High Speed Catamarans and Multihulls Liang Yun,Alan Bliault,Huan Zong Rong,2018-10-29 High speed catamaran and multihull high speed marine vessel have become very popular in the last two decades. The catamaran has become the vessel of choice for the majority of high speed ferry operators worldwide. There have been significant advances in structural materials, and structural design has been combined with higher power density and fuel efficient engines to deliver ferries of increasing size. The multihull has proven itself to be a suitable configuration for active power projection across oceans as well as for coastal patrol and protection, operating at high speedd for insertion or retrieval with a low energy capability. At present there is no easily accessible material covering the combination of hydrodynamics, aerodynamics, and design issues including structures, powering and propulsion for these vehicles. Coverage in *High Speed Catamarans and Multihulls* includes an introduction to the history, evolution, and development of catamarans, followed by a theoretical calculation of wave resistance in shallow and deep water, as well as the drag components of the multihull. A discussion of vessel concept design describing design characteristics, empirical regression for determination of principal dimensions in preliminary design, general arrangement, and methods is also included. The book concludes with a discussion of experimental future vehicles currently in development including the small waterplane twin hull vessels, wave piercing catamarans, planing catamarans, tunnel planing catamarans and other multihull vessels.

Closer You Are Matthew Cutter,2018-08-21 The authorized biography of Robert Pollard, indie rock icon and founder of the music group Guided By Voices Robert Pollard has been a staple of the indie rock scene since the early '80s, along with his band Guided By Voices. Pollard was a longtime grade school teacher who toiled endlessly on his music, finding success only after adopting a do-it-yourself approach, relying on lo-fi home recordings for much of his and his band's career. A prolific artist, Pollard continues to churn out album after album, much to the acclaim of critics and his obsessive and devoted fans. But his story has never been faithfully told in its entirety. Until now. Author Matthew Cutter is a longtime friend of Pollard and, with Pollard's blessing, he's set out to tell the whole, true story of Guided By Voices. *Closer You Are* is the first book to take an in-depth look at the man behind it all, with interviews conducted by the author with Pollard's friends, family, and bandmates, along with unfettered access to Pollard himself and his extensive archives. Robert Pollard has had an amazing and seemingly endless career in rock music, but he's also established himself as a consummate artist who works on his own terms. Now fans can at long last learn the full story behind one of America's greatest living songwriters.
