Crooked Cucumber David Chadwick,2011-01-05 Shunryu Suzuki is known to countless readers as the author of the modern spiritual classic *Zen Mind, Beginner's Mind*. This most influential teacher comes vividly to life in *Crooked Cucumber*, the first full biography of any Zen master to be published in the West. To make up his intimate and engrossing narrative, David Chadwick draws on Suzuki's own words and the memories of his students, friends, and family. Interspersed with previously unpublished passages from Suzuki's talks, *Crooked Cucumber* evokes a down-to-earth life of the spirit. Along with Suzuki we can find a way to practice with mountains, trees, and stones and to find ourselves in this big world.

The Monkey as Mirror Emiko Ohnuki-Tierney,1987 This tripartite study of the monkey metaphor, the monkey performance, and the 'special status' people traces changes in Japanese culture from the eighth century to the present. During early periods of Japanese history the monkey's nearness to the human-animal boundary made it a revered mediator or an animal deity closest to humans. Later it became a scapegoat mocked for its vain efforts to behave in a human fashion. Modern Japanese have begun to see a new meaning in the monkey--a clown who turns itself into an object of laughter while challenging the basic assumptions of Japanese culture and society.

Handbook of Japanese Mythology Michael Ashkenazi,2003-11-05 An introductory guide to the

mythology of Japan—one of the most pervasive yet least understood facets of Japanese culture. *Handbook of Japanese Mythology* makes it easy to travel this vast yet little-known mythological landscape. The book reveals the origins of Japan's myths in the very different realms of Buddhism, Shinto, and folklore, and explores related mythologies of the Ainu and Okinawan cultures and recent myths arising from Japan's encounters with modernization. It then offers vivid retellings of the central Shinto and Buddhist myths, plus descriptions of major historical figures, icons, rituals, and events. For students or long-time enthusiasts, it is the ideal guide for investigating Japanese reverence for the sun, the imperial family, and the virtues of purity and loyalty. Readers will also learn why sumo wrestlers stomp before each match, how a fussy baby creates thunder, why Japan has a god for soccer, and much more.

Epigrams from the Greek Anthology, 2020-11-26 Lush Diodorus sets the lads on fire, But now another has him in his net - Timarion, the boy with wanton eyes . . . Meleager, AP 12.109 Encompassing four thousand short poems and more, the ramshackle classic we call the Greek Anthology gathers up a millennium of snapshots from ancient daily life. Its influence echoes not merely in the classic tradition of

the English epigram (Pope, Dryden) but in Rudyard Kipling, Ezra Pound, Virginia Woolf, T. S. Eliot, H.D., and the poets of the First World War. Its variety is almost infinite. Victorious armies, ruined cities, and Olympic champions share space with lovers' quarrels and laments for the untimely dead - but also with jokes and riddles, art appreciation, potted biographies of authors, and scenes from country life and the workplace. This selection of more than 600 epigrams in verse is the first major translation from the Greek Anthology in nearly a century. Each of the Anthology's books of epigrams is represented here, in manuscript order, and with extensive notes on the history and myth that lie behind them.

Wacky Waving Inflatable Tube Guy Conor Riordan, 2018-10-02 The very first of its kind, this miniature Wacky Waving Inflatable Tube Guy is the perfect desktop companion, tiny marketing tool, or hilarious gift! Finally, the joyous dancing tube man -- who's been featured everywhere from Ricky Martin's stage to *Broad City* -- is available in a tiny, desk-friendly size. This box includes: An 18-inch waving tube man with fan in base to make him dance, wiggle, and shake just like the real thing (batteries not included) A 32-page mini book exploring the larger than life (and utterly surprising!) origins of everyone's favorite flailing arm man PLEASE NOTE: This product can be powered by a 9-volt battery or by a specific AC adapter. (Battery nor AC adapter included with purchase.) Please read and follow the instructions included in the box to ensure optimal performance. If using a battery: A rechargeable Ni-MH battery is recommended for best performance and is a more cost-effective alternative to a common Alkaline (single-use) battery. If using an Alkaline battery, it must be NEW and preferably a PREMIUM brand. DO NOT use a Carbon-Zinc battery (often labeled Heavy-Duty). This type of battery cannot produce enough

power to operate the motor. To get the most life out of the battery, use in intervals no greater than 5 to 10 minutes. Operating in this manner will yield approximately 45 minutes of use. If your tube guy begins to get stuck in a downward position, it is time to replace the battery or recharge if using a rechargeable battery. If using an AC adapter, it must follow the below specifications: Input: AC 100-240V (50-60 Hz) Output: DC 9V (1A or 2A)

Mahatma I and II Brian Grattan, 1994-01-01 What all of mankind have learned in the past about creation is the way that existence isn't -- a paradox! Awaken and realize that all of mankind will create their body for Ascension, whether they accomplish this now or later, and that this is not the exclusive domain of Christ or Buddha or many others who have ascended -- this is your birthright. You are not relegated to worshipping those who have already done this very basic initiation called Ascension. Christ and Buddha would be the first to acknowledge that they are just beginners on their eternal journey. When mankind lifts the veils of their unworthiness and recognize that they are the Sons of God, that there is divine equality and no one is greater than another, then you will have begun our journey in the way that it was intended. In your near future your Planetary Hierarchy will release the world from theology, ecclesiasticism and the wrathful Jehovah and return humanity to its rightful journey into spiritualizing matter, not worshipping it! The Mahatma is for those who are motivated to search for the answers that can respond to their mental and spiritual bodies. In the past, mankind's choices of beliefs and religions have supported only the emotional body and the darker, material side of life. And truly, if one is going to remain on Earth, very drastic shifts of consciousness will be required to have mankind remain in Earth's new fourth-dimensional

reality. No matter how contrary to your current beliefs, this book contains methods for creating your spiritual Lightbody for Ascension, and it also explains your eternal journey in a way that was never before available to mankind.
