Crying in Cupboards Pat Bricheno and Mary Thornton,2016-07-26 Bullying in the workplace makes teachers' lives a misery. It is a destructive social process which can lead to deteriorating physical and mental health, depression, even suicide. It not only destroys teachers' lives, it also damages teacher recruitment and retention, and the finances and reputations of schools. In *Crying in Cupboards*, teachers tell their stories, giving real examples of bullying behaviour and the consequences for those affected by it. The teachers' stories are at the heart of the book and can be dipped into or read quite separately from the underpinning literature and research methods. Senior school managers and Union Officials describe strategies and tactics used in handling it, offer suggestions on what steps to take once an incident has occurred, and suggest how to positively manage acts of workplace bullying. *Crying in Cupboards* looks at reasons for bullying of teachers, who become targets, what constitutes bullying behavior in schools and what does not. It also discusses what the law can and can't do about it, including health and employment ramifications. The well-being of teachers is an important, but often neglected area, yet the education of our children depends on it. The current climate surrounding teachers' work is one of high pressure, stress and anxiety. Unfortunately it is also a climate that allows bullying behaviour to flourish. *Crying in Cupboards* is therefore an invaluable resource for anyone wishing to understand adult bullying of teachers, whether you are a teacher being bullied at work, a manager wishing to prevent or reverse bullying in your workplace, a concerned relative, school governor, politician, an academic researcher or simply interested in the struggles teachers can face in the workplace.

How do you defend a city surrounded by enemies and riddled with traitors, when your allies can by no means be trusted, and your predecessor vanished without a trace? Crown Prince Ladisla is poised to drive them back and win undying glory. There is only one problem -- he commands the worst-armed, worst-trained, worst-led army in the world. And Bayaz, the First of the Magi, is leading a party of bold adventurers on a perilous mission through the ruins of the past. The most hated woman in the South, the most feared man in the North, and the most selfish boy in the Union make a strange alliance, but a deadly one. They might even stand a chance of saving mankind from the Eaters -- if they didn't hate each other quite so much. Ancient secrets will be uncovered. Bloody battles will be won and lost. Bitter enemies will be forgiven -- but not before they are hanged.
