The Silent Maiden Penelope Penny

Koutourinis,2021-09-08 At the age of fourteen, Corrina locked herself in a convent during the Greek Revolution. Philhellenes from around the world came to aid in the revolt, especially one, American journalist Ethan. Corrina had never

imagined that her life would take a drastic turn. Her mission was unique. Ethan's operation as a Philhellene secret society member and her path cross roads. Philia is the harlot who will try to destroy anyone that gets in her way. Dimitri, an admiral, knows that without the help of Philhellenes around the world the freedom of many people could not have been possible.

**Underwater Dogs** Seth Casteel, 2012-10-23 The exuberant, exhilarating photographs of dogs underwater that have become a sensation From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In Underwater Dogs, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.

The Substance of Style Virginia Postrel, 2009-03-17 Whether it's sleek leather

pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

**Positive Lightning** Laurie Salzler, 2014-12-15  
Kate Winter teaches dog owners how to train their canine companions. During her spare time, accompanied by her Lab, Dakota, she explores the woods and beaches on foot or horseback. She's worried that something's happening in her relationship, but she can't get her girlfriend Trish to talk to her about it. Faith Hutchins recently lost her sight after a terrible outdoor accident. She's dealt with her anger, depression, and blindness primarily on her own. A seeing-eye dog would help alleviate her reliance on anyone else, but the guide dog school has been

unsuccessful in providing her with one. On a mission to find someone who will train a dog specifically for her, she ultimately zeroes in on Kate. They say lightning never strikes the same place twice. But positive lightning is notoriously unpredictable and can ignite a fire when and where least expected . . . no matter who's in its path.

In the Courts of the Crimson Kings S.M.

Stirling,2008-03-18 In the parallel world first introduced in S. M. Stirling's The Sky People, aliens terraformed Mars (and Venus) two hundred million years ago, seeding them with life-forms from Earth. In the Courts of the Crimson Kings is set in that same astonishing world. Humans didn't suspect this until the twentieth century, but when the first probes landed on our sister worlds, and found life–intelligent life, at that–things changed with a vengeance. By the year 2000, America, Russia, and the other great powers of Earth are all contending for influence and power amid the newly-discovered inhabitants of our sister planets. Venus is a primitive world. But on Mars, early hominids evolved civilization earlier than their earthly cousins, driven by the needs of a harsh world growing still harsher as the initial terraforming runs down. Without coal, oil, or uranium, their technology was forced into different paths, and the genetic wizardry of the Crimson Dynasty united a world for more than

twenty thousand years. Now, in a new stand-alone adventure set in this world's 2000 AD, Jeremy Wainman is an archaeologist who has achieved a lifelong dream; to travel to Mars and explore the dead cities of the Deep Beyond, searching for the secrets of the Kings Beneath the Mountain and the fallen empire they ruled. Teyud Zha-Zhalt is the Martian mercenary the Terrans hire as guide and captain of the landship Intrepid Traveller. A secret links her to the deadly intrigues of Dvor il-Adazar, the City That Is A Mountain, where the last aging descendant of the Tollamune Emperors clings to the remnants of his power...and secrets that may trace their origin to the enigmatic Ancients, the Lords of Creation who reshaped the Solar System in the time of the dinosaurs. When these three meet, the foundations of reality will be shaken—from the lost city of Rema-Dza to the courts of the Crimson Kings. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Work of Enchantment Matthew Del Nevo, 2017-09-08 The Work of Enchantment suggests that it is a lack of enchantment in rich, developed countries that causes soul-starved Westerners to experience mental (and sometimes physical) illness. Del Nevo argues that this enchantment is most often experienced in childhood, but can also be found in adulthood, particularly through art. However, adults must cultivate within themselves the ability to appreciate art by reading, listening, and gazing—activities often misconceived in advanced industrial societies. Del Nevo describes the

framework of enchantment and its philosophical and historical roots. He then concentrates on the work of enchantment within literature, considering what enchantment might entail taking the works of Proust, Rilke, and Goethe as examples. Del Nevo shows how a sense of enchantment forms within and between art works, using his literary examples, as well as between the work and the audience. The reader will learn along the way that enchantment may be found in the power of words, as an expression of the desire of the soul, a compliment of melancholy, and in art that points to something beyond itself. Enchantment may be found in many places, ranging from philosophy, religion, and psychology to sociology and culture, but here Del Nevo focuses on literature. His audience is people who are searching for something beyond money or glamour-perhaps the meaning of art and culture. His focus on literary masterpieces such as the *Duino Elegies*, *Remembrance of Things Past*, *Wilhelm Meister's Journeyman Years*, and others will make it of interest to those in cultural studies. Well written and engaging, and accessible to non-specialist readers, this unusual work in philosophy and aesthetics is free of jargon and complicated verbiage. Inspiring and enlivening, it is, in the author's words, a stirring call to idleness.

**Tiddas** Anita Heiss, 2014-03-01 A story about what it means to be a friend ... Five women, best friends for decades, meet once a month to talk about books ... and life, love and the jagged bits in between. Dissecting each other's lives seems the most natural thing in the world – and honesty, no

matter how brutal, is something they treasure. Best friends tell each other everything, don't they? But each woman harbours a complex secret and one weekend, without warning, everything comes unstuck. Izzy, soon to be the first Black woman with her own television show, has to make a decision that will change everything. Veronica, recently divorced and dedicated to raising the best sons in the world, has forgotten who she is. Xanthe, desperate for a baby, can think of nothing else, even at the expense of her marriage. Nadine, so successful at writing other people's stories, is determined to blot out her own. Ellen, footloose by choice, begins to question all that she's fought for. When their circle begins to fracture and the old childhood ways don't work anymore, is their sense of sistahood enough to keep it intact? How well do these tiddas really know each other? Praise for Tiddas 'Generous and witty' Susan Johnson 'This enjoyable and human story is impressively interwoven with historical and contemporary Aboriginal issues.' Sun Herald 'A celebration of female friendships' Sunday Territorian 'Will resonate with many readers ... a novel that asks whether a strong sense of sisterhood is enough to keep friends together.'
