How to Be a Good Mother-In-Law Bodleian Library, 2013 Everyone knows a joke about mothers-in-law, but what are the golden rules you need to become a popular one? The authors of this pioneering guide, first published in the 1930s, aimed to dramatically improve relationships for all the family with sound advice which is as relevant today as it was in the early twentieth century: 'If your opinion is not sought, don't volunteer it.' Practical tips are given on a range of issues, such as how to visit a married daughter, how best to interact with grandchildren, how not to pass comment at the dinner table and what degree of independence should be granted to married sons. The guide even contemplates living with the married couple and offers advice on how to negotiate this situation, as well as giving examples of how not to behave on your son or daughter's wedding day. Packed with amusing scenarios of provocative behaviour as well as pithy advice, and illustrated with contemporary line drawings, this charming guide will win over both novices and veterans in this much maligned role.

Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus

doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Rebel Mother Peter Andreas, 2017-04-04 "Those who enjoyed Jeannette Walls's *The Glass Castle* will find much to admire" (Booklist, starred review) in this "thoroughly engrossing" (The New York Times Book Review) memoir about a boy on the run with his mother, as she abducts him to Latin America in search of the revolution. Carol Andreas was a traditional 1950s housewife from a small Mennonite town in central Kansas who became a radical feminist and Marxist revolutionary. From the late sixties to the early eighties, she went through multiple husbands and countless lovers while living in three states and five countries. She took her youngest son, Peter, with her wherever she went, even kidnapping him and running off to South America after his straitlaced father won a long and bitter custody fight. They were chasing the revolution together, though the more they chased it the more distant it became. They battled the bad "isms" (sexism, imperialism, capitalism, fascism, consumerism), and fought for the good "isms" (feminism, socialism, communism, egalitarianism). Between the ages of five and eleven, Peter lived in more than a dozen homes, moving from the comfortably bland suburbs of Detroit to a hippie commune in Berkeley to a socialist collective farm in pre-military coup Chile to highland villages and coastal shantytowns in Peru. When they secretly returned to America they settled down clandestinely in Denver, where his mother changed her name to hide from his father. A "luminous memoir" (Publishers Marketplace, starred review) and "an illuminating portrait of a childhood of excitement, adventure, and love" (Kirkus Reviews) this is an extraordinary account of a deep mother-son bond and the joy and toll of growing up in a radical age. Peter Andreas is an insightful and candid narrator of "a profound and enlightening book that will open readers up to different ideas about love, acceptance, and the bond between mother and son" (Library Journal, starred review).

The Deep Nick Cutter, 2015-07-28 A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything

one could possibly imagine--Page [4] of cover.

The Nix Nathan Hill, 2016-08-30 Winner of the Art Seidenbaum Award for First Fiction A New York Times 2016 Notable Book Entertainment Weekly's #1 Book of the Year A Washington Post 2016 Notable Book A Slate Top Ten Book NEW YORK TIMES BESTSELLER "The Nix is a mother-son psychodrama with ghosts and politics, but it's also a tragicomedy about anger and sanctimony in America. . . . Nathan Hill is a maestro." —John Irving From the suburban Midwest to New York City to the 1968 riots that rocked Chicago and beyond, *The Nix* explores—with sharp humor and a fierce tenderness—the resilience of love and home, even in times of radical change. It's 2011, and Samuel Andresen-Anderson—college professor, stalled writer—has a Nix of his own: his mother, Faye. He hasn't seen her in decades, not since she abandoned the family when he was a boy. Now she's reappeared, having committed an absurd crime that electrifies the nightly news, beguiles the internet, and inflames a politically divided country. The media paints Faye as a radical hippie with a sordid past, but as far as Samuel knows, his mother was an ordinary girl who married her high-school sweetheart. Which version of his mother is true? Two facts are certain: she's facing some serious charges, and she needs Samuel's help. To save her, Samuel will have to embark on his own journey, uncovering long-buried secrets about the woman he thought he knew, secrets that stretch across generations and have their origin all the way back in Norway, home of the mysterious Nix. As he does so, Samuel will confront not only Faye's losses but also his own lost love, and will relearn everything he thought he knew about his mother, and himself.

Direwood Catherine Yu, 2022-09-20 In this velvet-clad 1990s gothic horror, Aja encounters a charming vampire who wants to lure her into the woods—just like her missing sister. No one ever pays attention to sixteen-year-old Aja until her perfect older sister Fiona goes missing. In the days leading up to Fiona's disappearance, Aja notices some extraordinary things: a strange fog rolling through their idyllic suburban town, a brief moment when the sky seems to rain blood, and a host of parasitic caterpillars burrowing their way through the trees. Aja's father, the neighbors, and even her ex-friend Mary all play down this strange string of occurrences, claiming there must be some natural explanation. It seems everyone is willing to keep living in denial until other teens start to go missing too. Aja is horrified when she meets Padraic, the vampire responsible for all the strange occurrences. His hypnotic voice lures her to the window and tells her everything she's longed to hear—she's beautiful and special, and he wants nothing more than for Aja to come with him. Aja knows she shouldn't trust him, but she's barely able to resist his enthrallment. And following him into the woods may be the only way to find Fiona, so she agrees on one condition: He must let her leave alive if she is not wooed after one week. Though Aja plans to kill him before the week is out, Padraic has his own secrets as well. In the misty woods, Aja finds that Padraic has made his nest with another vampire in a dilapidated church infested by blood-sucking butterflies. Within its walls, the vampires are waited on and entertained by other children they've enthralled, but there is no sign of Fiona. Before her bargain is up, Aja must find a way to turn her classmates against their captors, find her sister, and save them all—or be forced to join the very monsters she wants to destroy.

The Stars Beneath Our Feet David Barclay Moore, 2017-09-19 The right story at the right time. . . . It's not just a narrative; it's an experience. It's the novel we've been waiting for. —The New York Times A boy tries to steer a safe path through the projects in Harlem in the wake of his brother's death in this outstanding debut novel that celebrates community and creativity. Winner of the Coretta Scott King John Steptoe Award for New Talent and soon to be a major motion picture directed by Michael B. Jordan! It's Christmas Eve in Harlem, but twelve-year-old Lolly Rachpaul and his mom aren't celebrating. They're still reeling from his older brother's death in a gang-related shooting just a few months earlier. Then Lolly's mother's girlfriend brings him a gift that will change everything: two enormous bags filled with Legos. Lolly's always loved Legos, and he prides himself on following the kit instructions exactly. Now, faced with a pile of building blocks and no instructions, Lolly must find his own way forward. His path isn't clear—and the pressure to join a "crew," as his brother did, is always there. When Lolly and his friend are beaten up and robbed, joining a crew almost seems like the safe choice. But building a fantastical Lego city at the community center provides Lolly with an escape—and an unexpected bridge back to the world. David Barclay Moore paints a powerful portrait of a boy teetering on the edge—of adolescence, of grief, of violence—and shows how Lolly's inventive spirit helps him build a life with firm foundations and open doors. A New York Times Notable Book A Time Magazine Top 10 Children's Books of the Year A Boston Globe Best Children's Book of the Year Six Starred Reviews "A fast and furious read in which we meet some amazing people, people that stay with us. David Barclay Moore is an exciting new voice. We definitely haven't heard the last of his brilliance." —Jacqueline Woodson, Newbery Honor and National Book Award-winning author of *Brown Girl Dreaming* "The Stars Beneath Our Feet is about the weight of the world on the back of a child, and the creative tools necessary to alleviate that pressure. I found myself rooting for Lolly, and you will too." —Jason Reynolds, Coretta Scott King Honor Winner for *As Brave As You*

The Optimistic Decade Heather Abel, 2018-05-01 "Bighearted, wise, and beautifully written, this sharply observant exploration of idealism gone awry engages at every level." —Andrea Barrett, author of *The Voyage of the Narwhal* and *Archangel* This entertaining and assured debut novel about a utopian summer camp and its charismatic leader asks smart questions about good intentions gone terribly wrong. Framed by the oil shale bust and the real estate boom, by protests against Reagan and against the Gulf War, *The Optimistic Decade* takes us into the lives of five unforgettable characters and is a sweeping novel about idealism, love, class, and a piece of land that changes everyone who lives on it. There is Caleb Silver, the beloved founder of the back-to-the-land camp Llamalo, who is determined to teach others to live simply. There are the ranchers, Don and his son, Donnie, who gave up their land to Caleb and who now want it back. There is Rebecca Silver, determined to become an activist like her father and undone by the spell of both Llamalo and new love; and there is David, a teenager who has turned Llamalo into his personal religion. Heather Abel's novel is a brilliant exploration of the bloom and fade of idealism and how it forever changes one's life.

Untamed Glennon Doyle, 2020-03-10 #1 NEW YORK TIMES BESTSELLER • OVER TWO MILLION COPIES SOLD! "Packed with incredible insight about what it means to be a woman today." —Reese Witherspoon (Reese's Book Club Pick) In her most revealing and powerful memoir yet, the activist, speaker, bestselling author, and "patron saint of female empowerment" (People) explores the joy and peace we discover when we stop striving to meet others' expectations and start trusting the voice deep within us. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • The Washington Post • Cosmopolitan • Marie Claire • Bloomberg • Parade • "Untamed will liberate women—emotionally, spiritually, and physically. It is phenomenal." —Elizabeth Gilbert, author of *City of Girls* and *Eat Pray Love* This is how you find yourself. There is a voice of longing inside each woman. We strive so mightily to be good: good partners, daughters, mothers, employees, and friends. We hope all this striving will make us feel alive. Instead, it leaves us feeling weary, stuck, overwhelmed, and underwhelmed. We look at our lives and wonder: Wasn't it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent—even from ourselves. For many years, Glennon Doyle denied her own discontent. Then,

while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: There She Is. At first, Glennon assumed these words came to her from on high. But she soon realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world's expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, *Untamed* is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its structure but on each member's ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash our truest, wildest instincts so that we become women who can finally look at ourselves and say: There She Is. *Untamed* shows us how to be brave. As Glennon insists: The braver we are, the luckier we get.

A Nation of Wimps Hara Estroff Marano, 2008 Wake up, America: We're raising a nation of wimps. Hara Marano, editor-at-large and the former editor-in-chief of *Psychology Today*, has been watching a disturbing trend: kids are growing up to be wimps. They can't make their own decisions, cope with anxiety, or handle difficult emotions without going off the deep end. Teens lack leadership skills. College students engage in deadly binge drinking. Graduates can't even negotiate their own salaries without bringing mom or dad in for a consult. Why? Because hothouse parents raise teacup children—brittle and breakable, instead of strong and resilient. This crisis threatens to destroy the fabric of our society, to undermine both our democracy and economy. Without future leaders or daring innovators, where will we go? So what can be done? Kids would play in the street until their mothers hailed them for supper, and unless a child was called into the principal's office, parents and teachers met only at organized conferences. Nowadays, parents are involved in every aspect of their children's lives—even going so far as using technology to monitor what their kids eat for lunch at school and accompanying their grown children on job interviews. What is going on? Hothouse parenting has hit the mainstream—with disastrous effects. Parents are going to ludicrous lengths to take the lumps and bumps out of life for their children, but the net effect of parental hyperconcern and scrutiny is to make kids more fragile. When the real world isn't the discomfort-free zone kids are accustomed to, they break down in myriad ways. Why is it that those who want only the best for their kids wind up bringing out the worst in them? There is a mental health crisis on college campuses these days, with alarming numbers of students engaging in self-destructive behaviors like binge drinking and cutting or disconnecting through depression. *A Nation of Wimps* is the first book to connect the dots between overparenting and the social crisis of the young. Psychology expert Hara Marano reveals how parental overinvolvement hinders a child's development socially, emotionally, and neurologically. Children become overreactive to stress because they were never free to discover what makes them happy in the first place. Through countless hours of painstaking research and interviews, Hara Marano focuses on the whys and hows of this crisis and then turns to what we can do about it in this thought-provoking and groundbreaking book.

Effective Parenting in a Defective World Chip Ingram, 2009-01-01 A parent's greatest desire is to raise a child who can face anything with wisdom and confidence. But in a world of over-extended schedules, amoral messages, and incessant peer-pressure, how can you raise a confident child that follows God's will, not the world's? Chip Ingram's practical tips for modeling right living, building strong bonds, and disciplining effectively will help parents bring up Christ-centered kids who feel secure and significant no matter what comes their way. The book features practical, age-appropriate parenting tips, charts/diagrams, and action steps.

The Secret of Our Success Joseph Henrich, 2017-10-17 How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to

survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.
