Why We Die Mick Herron, 2009-04 Death is the ultimate stalker, confident and inevitable; the rest are inadequate voyeurs...

God Stalk P. C. Hodgell, 2007-04-01 Jame is a Kencyr. Kencyrs are not native to the planet where they now live. For thirty centuries they have been the weapon that their Three-Faced God has used against the power of the Perimal Darkling. And though they have fought well, the Darkling has come to planet after planet, and the Kencyrs have moved on. Jame knows this as she stumbles out of the hilly, barren Haunted Lands into the city of Tai-tastigon. But she knows little else. She does not remember where she has been or what she has done for the last ten years of her life. Her memory goes back only a week or two^{3/4} to finding her home destroyed and all her family dead. In Tai-tastigon Jame begins a new life that seems to be at odds with all that the Kencyrs stand for. Kencyrs are honest and just, but Jame becomes an apprentice to the most renowned thief in the powerful Thieves' Guild. Kencyrs are confirmed monotheists, yet Jame explores the rituals and activities of the thousands of gods, templed and untempled, in this religious center; she even kills a god and then resurrects him. And at the inn, the Res aB'tyrr, where she lives, she finds herself using the most sacred dances of her people, dances she does not even remember learning, for the entertainment and sometimes the destruction of the inn's patrons. Within herself Jame finds power she does not want and doubts she defies her heredity to harbor. She moves through the rich and bloody stew of Tai-tastigon like a hot spice. Her probings, to find herself and to discover what her powers mean to her and her people, combined with influences already at work, very nearly destroy the city. And yet, they bring her face to face with a destiny she must accept. This is the first of several books. At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Tin Man Dale Brown, 1999-04-06 The master of military adventure creates the ultimate one-man army.... New York Times bestselling author Dale Brown pits men and technology against impossible odds, in vividly realized stories. Now, in his eleventh novel, he brings aerial combat hero Patrick McLanahan out of retirement and plunges him into the most personal war he's ever fought. His old enemy Gregory Townsend has come to America to ignite a reign of terror that will sweep across the nation. The police and the government seem powerless to stop him. And one of the first casualties in this war is a rookie cop--McLanahan's brother. McLanahan has plenty of experience in war. And so does arms expert Jon Masters. Using Masters's deadliest weapon yet, McLanahan becomes a one-man army, known on the streets as the Tin Man. But this time, technology is a double-edged sword--and his war of revenge may destroy McLanahan himself... and everything he stands for.

The Treasure Box Orson Scott Card, 2013-03-26 Widely acclaimed, hugely successful speculative-fiction author Orson Scott Card takes another step into the mainstream with an extremely chilling, vastly engaging novel that sets the notion of family values on its head and chronicles a man's transformation from hermit to hero. When Quentin Fears was 10, his sister left this world, the victim of a car accident. Her death made him withdraw from this world too -- into books, away from people. By the time he reaches adulthood, Quentin has become a certifiable recluse, moving restlessly from town to town, investing the millions he's made as a software creator and avoiding companionship. It's odd but maybe inevitable that on a rare outing to a party he should meet his dream woman, Madeleine. She's witty and beautiful and as naive to the world's ways as he is, and they marry in a matter of weeks. Their relationship seems idyllic but for one thing --

Madeleine's multigenerational, cantankerous, eccentric family who all live in a rambling riverside mansion in upstate New York. But poor family dynamics isn't all that's wrong with them. Beyond the squabbling, there's an ancient family secret to which Madeleine holds the key. Only Quentin can stop her from unleashing an ageless malevolence that will rule the world. But to do so, he must do what seems impossible -- step outside himself into the world he has avoided. He must learn friendship, trust, forgiveness and the courage to face down the ultimate evil. Joining Quentin in this epic confrontation is a splendidly quirky cast of heroes, villains and witches -- from a no-nonsense nurse with a dash of the romantic in her to a small-town sheriff whose affable exterior conceals a dangerous past to a 10-year-old girl named Roz whose malign powers are rivaled only by her smart mouth. *Treasure Box* introduces the most spectacularly dysfunctional family in recent fiction and a singular hero whose only weapons against them are his mind and his heart. How Quentin defuses this volatile mixture of comedy and horror makes for a viscerally unsettling, poignant and appealing tale that's sure to draw the legions of fans Card has won in other genres and new fans as well.

The One I Love Clamp,2004-10-12 Combining CLAMP's legendary storytelling and elegant prose, *The One I Love* is a wonderfully romantic 12-story anthology.

Kitchen Princess Omnibus Miyuki Kobayashi,2013-07-16 Najika is a great cook and likes to make meals for the people she loves. But something is missing from her life. When she was a child, she met a boy who touched her heart-- and now she's determined to find him. The only clue Najika has is a silver spoon that leads her to the prestigious Seika Academy. Attending Seika will be a challenge. Every kid at the school has a special talent, and the girls in Najika's class think she doesn't deserve to be there. But Sora and Daichi, two popular brothers who barely speak to each other, recognize Najika's cooking for what it is-- magical. Is either boy Najika's mysterious prince? -- p. [4] of cover.
