The Violet Flash Mike Mason,2011-06-01 There's a rip in the blue umbrella, and time—and Chelsea—are slipping through! One moment she was there, the next moment she was not, and Ches Cholmondeley was watching when it happened. And he learns of other mysterious goings-on: for three days in a row the world's atomic clocks have lost a second, resulting in bizarre accidents ranging from dropped casseroles to plane crashes. Are these events related? What's a brother to do? Figure out a way to get his sister back, of course. In search of answers, Ches befriends the local clockmaker, Myron Stinchcombe, who knows a lot about time, and seeks out Sky Porter, who knows a lot about, well, everything. But time is running out. And Ches is torn, knowing that the very deed that can save the world might also keep his sister from ever returning to it.

The Master Plan Chris Wilson, Bret Witter, 2020-02-04 The Master Plan is less of a road map and more of a philosophy that we should all take to heart: We are all better than our worst decision, our sense of justice should honor the redemptive possibilities inherent in every person, and our destinies are truly intertwined.--Wes Moore, author of The Other Wes Moore Growing up in Washington, DC, Chris Wilson was surrounded by violence and despair. He watched his family and neighborhood shattered by trauma, and he lost his faith. One night when he was seventeen, defending himself, he killed a man. He was sentenced to life in prison with no hope of parole. But what should have been the end of his story became the beginning. Behind bars, Wilson embarked on a remarkable journey of self-improvement--reading, working out, learning languages, even starting a business. At nineteen, he sat down and wrote a list of all the things he intended to accomplish, and all the steps he'd have to take to get there. He called it his Master Plan. He revised that plan

regularly and followed it religiously. Sixteen years later, it led him to an unlikely opportunity--and to a promise he has been working hard to live up to every day since. Harrowing, heartbreaking, and ultimately triumphant, *The Master Plan* is a memoir for this moment, proving that every person is capable of doing great things.

Thank You for Dying for Our Country Chaim Noy, 2015 Combining ethnographic, semiotic, and performative approaches, this book examines texts and accompanying acts of writing of national

commemoration. The commemorative visitor book is viewed as a mobilized stage, a communication medium, where visitors' public performances are presented, and where acts of participation are authored and composed. The study contextualizes the visitor book within the material and ideological environment where it is positioned and where it functions. The semiotics of commemoration are mirrored in the visitor book, which functions as a participatory platform that becomes an extension of the commemorative spaces in the museum. The study addresses tourists' and visitors' texts, i.e. the commemorative entries in the book, which are succinct dialogical utterances. Through these public performances, individuals and groups of visitors align and affiliate with a larger imagined national community. Reading the entries allows a unique perspective on communication practices and processes, and vividly illustrates such concepts as genre, voice, addressivity, indexicality, and the very acts of writing and reading. The book's many entries tell stories of affirming, but also resisting the narrative tenets of Zionist national identity, and they illustrate the politics of gender and ethnicity in Israel society. The book presents many ethnographic observations and interviews, which were done both with the management of the site (Ammunition Hill National Memorial Site), and with the visitors themselves. The observations shed light on processes and practices involved in writing and reading, and on how visitors decide on what to write and how they collaborate on drafting their entries. The interviews with the site's management also illuminate the commemoration projects, and how museums and exhibitions are staged and managed.

The Gone World Tom Sweterlitsch, 2019-02-05 Inception meets True Detective in this science fiction thriller of spellbinding tension and staggering scope that follows a special agent into a savage murder case with grave implications for the fate of mankind.... "I promise you have never read a story like this."—Blake Crouch, New York Times bestselling author of Dark Matter Shannon Moss is

part of a clandestine division within the Naval Criminal Investigative Service. In western Pennsylvania, 1997, she is assigned to solve the murder of a Navy SEAL's family—and to locate his vanished teenage daughter. Though she can't share the information with conventional law enforcement, Moss discovers that the missing SEAL was an astronaut aboard the spaceship U.S.S. *Libra*—a ship assumed lost to the currents of Deep Time. Moss knows first-hand the mental trauma of time-travel and believes the SEAL's experience with the future has triggered this violence. Determined to find the missing girl and driven by a troubling connection from her own past, Moss travels ahead in time to explore possible versions of the future, seeking evidence to crack the present-day case. To her horror, the future reveals that it's not only the fate of a family that hinges on her work, for what she witnesses rising over time's horizon and hurtling toward the present is the Terminus: the terrifying and cataclysmic end of humanity itself. Luminous and unsettling, *The Gone World* bristles with world-shattering ideas yet remains at its heart an intensely human story.

Ruth and Martin's Album Club Martin Fitzgerald, 2017-09-07 The concept behind the Ruth and Martin's Album Club blog is simple: Make people listen to a classic rock album they've never heard before. Make them listen to it two more times. Get them to explain why they never bothered with it before. Then ask them to review it. What began as a simple whim quickly grew in popularity, and now Ruth and Martin's Album Club has featured some remarkable guests: Ian Rankin on Madonna's Madonna. Chris Addison on Marvin Gaye's What's Going On. Brian Koppelman on The Smiths' Meat is Murder. JK Rowling on the Violent Femmes' Violent Femmes. Bonnie Greer on The Beach Boys' Pet Sounds. Martin Carr on Paul McCartney's Ram. Brian Bilston on Neil Young's Harvest. Anita Rani on The Strokes' Is This It. Richard Osman on Roxy Music's For Your Pleasure.

And many, many more. Each entry features an introduction to each album by blog creator Martin Fitzgerald. What follows are delightful, humorous and insightful contributions from each guest as they have an album forced upon them and - for better or worse - they discover some of the world's favourite music. Ruth and Martin's Album Club is a compilation of some of the blog's greatest hits as well as some exclusive material that has never appeared anywhere before. Throughout, we get an insight into why some people opt out of some music, and what happens when you force them to opt in.

Street-Naming Cultures in Africa and Israel Liora Bigon, Michel Ben Arrous, 2021-07-27 This book is focused on the street-naming politics, policies and practices that have been shaping and reshaping the semantic, textual and visual environments of urban Africa and Israel. Its chapters expand on prominent issues, such as the importance of extra-formal processes, naming reception and unofficial toponymies, naming decolonisation, place attachment, place-making and the materiality of street signage. By this, the book directly contributes to the mainstreaming of Africa's toponymic cultures in recent critical place-names studies. Unconventionally and experimentally, comparative glimpses are made throughout between toponymic experiences of African and Israeli cities, exploring pioneering issues in the overwhelmingly Eurocentric research tradition. The latter tends to be concentrated on Europe and North America, to focus on nationalistic ideologies and regime change and to over-rely on top-down 'mere' mapping and street indexing. This volume is also unique in incorporating a rich and stimulating variety of visual evidence from a wide range of African and Israeli cities. The materiality of street signage signifies the profound and powerful connections between structured politics, current mundane practices, historical traditions and subaltern cultures. *Street-Naming Cultures in Africa and Israel* is an important contribution to urban studies, toponymic research and African studies for scholars and students. Chapters 1 and 2 of this book are freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781003173762>
