This book catalogs the Maranello factory's output: more than 180 designs are illustrated with both artworks and photographs. Ferrari Alan Henry,1984-01-01

Ferrari Racecars 1966-1983 William Taylor,2013-12-01 Taken by motor sports photographer Ian Catt, the historic images are an accumulation of twenty years of being at the right place at the

right time, capturing the very essence of both Formula 1 and World Championship Sportscar racing during this heady period. Working for a leading sponsor Ian had the chance to capture the cars both in motion on the track, as well as in the pits and paddock, where he could 'get up close' to both the cars and drivers.

The Ferrari Book Günther Raupp, Werner Schruf, 2013 The Ferrari Book showcases the dream cars that have established the uniqueness of Ferrari--from the 166 SC all the way up to the current Supercar 'LaFerrari'. Gunther Raupp's strongly atmospheric images create incredibly compelling impressions that linger. 'One must first imagine a car,' stated Enzo Ferrari. Nobody creates pictures worthy of the Commendatore's imagination quite like Gunther Raupp. Not just a random flood of images, this internationally renowned automotive photographer's artworks capture the seductive essence of these status symbols from Maranello--maintaining the legendary Ferrari lustre. Since 1984, Raupp has been the exclusive photographer for its official calendars--now collectible cult objects. Recently, a major exhibition in the World Cultural Heritage Site of the Volklingen Ironworks was dedicated to his photographs, their almost surreal effects and striking use of backlighting. In 2008 teNeues published Raupp's successful Ferrari. 25 Years of Calendar Images. With The Ferrari Book Gunther Raupp adds an exciting, exclusive collector's item to our line of high quality car books. ILLUSTRATIONS: 250 colour photographs.

Ferrari. All the Cars Leonardo Acerbi, 2005

Ferrari 250 LM James Page, 2019-07-02 The Ferrari 250 LM was born of controversy. Enzo Ferrari wanted this compact mid-engined coupe to qualify as a GT car for world championship racing. The FIA, motor sport's rule-makers, disagreed and this new model, of which just 32 were made, was forced to run as a sports-prototype in 1964 and 1965. To everyone's surprise, the LM was to dominate

the Le Mans 24 Hour race in 1965. 6313, entered by Ecurie Francorchamps, led for much of the race and finished second after a tyre failure in the closing stages. It was the high-spot of a busy season for a car that, 54 years later, is well-known as a successful contender in historic car racing. Author James Page covers the genesis of the 250 LM and its development, its technical details and specification, and the ongoing row about its homologation as a GT car. 6313 was driven at Le Mans in 1965 by Pierre Dumay and Gustave Gosselin, and led the race through Saturday night and Sunday morning, only to suffer a tyre blow-out with less than three hours to the finish, allowing the NART 250 LM of Jochen Rindt and Masten Gregory to take victory. For many years the identity of 6313 was confused with its team-mate 6023. Detective work by Ferrari specialist Keith Bluemel, consultant on this book, clarified the situation. This book unravels the mystery. The book is profusely illustrated with period photographs and documents, and a gallery of studio photographs of the car as it is today.

The Ferrari Legend Antoine Prunet, 1981-01 This epigram, usually applied to horse racing, could have equally been devised for Enzo Ferrari and the men of Maranello whose cars bear the badge of the prancing horse. With 23 World Championship titles behind them, the sleek and powerful Italian cars have established a record second to none. Ferrari Sports, GT and pure racing cars have forged an incomparable reputation over the years, and it is largely the expertise born of this experience which has made their road going equivalents so prestigious and desirable. From the Tipo 125 Sport of 1946 to the 308, Ferrari have made more high performance cars - over 500 variants - than any other marque. Some are legendary, such as the 250 GT, the Daytona or the Berlinetta Boxer, but many older models are often forgotten, some now almost totally unknown. In this lavishly illustrated and superbly produced book (as only befits one about such a superb marque), Antoine Prunet examines each of the road cars in detail. Containing 450 pages and over 500 illustrations - many in full colour -

The Ferrari Legend pays due tribute to the designers and engineers of Maranello as well as to the coachbuilders who have made them so visually dramatic and appealing.

Ferrari. All the cars. A complete guide Leonardo Acerbi, 2008

MILLE MIGLIA Leonardo Acerbi, 2015-09-15 For 30 years from 1927 until 1957 the real Mille Miglia was the race of excellence. A unique event of over 1,600 kilometres across Italy, the stars of which were some of the world's greatest car manufacturers, among them Alfa Romeo, Mercedes-Benz, Maserati, Ferrari, Jaguar and Aston Martin. And their cars were driven, naturally, by some of the equally great champions of the time, like Tazio Nuvolari, Achille Varzi, through to Juan Manuel Fangio and Stirling Moss as well as Alberto Ascari, Clemente Biondetti, Piero Taruffi and many others. Count Giannino Marzotto won the race twice in Ferraris in 1950 and 1953 and said the Mille Miglia was a synthesis of dynamism, freedom, challenge, courage and calculation. The story, or better the stories, of that legendary race live again in this book, which tells the tales of the classic Bresciana, first of all through hundreds of pictures, most of them never previously published. The text has been written by Leonardo Acerbi, who also wrote Mille Miglia Story 1927-1957.

Ferrari Fever Marc Sonnery, Paul F. Schouwenburg, 2014-01-31 Ferrari Fever is a fascinating and nostalgic look back at the classic car collecting scene in the 60's and 70's, an era when some of the rarest and most interesting Italian automobiles could still be found hidden or languishing in barns, junkyards or by the side of the road...almost lost in time. Paul Schouwenburg's story begins in wartime occupied Amsterdam, a poignant backdrop to the hardships of the years to follow, when the appearance of any exotic Italian thoroughbred was a rare sight indeed. Fuelled by a fascination for all things mechanical, adventures on a Rudge bicycle and early experiences in his parents' succession of

Rovers, Paul gains a burning passion for finding, restoring, and ultimately racing Italian cars. But these were not just any Italian cars -from the early 60s onwards, he begins to uncover several rare Alfas, from 1900CSS Zagato to Tipo 33/2, in addition to a host of very special Ferraris, including a 250GTO, 340 America Touring, 250 MM Vignale Berlinetta, 250GT SWB Competition/61 and 275GTB/C/LM, usually by word of mouth or tenuous rumour. Having acquired them, often many different models at a time, he would drive them home across Europe through snow storms, and restore them single-handedly in his spare time, full-time job as a world-leading head and neck cancer surgeon permitting! If that wasn't exciting enough, he would then race them, often winning, before moving on to the next irresistible project. Filled with rich anecdotes and rare insights into the colourful characters of the day, including Jacques Swaters and Rob de la Rive Box, Paul's passion and incredible drive make for exciting reading. Indeed this is a unique take, a look in the rear view mirror at a bygone era when gems could be found incredibly cheaply and enthusiasts took seat-of-the-pants decisions regarding many aspects of a hobby which was uncharted, innocent and simply not as commercial as today he couldn't even give away his 250 GTO at the time!

Cobra-Ferrari Wars 1963-1965 Michael L. Shoen, 1990-09-04 Featured are the 289 and 427 Cobra roadsters and coupes, Ferrari GTOs, LM, and GTB, Aston 214, Corvette Grand Sport, Jaguar Lightweight E-Type, Porsche 904 and Abarth Simca 2000 -- in 27 1963-1965 FIA world championship races, from Sebring, Florida to Le Mans, France. Personal recollections range from Shelby's greenest mechanic to Ferraris chief engineer, from forgotten privateers to world-class drivers. Acclaimed by Ferrari and Cobra enthusiasts alike, this is the definitive history of the epic struggle that changed sports car racing forever. The work is based on interviews of 53 of the original participants, conducted over 18 years. Over 530 archival photos, drawings, blueprints and documents, including 57 large-

format color prints.
