Last Days: Zombie Apocalypse Ash Barker, 2018-06-28 *Last Days: Zombie Apocalypse* is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face – mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Black Ops Guy Bowers, 2015-10-20 *Black Ops* is a skirmish wargame of tactical espionage combat that recreates the tension and excitement of modern action-thrillers such as the Bond and Bourne films. The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of *Black Ops* should ever

be the same!

Oathmark Joseph A. McCullough,2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

One-Hour Wargames Neil Thomas,2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour—includes rule sets and scenarios for most popular periods. One of the biggest problems facing wargamers is finding the time to actually play. Most commercially available games require several hours to set up and see to a conclusion; some can even take a whole day or weekend to complete. Apart from time, lack of space can also keep wargamers from enjoying their favorite pastime. In One-hour Wargames, veteran gamer and rule-writer Neil Thomas has addressed both problems. Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor. The book contains 8 all-new sets of very simple rules for various periods—from Ancient to WW2—and thirty stimulating scenarios which can be played using any of them. All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield. The rules only require a small number of miniatures, so this really is an ideal way for new gamers, or veterans trying a new period, to get started with minimal investment of time and money. Also ideal for a quick game in the evening with a friend. Also included are sections on campaigns and solo games.

Oathmark: Bane of Kings Joseph A. McCullough, 2021-06-24 Time is the bane of all kings. Always does it march forward, bringing change and challenges, wars and disasters, invaders and internal rebellion. This supplement for *Oathmark: Battles of the Lost Age*, focuses on the passage of time and its effect on a player's kingdom. While wars and battle still determine their ultimate fate, many other events can affect the armies of a kingdom. Plagues and blights can reduce access to soldiers from specific territories. Attempted coups can cost a king some of his best generals. On the other hand, unexpected alliances might give a kingdom access to unusual troops, or the birth of a new heir might bring wondrous presents. Along with the rules for the passing of years, this book also presents the option to train your units to fight in special formations, such as phalanxes, shield walls, and skirmish lines. These will allow players to use their existing armies to try out new strategies and tactics to swing their battle in their favour. This book also includes several new military expeditions, including numerous scenarios, to once again challenge a player's generalship.

Hunted Meagan Spooner, 2017-03-14 New York Times bestselling author Meagan Spooner spins a thoroughly thrilling Beauty and the Beast story for the modern age, expertly woven with spellbinding romance, intrigue, and suspense that readers won't soon be able to forget. Beauty knows the Beast's forest in her bones—and in her blood. After all, her father is the only hunter who's ever come close to discovering its secrets. So when her father loses his fortune and moves Yeva and her sisters out of their comfortable home among the aristocracy and back to the outskirts of town, Yeva is secretly relieved. Out in the wilderness, there's no pressure to make idle chatter with vapid baronesses...or to submit to marrying a wealthy gentleman. But Yeva's father's misfortune may have cost him his mind, and when he goes missing in the woods, Yeva sets her sights on one prey: the creature he'd been obsessively tracking just before his disappearance. The Beast. Deaf to her sisters' protests, Yeva hunts this strange creature back into his own territory—a cursed valley, a ruined castle, and a world of magical creatures that Yeva's only heard about in fairy tales. A world that can bring her ruin, or salvation. Who will survive: the Beauty, or the Beast?

The Poems William Shakespeare, 2009-08-26 The Poems Shakespeare's greatest achievement in nondramatic verse was his collection of 154 magnificent sonnets that portray a tumultuous world of love, rivalry, and conflict among a poet, an aristocratic young man, a rival poet, and a mysterious "dark lady." More profound than other Elizabethan sonnet sequences and never surpassed as archetypes of the form, these poems explore almost every imaginable emotional complexity related to love and friendship. Some poems are dark, bitter, and self-hating, others express idealism with unmatched eloquence—and all are of quintessential beauty, part of the world's great literary heritage. In addition to his sonnets, Shakespeare published two long poems early in his career: *Venus and Adonis* and *The Rape of Lucrece*. Immediately popular in Shakespeare's time, they display a richness that can also reward us with insights into the

powerful imagery of his plays. Rounding out this volume are two minor poems, "A Lover's Complaint" and "The Phoenix and Turtle," thought to be part of Shakespeare's early writings.

London City of Revelation C.E. Street,2011-07 Paperback re-print of Earthstars The Visionary Landscape. London's Sacred sites are not scattered about the capital at random.Many form a recognisable pattern of sacred geometry, a vast temple groundplan identical to the design used to lay out Stonehenge's megaliths over 3,500 years ago. Astonishingly, it also relates to the measures and proportions of the New Jerusalem, The City of Revelation. If the conclusions drawn by the author are correct, this pattern is a circuit diagram of the forces of creation and a new evolutionary impulse is coming through our sacred sites, a transformatory influence which will change the way we perceive the world
