Bedford Buses and Coaches Nigel R B Furness,2016-08-31 Bedford Buses and Coaches provides a detailed review of the entire range of purpose-built Public Service Vehicle (PSV) bus and coach chassis that carried the Bedford name from 1931 until production ceased in 1986. Bedfords were once a familiar sight on the roads not only of the United Kingdom, but throughout the world. They were produced in such volume that the advertising slogan 'You see them everywhere' was quite legitimately adopted by Vauxhall Motors, the manufacturer of Bedford vehicles. Fully illustrated throughout with hundreds of photographs, the majority in colour, the book includes detailed descriptions of the Bedford petrol and diesel engines and other manufacturers engines used in Bedford bus and coach chassis. Detailed specifications and production histories are given for all the full-size passenger chassis including the WHB/WLB, WTB, OB/OWB, SB, VAS, VAL, VAM, Y-series

and the Venturer. Road tests and owners' experiences are covered along with advice on buying and restoring a Bedford bus or coach. This book will be of great interest to all bus enthusiasts and historians and is superbly illustrated with 200 colour and 50 black & white photographs.

Shapes Shaoqiang Wang,2017 This book is about geometric shapes, widely used by graphic designers and applied to all the fields of communication.

Registration Plates of the World Neil Anthony Parker,John Weeks,2004

They Once Were Shipbuilders R. O. NEISH,2019-10-31 Leith-Built Ships is a testimony to the skill of the men who built the ships and to the many men and women who may have sailed or served on them. This history is brought together in vol. I of a three-volume series about the almost-forgotten part that Leith played in our great maritime heritage and is the culmination of the author's lifetime experience of shipbuilding. Most people may well be aware of the part played by the great shipbuilding centres in the UK's history but many may be unaware of the part played by the shipbuilders of Leith. This port was once Scotland's main port with many firsts to its name. Leith had begun building ships some 400 years before the great shipyards of the Clyde and these vessels reached all corners of the globe, touching many people's lives. Some had sad histories while others took part in some of the great conflicts of the times; many were just ordinary working vessels that carried their crew safely through long working lives. With a pedigree of shipbuilding second to none going back over 660 years of recorded history, the ships built at Leith deserve their place in history and this book begins the story.
