The Kissing Sailor Lawrence Verria, George Galdorisi, 2012-05-15 On August 14, 1945, Alfred Eisenstaedt took a picture of a sailor kissing a nurse in Times Square, minutes after they heard of Japan's surrender to the United States. Two weeks later LIFE magazine published that image. It became one of the most famous WWII photographs in history (and the most celebrated photograph ever published in the world's dominant photo-journal), a cherished reminder of what it felt like for the war to finally be over. Everyone who saw the picture wanted to know more about the nurse and sailor, but Eisenstaedt had no information and a search for the mysterious couple's identity took on a dimension of its own. In 1979 Eisenstaedt thought he had found the long lost nurse. And as far as almost everyone could determine, he had. For the next thirty years Edith Shain was known as the woman in the photo of V-J Day, 1945, Times Square. In 1980 LIFE attempted to determine the sailor's identity. Many aging warriors stepped forward with claims, and experts weighed in to support one candidate over another. Chaos ensued. For almost two decades Lawrence Verria and George Galdorisi were intrigued by the controversy surrounding the identity of the two principals in Eisenstaedt's most famous photograph and collected evidence that began to shed light on this mystery. Unraveling years of misinformation and controversy, their findings propelled one claimant's case far ahead of the others and, at the same time, dethroned the supposed kissed nurse when another candidate's claim proved more credible. With this book, the authors solve the 67-year-old mystery by providing irrefutable proof to identify the couple in Eisenstaedt's photo. It is the first time the whole truth behind the celebrated picture has been revealed. The authors also bring to light the couple's and the photographer's brushes with death that nearly prevented their famous spontaneous Times Square meeting in the first place. The sailor, part of Bull Halsey's famous task force, survived the deadly

typhoon that took the lives of hundreds of other sailors. The nurse, an Austrian Jew who lost her mother and father in the Holocaust, barely managed to escape to the United States. Eisenstaedt, a World War I German soldier, was nearly killed at Flanders.

Making the Modern World Vaclav Smil, 2013-12-16 How much further should the affluent world push its material consumption? Does relative dematerialization lead to absolute decline in demand for materials? These and many other questions are discussed and answered in Making the Modern World: Materials and Dematerialization. Over the course of time, the modern world has become dependent on unprecedented flows of materials. Now even the most efficient production processes and the highest practical rates of recycling may not be enough to result in dematerialization rates that would be high enough to negate the rising demand for materials generated by continuing population growth and rising standards of living. This book explores the costs of this dependence and the potential for substantial dematerialization of modern economies. Making the Modern World: Materials and Dematerialization considers the principal materials used throughout history, from wood and stone, through to metals, alloys, plastics and silicon, describing their extraction and production as well as their dominant applications. The evolving productivities of material extraction, processing, synthesis, finishing and distribution, and the energy costs and environmental impact of rising material consumption are examined in detail. The book concludes with an outlook for the future, discussing the prospects for dematerialization and potential constraints on materials. This interdisciplinary text provides useful perspectives for readers with backgrounds including resource economics, environmental studies, energy analysis, mineral geology, industrial organization, manufacturing and material science.

Cubs in the Tub Candace Fleming, 2020-08-04 Fred and Helen Martini longed for a baby, and

they ended up with dozens of lion and tiger cubs! Snuggle up to this purr-fect read aloud about the Bronx Zoo's first female zoo-keeper. When Bronx Zoo-keeper Fred brought home a lion cub, Helen Martini instantly embraced it. The cub's mother lost the instinct to care for him. Just do for him what you would do with a human baby, Fred suggested...and she did. Helen named him MacArthur, and fed him milk from a bottle and cooed him to sleep in a crib. Soon enough, MacArthur was not the only cub bathed in the tub! The couple continues to raise lion and tiger cubs as their own, until they are old enough to return them to zoos. Helen becomes the first female zookeeper at the Bronx zoo, the keeper of the nursery. This is a terrific non-fiction book to read aloud while snuggling up with your cubs! Filled with adorable baby cats, this is a story about love, dedication, and a new kind of family. Gorgeously patterned illustrations by Julie Downing detail the in-home nursery and a warm pallet creates a cozy pairing with Candace Fleming's lovely language. Backmatter includes a short biography of Helen Martini and a selected bibliography. Dungeon Crawler Carl Matt Dinniman, 2020-09-21 The apocalypse will be televised! A man. His ex-girlfriend's cat. A sadistic game show unlike anything in the universe: a dungeon crawl where survival depends on killing your prey in the most entertaining way possible. In a flash, every human-erected construction on Earth--from Buckingham Palace to the tiniest of sheds--collapses in a heap, sinking into the ground. The buildings and all the people inside have all been atomized and transformed into the dungeon: an 18-level labyrinth filled with traps, monsters, and loot. A dungeon so enormous, it circles the entire globe. Only a few dare venture inside. But once you're in, you can't get out. And what's worse, each level has a time limit. You have but days to find a staircase to the next level down, or it's game over. In this game, it's not about your strength or your dexterity. It's

about your followers, your views. Your clout. It's about building an audience and killing those goblins with style. You can't just survive here. You gotta survive big. You gotta fight with vigor, with excitement. You gotta make them stand up and cheer. And if you do have that it factor, you may just find yourself with a following. That's the only way to truly survive in this game--with the help of the loot boxes dropped upon you by the generous benefactors watching from across the galaxy. They call it Dungeon Crawler World. But for Carl, it's anything but a game.

Did I Kiss Marriage Goodbye? Carolyn McCulley, 2004 I began to wonder what Girl is supposed to be doing if Boy isn't meeting her. What good purpose could God have in keeping me single? Was there something wrong with me? Or with the men around me? Am I stunted in my femininity because I'm not a wife or mother? What about my friends, what should our lives look like? How are we to prioritize demanding careers, a home with a constant parade of roommates, shifting relationships as others marry, and so on? Should I continue to hold out hope, or did I kiss marriage goodbye without even realizing it? So many questions and all those questions led directly to the most important one: Am I trusting God with this hope deferred? It's my prayer that if you are asking the same questions, you will be refreshed and cheered through this book. More importantly, I hope you will close this book with an increased passion for our Lord and Savior, who is fully worthy of complete trust.
