Under the Sabers Tanya Biank,2006-02-07 Under the Sabers is a groundbreaking narrative detailing the complex personal challenges Army wives face, presenting a provocative new look at Army life. Tanya Biank goes beyond the sound bites and photo ops of military life and shows what it is really like to be an Army wife—from hauling furniture off the rental truck by yourself at a new duty station when your husband is in the field, to comforting your son who wants his dad home from Afghanistan for his fifth birthday—she takes readers into the hearts and homes of today's military wives. In the summer of 2002, Army wives were in the headlines after Biank, a military reporter for the Fayetteville Observer, made international news when she broke the story about four Army wives who were brutally murdered by their husbands in the span of six weeks at Fort Bragg, an Army post that is home to the Green Berets, Airborne paratroopers, and Delta Force commandos. By that autumn, Biank, an Army brat herself, realized the still untold story of Army wives lay in the ashes of that tragic and sensationalized summer. She knew the truth—wives were the backbone of the Army. They were strong—not helpless—and deserved more than the sugarcoating that often accompanied their stories in the media. Under the Sabers tells the story of four typical Army wives, who, in a flash, find themselves neck-deep in extraordinary circumstances that ultimately force them to redefine who they are as women and Army wives. In this fascinating and meticulously researched account, Biank takes the reader past the Army's gates, where everyone has a role to play, rules are followed, discipline is expected, perfection praised, and perception often overrides reality. Biank explores what happens when real life collides with Army convention. Biank describes what it means to be a wife and mother in a subculture that is in a constant state of readiness for war. In this hard-hitting and powerful book, Biank takes a close look at the other woman—the Army itself—and its impact on wives, marriages, and home life. This story of strength and perseverance is an eye-opener for those who have never experienced military life and an anthem to those women who each day live the unwritten code.

Kingdom Keepers IV Ridley Pearson,2022-03-08 For the five teens who modeled as Disney Hologram Imaging hosts, life is beginning to settle down when an intriguing video arrives to Philby's computer at school. It's a call for action: the Overtakers, a group of Disney villains, seem to be plotting to attempt a rescue of two of their leaders, both of whom the Disney Imagineers have hidden away somewhere following a violent encounter in Epcot. A staged attack by new Overtakers at Downtown Disney, startles the group. One of their own, Charlene, is acting strange of late. Has she tired of her role as a Kingdom Keeper or is there something more sinister at play? When caught sneaking into Epcot as her DHI, acting strictly against the group's rules, Finn and Philby take action. Has the impossible occurred? Have the Overtakers created their own holograms? Have they found a way to jump from the Virtual Maintenance Network onto the Internet, and if so, what does that mean for the safety of the parks, and the spread and reach of the Overtakers? Are they recruiting an army from outside the parks? A dark cloud in the Kingdom Keeper era is unfolding, and with dissention in their own ranks, it's unclear if there's any chance of escape.

Kingdom Keepers V Ridley Pearson,2022-03-08 As the five Kingdom Keepers enter high school, everything is about to change. The Maintenance Base that controls all four parks in Disney World is under attack by the Overtakers, a group determined to change Disney forever. Relationships between the Keepers are no longer as simple as they once were. In fact, nothing is as simple as it once was. An after-hours visit to Typhoon Lagoon is a game changer. The Keepers lose one of their most valuable supporters. But there's work to do . . . The Disney Dream leaves Port Canaveral on an historic cruise to Los Angeles with a special treat in store for guests: the Disney Host Interactive guides are on board. Finn, Maybeck, Charlene, Willa, and Philby join guests as the DHI experience moves to one of the most advanced cruise ships in the world. But all is not right below decks. Strange things are happening. Only the Kingdom Keepers know the truth behind their invitation to be in attendance: nearly every Disney villain is aboard the ship, including Maleficent. The Overtakers have infiltrated the cast and crew. And no one knows what they have planned. The Dream sets sail filled with enthusiastic guests and crew. But not for long. Maleficent takes over a video screen and warns the guests of trouble to come. With the ship arriving to the beaches of Castaway Cay--its first of many exotic ports of call--the Kingdom Keepers are under attack; back home the Base is threatened and about to fall. The Overtakers have expanded in ways never foreseen, and it's clear they intend to use this element of surprise to accomplish what has eluded them so far: victory. But not if Finn Whitman and friends have anything to say about it.

Kingdom Keepers II (Volume 2) Ridley Pearson,2020-04-14 It's supposed to be a happy day at the Magic Kingdom—the return of the teenaged holographic hosts. But things go very wrong when a sudden lightning storm disrupts the celebration, and Amanda's mysterious sister, Jez, disappears. The only clue is the sighting of a wild monkey in the Magic Kingdom during the storm. The mystery deepens as Finn is contacted by Wayne, an old man he hasn't heard from in months. Wayne tells Finn that there's trouble at the Animal Kingdom: the evil Overtakers have gained control of one of the computer servers that will be used to operate Daylight Holographic Imaging there. That means that if any of the holographic hosts fall asleep, they will go into comas—permanently. Filled with action and brimming with the same meticulous detail as *The Kingdom Keepers: Disney After Dark*, this second book in the series —*The Rise of Chernabog*—is the result of hands-on research behind the scenes at Disney's Animal Kingdom Park. Young and older readers alike will get a glimpse into a second Disney kingdom. The wild rides have only just begun; and the clock is ticking. How long can the teens keep themselves awake in their quest to find their friend—and what happens if they fail?
