Pathfinder Module Mike Shel,2013-05 Founded by a famous dragonslayer, the small town of Belhaim has become a sleepy rural community just off the beaten path, a settlement where everyone knows everyone and strangers are the talk of the town. But when Belhaim's peace and quiet is shattered by the sudden collapse of the last standing tower of its founder's castle, things quickly bloom out of control. Why were there bodies of kobolds amid the rubble? What's the sinister secret behind the strange sounds of flapping wings in the night? And what's happened to local wizard Balthus Hunclay, who's not answering knocks on his door? The collapsed tower had long been an eyesore to the cantankerous old man-could he have had something to do with its destruction? And what of the rumors of strange stirrings in nearby Dragonfen? Has Belhaim's ancient draconic nemesis returned? The Dragon's Demand is a deluxe super-adventure for 1st-level characters, and includes 64 action-packed pages of adventure and new monsters, plus a beautiful double-sided, full-color poster map of the town of Belhaim and an important miniatures-scale battleground! Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy

in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
