We Cry in Silence Smita Sharma,2022-06-07 Photojournalist Smita Sharma started investigating child trafficking in 2015, when she met Meena, a young schoolgirl from West Bengal, India, who was seduced by a man who approached her while walking to school. With gifts and a promise of marriage, he enticed her to run away with him in just a few days. A week later Meena found herself locked in a brothel 1,000 miles from her home. We Cry In Silence is a result of a six year investigation by Sharma where she documented cross border trafficking of minor girls in India and Bangladesh for sex work. The book will also include a chapter on the under-reported issue of trafficking of indigenous girls for domestic servitude. Using darkness to bring her subjects' stories to light, Sharma creates a space for nuanced storytelling on this complex global issue of modern day slavery.A part of this project was commissioned and published globally as Stolen Lives by National Geographic Magazine in October 2020.Stolen Lives was awarded at the Amnesty International Media Awards in the photojournalism category in 2021.

Wounded Kiss Willow Winters, From USA Today best-selling author, Willow Winters, comes a tempting tale of fated love, lust-filled secrets and the beginnings of an epic war. His chiseled jaw and silver gaze haunts both my nightmares and my dreams, though I’ve only ever gotten a glimpse of either. There’s a treaty between us and them; mere mortals and the ones who terrify but keep us safe. The contract demands that every year there’s an offering and this year I’ll walk across that stage presenting myself. We have no idea what to expect if they choose someone, since they haven’t done so in generations. The only thing we know is that the ones they take belong to them forevermore. If chosen, you don’t come back, or so the story of the treaty goes. Gather and present yourself. This is the offering and I ... belong to him.

Cute Mutants Vol 1 Sj Whitby,2020-08 My name is Dylan Taylor, human incarnation of the burning dumpster gif, and this is my life. I always wanted to be an X-Man. Except people and me never got along, and apparently you need social skills to run a successful team. Cue Emma Hall's party. One hot make out session with the host herself, and I can talk to objects like my pillow (who's far too invested in my love life) and my baseball bat (who was a pacifist before I got hold of him). Now there's a whole group of us with strange abilities, including super hot ice queen Dani Kim who doesn't approve of how reckless I can be. The bigger problem is a mysterious mutant causing unnatural disasters, and we're the ones who have to stop him. Except trying to make a difference makes things blow up in my face and the team's on the verge of falling apart. Can I bring them back together in time to stop the villain from taking revenge? Have I mentioned I'm not a people person? Magneto help us.

Now the author of The Secret Swan delivers a gift from the sea: three hauntingly beautiful tales connected by a legend, a locket, and a love beyond time. 531 a.d.: The tiny island of Kell is said to be enchanted, inhabited by an extraordinary creature who comforts shipwrecked sailors passing into the next world. Prince Aedan of the Isles believes in no such nonsense—until he awakens on Kell itself and meets the sensuous siren who rescued him from the sea. 1721: Ronan MacMhuirich, Earl of Kell, is the target of an unlikely assassin: Leila, a mysterious woman from an exotic land. But his irresistibly beautiful would-be slayer is in just as much danger as Ronan when she falls for this man with a magic of his own. 2004: What do you do when you inherit a Scottish island you never knew existed—and find yourself pursued by a handsome stranger who wants to buy it from you? That’s what happens to Ruri Kell when she accepts Iain MacInnes’s invitation to visit her birthright, and listens to a proposition as sinfully tempting as everything else about him. Three seductive love stories, three passionate couples, all linked by one of the most romantic myths of all.
