Guided by Katy Hessel, art historian and founder of @thegreatwomenartists, discover the glittering paintings by Sofonisba Anguissola of the Renaissance, the radical work of Harriet Powers in the nineteenth-century United States and the artist who really invented the "readymade." Explore the Dutch Golden Age, the astonishing work of postwar artists in Latin America, and the women defining art in the 2020s. Have your sense of art history overturned and your eyes opened to many artforms often ignored or dismissed. From the Cornish coast to Manhattan, Nigeria to Japan, this is the history of art as it's never been told before.

The Methuen Book of Comic Monologues for Women Katy Wix, 2014-05-30 There are many monologues books on the market but very few provide rich material for comedy. This collection from up and coming comedian & actress Katy Wix plugs that gap and provides female performers with the kind of wonderfully warm and interesting characters that they need – and deserve. A comedian and writer, Wix has for the past few years been writing audition speeches for students at drama schools including RADA, LAMDA, Drama Centre and The Royal Welsh College of Music and Drama. A book of contemporary comedy monologues does not exist for today's actor or indeed a book comprising solely of showcase speeches. This is a collection of very funny and original audition speeches filling a significant gap in the market: made up of monologues for various age ranges, each with a running time of two to three minutes. The brevity in length makes these ideal for auditions or showcases and the variety in age and style encompasses different comedic approaches; from the very quirky to the more traditional – perfect for every type of performer.

Them Before Us Katy Faust, Stacy Manning, 2021-02-23 Them Before Us has flipped the script on adult-centric attitudes toward marriage, parenthood, and reproductive technologies by framing these issues around a child's right to be raised by both their mother and father. Set against a backdrop of sound research, the compelling stories throughout each chapter confirm that a child's mental, physical, and emotional well-being depends on being loved by the two people responsible for their existence. It's a paradigm shift that will impact the personal and the political, and reframe every marriage and family conversation across the globe. Them Before Us dispels many prevalent, harmful myths concerning children's rights, such as: • Kids need only love and safety—moms and dads are optional. • Love makes a family—biology is irrelevant. • Marriage is about adults—it has nothing to do with kids. • Children are resilient and will "get over" divorce. • Studies show "no difference" in outcomes for kids with same-sex parents. • Sperm and egg donor kids are fortunate because they are so wanted. • Surrogacy is a great way to help wannabe parents have a baby. • Reproductive technologies are just like adoption. Are you tired of a culture that views adults as victims in family matters, when it's clear that kids are the ones who truly pay the price? If so, we are your people, and this is your movement.

Anatomising Embodiment and Organisation Theory K. Dale, 2000-11-08 Anatomising Embodiment and Organisation Theory explores the relationship between the human body and the development of social theory about organisations and organising. The science of anatomy is taken as a pattern for knowledge both of the human body and/or organisations, and the twin symbols of dissection - the scalpel and the mirror - are used to understand the production of knowledge about organisations.

The Essential Guide to Bullying Cindy Miller, Cynthia Lowen, 2012-09-04 Headlines are filled with tragic stories of senseless murders and suicides

that have resulted from child and teen bullying. As social networking and technology add to the ways that kids can be bullied, parents feel powerless against this insidious force that compels even good kids to participate in or enable bullying in schools, in extracurricular activities, online, and at home. The Essential Guide to Bullying brings together the wisdom and experience of two people who have witnessed bullying's causes and tragic effects. School social worker Cindy Miller teams with Cynthia Lowen, the co-creator of *Bully*, to arm parents and teachers with the knowledge they need to: - Understand the societal and human forces that are causing bullying to escalate - Discover who is most at risk for being bullied, being a bully, or not helping a bullying victim - Target-proof their kids and teach them coping skills - Identify even the most covert bullying situations - Infiltrate the world of cyberbullying and head off its disastrous effects - Intervene to stop a bullying situation - Know what legal recourse they have to back up other anti-bullying efforts
