10-15 A child's lemonade stand sets off a chain-

reaction of kind deeds. From the neighborhood to the classroom, at work and at play, its the little things we do that have the biggest effect on others. Come along as this chain of unassuming actions makes its way from the neighborhood into the community and beyond, happying hearts along the way. What Can I Do Today? reminds children and adults alike to look for opportunities each day to make this world a happier place, one kind deed at a time!
