Origami Flowers and Other Models Yehuda

Peled, 2015-02-21 Origami Flowers and Other Models contains 34 origami models: Twenty one of them are flowers, trees and stems. The models range from easy to fold models, suitable for beginners using simple origami paper, to complex models for the more experienced folders, using heavier paper. Some of the complex models the author has created represent realistic examples of the flowers which grew wild in fields near his childhood home: irises, tulips, daffodils, and cyclamens. The book also provides

instructions for stems which allow the flowers to stand independently on the table without additional non-origami parts. At the end of the book there are useful instructions for folding polygons and for dividing paper.
