*Hip Hop in America: A Regional Guide [2 volumes]* Mickey Hess, 2009-11-25 An insightful new resource that looks at the rise of American hip hop as a series of distinct regional events, with essays covering the growth of hip hop culture in specific cities across the nation. Thoroughly researched, thoroughly in tune with the culture, *Hip Hop in America: A Regional Guide* profiles two dozen specific hip hop scenes across the United States, showing how each place shaped a singular identity. Through its unique geographic perspective, it captures the astonishing diversity of a genre that has captivated the nation and the world. In two volumes organized by broad regions (East Coast, West Coast and Midwest and the Dirty South), *Hip Hop in America* spans the complete history of rap—from its 1970s origins to the rap battles between Queens and the Bronx in the 1980s, from the well-publicized East Coast vs. West Coast conflicts in the 1990s to the rise of the Midwest and South over the past ten years. Each essay showcases the history of the local scene, including the MCs, DJs, b-boys and b-girls, label owners, hip hop clubs, and radio shows that have created distinct styles of hip hop culture.

*Creative Business Cards* Carmen Fong, Shantell Chen, 2014 Business cards are a statement of identity. Capable of conveying much more than contact information, they represent the creativity or style of a company in a very portable format. As an historical artifact in the digital age, they are constantly in danger of obsolescence and only those that truly stand out are memorable. One way to achieve the note

Am I the Only One (Sheet Music) Dierks Bentley, 2011-08-01 (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

Pecan Pie and Deadly Lies Nancy Naigle, 2016 When America's beloved country superstar Cody Tuggle is accused of murdering his scheming agent, he turns to his only alibi, award-winning photographer Kasey Phillips, who recently toured with him and his band, to help prove his innocence--

101 Two-Letter Words Stephin Merritt, 2014-09-29 A one-of-a-kind celebration of the 101 two-letter words allowed in Scrabble. Rolling Stone has called singer-songwriter Stephin Merritt of the Magnetic Fields "the Cole Porter of his generation"; *O, The Oprah Magazine* has hailed cartoonist Roz Chast as "the wryest pen since Dorothy Parker's." Together they have crafted a wonderfully witty book that is sure to prove useful to Scrabble players and Words With Friends addicts—and to delight anyone in thrall to the weirder corners of the English language. With the mordant wit and clever wordplay of Edward Gorey or Shel Silverstein, Stephin Merritt has written an original four-line rhyming poem for each of the 101 two-letter words included in *The Official Scrabble Players Dictionary*. Here are poems about familiar words (such as at, go, hi, no, and up) as well as obscure ones (such as aa, ka, oe, qi, xu). And every one of the 101 poems is accompanied by a full-color illustration by the incomparable cartoonist Roz Chast. *101 Two-Letter Words* is perfect for any language lover or Scrabble player (it may even improve your

score!).

Performing #MeToo Judith Rudakoff, 2023-04-21 This collection of essays applies a multinational lens to performances that explore the #MeToo movement. In October 2017, a wave of sexual assault allegations against Hollywood producer Harvey Weinstein prompted an outpouring of similar stories on Twitter and beyond, all bound by the same hashtag: #MeToo. The phrase, initially coined by activist Tarana Burke in 2006, reverberated across the internet and invigorated a movement. The essays in this volume engage with many of the performative interpretations of and responses to the #MeToo movement and invite reflection, discussion, and action. Written by an international group of scholars and artists, the essays bring a global perspective to discussions on topics at the intersection of the #MeToo movement and the performing arts, including celebrity feminism, the practice of protest as a coping mechanism, misogynistic speech, the politics of performance, rehearsing and performing intimacy, and more. Contributors highlight works they have performed, witnessed, or studied, offering analysis and nuance while creating an archive of a powerful cultural moment.

**Segregating Sound** Karl Hagstrom Miller, 2010-02-11 In *Segregating Sound*, Karl Hagstrom Miller argues that the categories that we have inherited to think and talk about southern music bear little relation to the ways that southerners long played and heard music. Focusing on the late nineteenth century and the early twentieth, Miller chronicles how southern music—a fluid complex of sounds and styles in practice—was reduced to a series of distinct genres linked to particular racial and ethnic identities. The blues were African American. Rural white southerners played country music. By the 1920s, these depictions were touted in folk song collections and the catalogs of “race” and “hillbilly” records produced by the phonograph industry. Such links among race, region, and music were new. Black and white artists alike had played not only blues, ballads, ragtime, and string band music, but also nationally popular sentimental ballads, minstrel songs, Tin Pan Alley tunes, and Broadway hits. In a cultural history filled with musicians, listeners, scholars, and business people, Miller describes how folklore studies and the music industry helped to create a “musical color line,” a cultural parallel to the physical color line that came to define the Jim Crow South. Segregated sound emerged slowly through the interactions of southern and northern musicians, record companies that sought to penetrate new markets across the South and the globe, and academic folklorists who attempted to tap southern music for evidence about the history of human civilization. Contending that people’s musical worlds were defined less by who they were than by the music that they heard, Miller challenges assumptions about the relation of race, music, and the market.

*The Solotype Catalog of 4,147 Display Typefaces* Dan X. Solo, 2014-05-05 The author of many books on typography, Dan X. Solo was also the proprietor of his own typography shop in Oakland, California – an establishment dedicated to unusual typography and special effects. This comprehensive catalog offers graphic designers a dazzling selection of over 4,000 typefaces and optical effects available from Solotype Typographers. Here, in Solo's words, is a great cast of characters – the alphabet – abetted by a cornucopia of typographical ideas and an endless resource of letters, words, phrases, slogans, logos, humorous comments, headlines, and graphic symbols. Individual

sections of the book display a rich variety of typefaces in categories such as Condensed, Victorian, Art Nouveau, Art Deco, Rustic, Thick-and-tin, Calligraphic, Uncials, Latins, and Blackletter. Samples are imaginatively presented. Stagecoach, for example, is printed in Fargo typeface, evoking dusty trails, rawhide, and ten-gallon hats, while Sizzling summer savings appears appropriately in the flamboyant Firebug typeface. All typefaces are indexed for quick and easy reference. As entertaining as it is practical and useful, this impressive treasury of versatile typefaces and optical effects will be indispensable to busy commercial artists as an inexhaustible source of typographic ideas and a swipe file of words, phrases, and letters for use in graphic art projects.

**Terrence Malick** Lloyd Michaels,2009 For a director who has made only four feature films over three decades, Terrence Malick has sustained an extraordinary critical reputation as one of America's most original and independent filmmakers. In this book, Lloyd Michaels analyzes each of Malick's four features in depth, emphasizing both repetitive formal techniques such as voiceover and long lens cinematography as well as recurrent themes drawn from the director's academic training in modern philosophy and American literature. Michaels explores Malick's synthesis of the romance of mythic American experience and the aesthetics of European art film. He performs close cinematic analysis of paradigmatic moments in Malick's films: the billboard sequence in *Badlands*, the opening credits in *Days of Heaven*, the philosophical colloquies between Witt and Welsh in *The Thin Red Line*, and the epilogue in *The New World*. This richly detailed study also includes the only two published interviews with Malick, both in 1975 following the release of his first feature film.

*Writing Gordon Lightfoot* Dave Bidini,2011-10-18 From acclaimed musician and author Dave Bidini comes a brilliantly original look at a folk-rock legend and the momentous week in 1972 that culminated in the Mariposa Folk Festival. July, 1972. As musicians across Canada prepare for the nation's biggest folk festival, held on Toronto Island, a series of events unfold that will transform the country politically, psychologically--and musically. As Bidini explores the remarkable week leading up to Mariposa, he also explores the life and times of one of the most enigmatic figures in Canadian music: Gordon Lightfoot, the reigning king of folk at the height of his career. Through a series of letters, Bidini addresses Lightfoot directly, questioning him, imagining his life, and weaving together a fascinating, highly original look at a musician at the top of his game. By the end of the week, the country is on the verge of massive change and the '72 Mariposa folk fest--complete with surprise appearances by Bob Dylan, Neil Young, Joni Mitchell, and yes, Lightfoot--is on its way to becoming legendary.

**All I Ask of You (from The Phantom of the Opera) Sheet Music** Barbra Streisand,1989-01-01 (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

**Hip Hop in America: East Coast and West Coast** Mickey Hess,2010 This book looks at the rise of American hip hop as a series of distinct regional events, with essays covering the growth of hip hop culture in specific cities across the nation. In the three decades since its beginnings on the streets of the Bronx, hip hop has become a

signature genre of American music, a genuine cultural phenomenon. Although hip hop was once defined by its legendary East Coast/West Coast rivalries, New York and LA are not the whole story. Around the nation, places as unlikely as Honolulu and Louisville have put their own distinctive spin on the music. In tune with the culture, this work profiles two dozen specific hip hop scenes across the United States, showing how each place shaped a singular identity. Through its geographic perspective, it captures the astonishing diversity of a genre that has captivated the nation and the world. In two volumes organized by broad regions (East Coast, West Coast and Midwest and the Dirty South), it spans the complete history of rap from its 1970s origins to the rap battles between Queens and the Bronx in the 1980s, from the well-publicized East Coast v. West Coast conflicts in the 1990s, to the rise of the Midwest and South over the past ten years. Each essay showcases the history of the local scene, including the MCs, DJs, b-boys and b-girls, label owners, hip hop clubs, and radio shows that have created distinct styles of hip hop culture.

*Metaphonics* Stuart Hyatt, Janneane Blevins, 2018-09-18 *Metaphonics: The Complete Field Works Recordings* is a sprawling anthology of site-responsive music, imagery, and original text, spanning 7 vinyl LPs and a hardbound book. Inspired by Stuart Hyatt's audio field recordings, musicians from around the world have contributed complex sonic narratives under the Field Works banner. Each album begins with Hyatt's samples and soundscapes from a particular time and location, weaving them into musical phrases and ultimately into song cycles intended to give the listener a heightened and more nuanced sense of place. The companion book, *Metaphonics*, offers the listener context through original essays on acoustic ecology, human noise, and the aesthetics of our soundscape.-- Publisher's website.

**XXXXX** Xxxxxx, Martin Howse, 2006 xxxxx proposes a radical, new space for artistic exploration, with essential contributions from a diverse range of artists, theorists, and scientists. Combining intense background material, code listings, screenshots, new translation, [the] xxxxx [reader] functions as both guide and manifesto for a thought movement which is radically opposed to entropic contemporary economies. xxxxx traces a clear line across eccentric and wide ranging texts under the rubric of life coding which can well be contrasted with the death drive of cynical economy with roots in rationalism and enlightenment thought. Such philosophy, world as machine, informs its own deadly flipside embedded within language and technology. xxxxx totally unpicks this hiroshimic engraving, offering an dandyish alternative by way of deep examination of software and substance. Life coding is primarily active, subsuming deprecated psychogeography in favour of acute wonderland technology, wary of any assumed transparency. Texts such as *Endonomadology*, a text from celebrated biochemist and chaos theory pioneer Otto E. Roessler, who features heavily throughout this intense volume, make plain the sadistic nature and active legacy of rationalist thought. At the same time, through the science of endophysics, a physics from the inside elaborated here, a delicate theory of the world as interface is proposed. xxxxx is very much concerned with the joyful elaboration of a new real; software-led propositions which are active and constructive in eviscerating contemporary economic culture. xxxxx embeds Perl Routines to Manipulate London, by way of software artist and

Mongrel Graham Harwood, a Universal Dovetailer in the Lisp language from AI researcher Bruno Marchal rewriting the universe as code, and self explanatory Pornographic Coding from plagiarist and author Stewart Home and code art guru Florian Cramer. Software is treated as magical, electromystical, contrasting with the tedious GUI desktop applications and user-led drudgery expressed within a vast ghost-authored literature which merely serves to rehearse again and again the demands of industry and economy. Key texts, which well explain the magic and sheer art of programming for the absolute beginner are published here. Software subjugation is made plain within the very title of media theorist Friedrich Kittler's essay Protected Mode, published in this volume. Media, technology and destruction are further elaborated across this work in texts such as War.pl, Media and Drugs in Pynchon's Second World War, again from Kittler, and Simon Ford's elegant take on J.G Ballard's crashed cars exhibition of 1970, A Psychopathic Hymn. Software and its expansion stand in obvious relation to language. Attacking transparency means examining the prison cell or virus of language; life coding as William Burrough's cutup. And perhaps the most substantial and thorough-going examination is put forward by daring Vienna actionist Oswald Wiener in his Notes on the Concept of the Bio-adapter which has been thankfully unearthed here. Equally, Olga Goriunova's extensive examination of a new Russian literary trend, the online male literature of udiff.com provides both a reexamination of culture and language, and an example of the diversity of xxxxx; a diversity well reflected in background texts ranging across subjects such as Leibniz' monadology, the ur-crash of supreme flaneur Thomas de Quincey and several rewritings of the forensic model of Jack the Ripper thanks to Stewart Home and Martin Howse. xxxxx liberates software from the machinic, and questions the transparency of language, proposing a new world view, a sheer electromysticism which is well explained with reference to the works of Thomas Pynchon in Friedrich Kittler's essay, translated for the first time into English, which closes xxxxx. Further contributors include Hal Abelson, Leif Elggren, Jonathan Kemp, Aymeric Mansoux, and socialfiction.org.
