Mercedes-Benz Saloon Coupe Nik Greene,2021-09-27 First produced in 1928, Mercedes-Benz Coupés became the embodiment of elegance and exclusivity on four wheels. Their design became an experience for all the senses, appealing to every emotion. Hans-Dieter Futschik, the designer responsible for many of the later Mercedes-Benz models, said of the Saloon Coupé: 'A shorter wheelbase compared with the saloons gives it different proportions that are almost sports car-like in character. The passenger compartment is set further back. This gives it a sportier look than a saloon. In addition, the greenhouse is smaller and more streamlined than the basic body. It looks like a small head set on a muscular body, exuding a powerful and more dynamic attitude... Everything radiates power, elegance and agility.' This complete guide includes an overview of early automotive history; pre-merger design from both Benz and Daimler; the historical protagonists and how they influenced the design; how design and fashion change vehicle shape; the continued development of Saloon Coupe design to suit every class and finally, the modern idea of the Coupe.

Editor & Publisher ,1928 The fourth estate.

American Cars in Prewar England Bryan Goodman,2004-01-05 After World War I, there was a great hunger for cars in Britain. Many servicemen had learned to drive and had money from their demobilization grants to spend, but British factories were not immediately able to get back into car production so they looked to America for automobiles. In 1919, two out of every five cars on British roads were Fords built in England, and in 1925, General Motors took over British manufacturer Vauxhall. Hudson also became a prolific assembler during this time and Chrysler built an assembly plant in Kew, west of London. This book features numerous photographs and commentary on many makes of American cars that could be seen on British roads before the beginning of World War II. Buick, Cadillac, Chevrolet, Chrysler, Dodge, Durant, Duryea, Essex, Ford, Hudson, Jewett, La Salle, Oldsmobile, Overland, Packard, Plymouth, Saxon, Stanley, Studebaker, Stutz and White are among the manufacturers whose cars are included. The author provides a concise description of each automobile he covers, and points out some interesting features and technical details (horsepower and engine size, for example).

The Paper Time Machine Wolfgang Wild,2017-10-19 The Paper Time Machine is a book that will change the way you think about the past.It contains 130 historical black-and-white photographs, reconstructed in colour and introduced by Wolfgang Wild - creator and curator of the Retronaut website. The site has become a global phenomenon, collecting images that collapse the distance between the past and present and tear a hole in our map of time. The Paper Time Machine goes even further. Early photographic technology lacked a crucial ingredient - colour. As early as the invention of the medium, skilled artisans applied colour to photographs by hand, attempting to convey the vibrancy and immediacy of life in vivid detail. In most cases this was crude and unconvincing. Until now. The time-bending images in The Paper Time Machine have been painstakingly restored and rendered in full and accurate colour by Jordan Lloyd of Dynamichrome, a company that has taken the craft of colour reconstruction to a new level. Each element of every photograph has been researched and colour-checked for historical authenticity. Behold American child labourers from the early twentieth century, alongside the construction of the Statue of Liberty. Marvel at crisp photographs from the Crimean War in 1855, balanced with never-before-seen pictures from the Walt Disney archive. As the layers of colour build up, the effect is disorientingly real and the decades and centuries fall away. It is as though we are standing at the original photographer's elbow. This is a landmark photographic book - a collection of historical 'remixes' that exist alongside the original photographs but draw out qualities, textures and details that have hitherto remained hidden. Let The Paper Time Machine transport you. It is as close to time travel as we are ever likely to get.

Complete Book of Collectible Cars Richard M. Langworth,2000

The Mighty Franks Michael Frank,2017-05-16 WINNER OF THE 2018 JG-WINGATE PRIZE A psychologically acute memoir about an unusual Hollywood family by Michael Frank, who brings Proustian acuity and razor-sharp prose to family dramas as primal, and eccentrically insular, as they come (The Atlantic) “My feeling for Mike is something out of the ordi - nary,” Michael Frank overhears his aunt telling his mother when he is a boy of eight. “It’s stronger than I am. I cannot explain it . . . I love him beyond life itself.” With this indelible bit of eavesdropping, we fall into the spellbinding world of The Mighty Franks. The family is uncommonly close: Michael’s childless Auntie Hankie and Uncle Irving, glamorous Hollywood screenwriters, are doubly related- Hankie is his father’s sister, and Irving is his mother’s brother. The two families live near each other in Laurel Canyon. In this strangely intertwined world, even the author’s grandmothers—who dislike each other—share a nearby apartment. Strangest of all is the way Auntie Hankie, with her extravagant personality, comes to bend the wider family to her will. Talented, mercurial, and lavish with her love, she divides Michael from his parents and his two younger brothers as she takes charge of his education, guiding him to the right books to read (Proust, not Zola), the right painters to admire (Matisse, not Pollock), the right architectural styles to embrace (period, not modern-or mo-derne, as she pronounces the word, with palpable disdain). She trains his mind and his eye-until that eye begins to see on its own. When this “son” Hankie longs for grows up and begins to turn away from her, her moods darken, and a series of shattering scenes compel Michael to reconstruct both himself and his family narrative as he tries to reconcile the woman he once adored with the troubled figure he discovers her to be. In its portrayal of this fascinating, singularly polarizing figure, the boy in her thrall, and the man that boy becomes, The Mighty Franks will speak to any reader who has ever struggled to find an independent voice amid the turbulence of family life.

The Antique Automobile ,1968 Includes a tenth anniversary issue, dated Nov. 1945.

Classic Cars of the Fifties Bruce LaFontaine,2004-04-01 Handsome, ready-to-color images, attractively rendered in precise detail, depict the sleek 1950 Mercury two-door sedan, luxurious 1952 Cadillac four-door sedan, 1953 Buick Skylark convertible with wire wheels, 1957 Lincoln Continental Mark II, and 26 other impressive models. Captions. 30 black-and-white illustrations.
