Shortly after Guy lands a plum Broadway role, Rosemary becomes pregnant, and the Castavets start taking a special interest in her welfare. As the sickened Rosemary becomes increasingly isolated, she begins to suspect that the Castavets' circle is not what it seems... In *Son of Rosemary*, the year is 1999, and humanity dreads the approaching twenty-first century, desperately in search of a savior for this troubled world. In New York City, Rosemary's son, Andy, is believed to be that savior. But is he the force of good his followers accept him to be? Or is he his father's son? Rosemary and Andy will be reunited in a battle of wills that shall decide the fate of humanity and keep readers on the edge of the seats until the final page.

Goats and Sheep Elena Passarello, 2018 - A selection of goats and sheep portraits in a profile, a sideward glance, or direct gaze When American photographer Kevin Horan moved from city to country, he found among his animal companions goats and sheep whose chorus of sounds suggested they were not just herd

animals, but perhaps individuals as well. Experienced in portraiture, Horan decided to photograph them in his studio, as though they were privileged clients. The resulting images ask us to notice the variety, dignity, and personalities of these lowliest of creatures, who speak to us through the camera in a profile, a sideward glance, or direct gaze. With different coats, faces, and expressions, they are funny, fascinating, intelligent, curious, engaging others who command our undivided attention and respect. They remind us that we too are fellow creatures - and the camera isn't always on us.

About to Die Barbie Zelizer, 2010-12-01 Due to its ability to freeze a moment in time, the photo is a uniquely powerful device for ordering and understanding the world. But when an image depicts complex, ambiguous, or controversial events--terrorist attacks, wars, political assassinations--its ability to influence perception can prove deeply unsettling. Are we really seeing the world as it is or is the image a fabrication or projection? How do a photo's content and form shape a viewer's impressions? What do such images contribute to historical memory? About to Die focuses on one emotionally charged category of news photograph--depictions of individuals who are facing imminent death--as a prism for addressing such vital questions. Tracking events as wide-ranging as the 1906 San Francisco Earthquake, the Holocaust, the Vietnam War, and 9/11, Barbie Zelizer demonstrates that modes of journalistic depiction and the power of the image are immense cultural forces that are still far from understood. Through a survey of a century of photojournalism, including close analysis of over sixty photos, About to Die provides a framework and vocabulary for

understanding the news imagery that so profoundly shapes our view of the world.

Sound of My Song Karmen Worden, 2017-09-01 The prose and poems in this book tell the story of young Susanne Stephenson, growing up on the land in central Iowa, where early European settlers brought their Christian faith along with their need for land, a church, and a school. She marries her like-minded love, and after her husband earns advanced degrees in an Iowa university, they move their family to Virginia for her husband's work and for school for Susanne and the children. Susanne learns in the early years that she carries the defective gene for depression, but with specialty doctors providing the proper medication, she earns her degree, cares for her family, and teaches in the Virginia schools. The passion for writing becomes a catharsis that she uses to research the family's history. Susanne openly talks to God throughout her life, believing that the Creator walks with her through each of life's events. As she grieves through her husband's early death and the tragedy of the death of her sister's child, it becomes clear that depression is striking someone in each of the sibling's family, tragically - one by one. The poems listed in the book, follow her grief and gradual recovery - evident in the world of

her words. As a single person wanting to marry again, she meets people of different cultures, religions, and values, but now, would God send this man to her door? This could not be possible, and she faces a difficult decision. After changes from her earlier life, she is still talking to her God.

Encyclopedia of Journalists on Film Richard R.

Ness, 2020-01-15 From *All the President's Men* to *Zodiac*, some of the most compelling films of the last century have featured depictions of journalists in action. While print journalism struggles to survive, the emergence of news from social media outlets continues to expand, allowing the world to be kept informed on a second-by-second basis. Despite attacks on journalists—both verbal and physical—a free press remains a crucial bastion for civilized society. And just as the daily news reflects the current state of affairs, films about journalism represent how reporting has evolved over the last few centuries. In *Encyclopedia of Journalists on Film*, Richard R. Ness provides a comprehensive examination of the fourth estate in cinema—from newspaper reporters to today's cyber journalists. In this volume, Ness provides in-depth descriptions and analyses of more than five hundred significant films, from the silent era to the present, including international productions and made-

for-television movies. The entries focus on the image of the press on screen and ethical issues or concerns raised about the practices of the profession. Collectively, the entries demonstrate that there is a recognizable genre of journalism films with definable plot patterns and iconography. Each entry features: Major credits including directors, writers, and producers List of characters and the actors who portray them Running time Plot synopsis Analysis of the role of journalism Many of the entries feature critical reviews as well as cogent selections of dialogue. Films discussed here include comedies such as *His Girl Friday* (1940), nail-biting thrillers like *Foreign Correspondent* (1940) and *The Parallax View* (1974), social commentaries like *Network* (1976) and *The China Syndrome* (1979), dramas like *Citizen Kane* (1941) and *The Post* (2017), and of course, Academy Award winners *All the President's Men* (1976) and *Spotlight* (2015). A definitive study of a film genre, *Encyclopedia of Journalists on Film* will be of interest to film scholars, researchers, journalists, and students of popular culture.

BUZZ MANNING Brett Hopson, 2014-01-19 Set in Vancouver and other parts of western Canada, *Buzz Manning* follows the comic adventures of two friends, Kevin, a well-meaning dud, lurching from one wasted opportunity to the next, and Buzz, a

guitar playing virtuoso, and all-around good-for-nothing, who has had jobs in his day, but never actually worked. The two men, who ‘lack all conviction’, are variously supported by women ‘full of passionate intensity’, as they struggle on in search of the easy life.

The Art of Living Other People's Lives Greg Dybec, 2017-01-03

Greg Dybec is the quirky, neurotic, funny little brother I never had.

The Art of Living Other People's Lives is a terrific collection of relatable, hilarious stories. -- Jen Mann, New York Times

bestselling author of *People I Want to Punch in the Throat* When he isn't responsible for pleasing tens of millions of online readers a month as the managing editor of *Elite Daily*, Greg Dybec worries about rent, sex, love, family, and--the most millennial topic of them all--a desire to leave a legacy. In *The Art of Living Other People's Lives*, Greg delivers a funny, brash, insightful collection of stories on becoming a pick-up artist to get over an ex-girlfriend, late-night adventures with his Uber drivers, a writing gig about men's underwear, and so much more. Whether he's learning to hashtag from his tech-savvy mom, pestering Mark Cuban for life advice, or eavesdropping on strangers for story ideas, Greg takes readers on a hilariously neurotic and self-analytical journey that explores the struggle of balancing his plugged-in persona with his real-world

self. Along the way, he -- and you -- might discover that life is a whole lot simpler online.

The Small-Town Midwest Julianne Couch, 2016-04-15 Most people in the United States live in urban areas; still, there are nearly fifty million people living in small towns of just a few thousand people or less. Some towns are within a short drive of a metropolitan area where people can work, shop, or go to school; some are an hour or more from any sort of urban hub. In this book, Julianne Couch sets out to illuminate the lives and hopes of these small-town residents. The people featured live—by choice or circumstances—in one of nine small communities in five states in the Midwest and Great Plains: Iowa, Kansas, Missouri, Nebraska, and Wyoming. Daily they witness people moving out, heading to more urban areas, small businesses closing down, connected infrastructure drying up, entrepreneurs becoming discouraged, and

more people thinking about leaving. This is the story we hear in the news, the story told by abandoned farms, consolidated schools, and boarded-up Main Streets. But it's not the whole story. As Couch found in her travels throughout the Midwest, many people long to return to these towns, places where they may have deep family roots or where they can enjoy short commutes, familiar neighbors, and proximity to rural and wild places. And many of the residents of small midwestern towns are not just accepting the trend toward urbanization with a sigh. They are betting that the tide of rural population loss can't go out forever, and they're backing those bets with creatively repurposed schools, entrepreneurial innovation, and community commitment. From Bellevue, Iowa, to Centennial, Wyoming, the region's small-town residents remain both hopeful and resilient.

Memory Piece Lisa Ko, 2024-03-19 NAMED A VOGUE BEST BOOK OF 2024 NAMED A MOST ANTICIPATED BOOK OF THE YEAR BY BOOKRIOT, THE MILLIONS, LITHUB AND MORE! A moving, strikingly evocative exploration of New York's art, tech, and activism scenes across the decades.—Vogue The award-winning author of *The Leavers* offers a visionary novel of friendship, art, and ambition that asks: What is the value of a meaningful life? In

the early 1980s, Giselle Chin, Jackie Ong, and Ellen Ng are three teenagers drawn together by their shared sense of alienation and desire for something different. “Allied in the weirdest parts of themselves,” they envision each other as artistic collaborators and embark on a future defined by freedom and creativity. By the time they are adults, their dreams are murkier. As a performance artist, Giselle must navigate an elite social world she never conceived of. As a coder thrilled by the internet’s early egalitarian promise, Jackie must contend with its more sinister shift toward monetization and surveillance. And as a community activist, Ellen confronts the increasing gentrification and policing overwhelming her New York City neighborhood. Over time their friendship matures and changes, their definitions of success become complicated, and their sense of what matters evolves. Moving from the predigital 1980s to the art and tech subcultures of the 1990s to a strikingly imagined portrait of the 2040s, *Memory Piece* is an innovative and audacious story of three lifelong friends as they strive to build satisfying lives in a world that turns out to be radically different from the one they were promised.

A Deeper Blue Lee Hayes, 2013-02-12 Simmering with passion, betrayal, and a woman's contempt, Lee Hayes delivers a fiery

sequel to *Passion Marks* in *A Deeper Blue*. Intense from beginning, *A Deeper Blue* hypnotizes readers into a story of lust and love. Kevin Davis finds his tumultuous relationship with his lover Daryl Harris in serious jeopardy. Pulled in different directions, Daryl must choose between the lover he's dreamed about and a new temptation; both of whom have female lovers -- past and present -- who are angry about being betrayed. Cerina Ford is a woman desperately and whole-heartedly in love with Temple Moore. They share a passionate physical relationship, yet Cerina really desires an emotional connection with Temple -- a connection he is not willing to give. Eventually Cerina discovers Temple has fallen in love with Daryl and her obsession plummets out of control. Meanwhile, Kevin realizes that he can run, but there is nowhere to hide from a scorned lover. Kevin finds himself a target of a forgotten lover, who tracks him down from thousands of miles away, and will stop at nothing to ensure total destruction of his life. With gripping detail, *A Deeper Blue* intertwines love, hate, jealousy, infidelity, revenge, and ultimately, murder. Author Lee Hayes shows that the line between love and hate is a thin one -- and that sins from the past can evolve into nightmares of the present.
