Rodigan David Rodigan, 2017-03-02 'THE BOOK THAT EVERY REGGAE FAN SHOULD READ' John Masouri, Echoes 'Rodigan can still claim a currency few presenters of his vintage can match. Perhaps it's because while his wider musical and professional milieu has been in constant change, his boundless enthusiasm has been constant. Reggae's been lucky to have him' Ian Harrison, MOJO 'Rodigan was a major part of my childhood, he played the hottest tunes and in a style that just resonated with me and millions like me. Being able to contribute anything to a man that filled my life with such joy is an honour, respect, David Rodigan' Ian Wright 'David is a pioneer in Reggae music. As a selector and radio personality, his vast knowledge of Jamaican music and its culture has helped to educate and fascinate music lovers around the world; he's an amazing son of the music, and an icon. We couldn't have made it this far without him' Shaggy This is the unlikely story of David Rodigan: an Army sergeant's son from the English countryside who has become the man who has taught the world about Reggae. As the sound of Jamaica has morphed over five decades through a succession of different genres - from Ska and Rock Steady, to Dub, Roots and Dancehall - Rodigan has remained its constant champion, winning the respect of generation after generation of Reggae followers across the globe. Today, at the age of 63, he is a headline performer at almost all the UK's big music festivals, as well as events across the world. Young people revere him and he is a leading presenter on the BBC's youth network 1Xtra as well as a regular fixture at leading nightclubs such as London's Fabric and at student unions throughout the land. And he continues to go into the heartlands of Reggae, to the downtown dancehalls of Kingston and Montego Bay in Jamaica to compete in tournaments against the greatest sound systems. And yet, for all of this, David Rodigan is the antithesis of the stereotype of an international dance music DJ. 'I look like an accountant or a dentist,' he admitted to The Independent a decade ago. A man of impeccable manners, Rodigan prepares for a big sound clash by retiring to his hotel bed with a Thomas Hardy novel before taking a nap and then a cup of espresso before heading to the club. Rodigan is the inside story of this apparent paradox. It tells how a boy from Kidlington has become an admired international ambassador for a music form that remains as proud as ever of its African roots, a sound that emanates from and fiercely represents the ghetto poor. He now reaches across the age groups, from teens through to those of his own vintage. At the pinnacle of his career, Rodigan has become the DJ for all generations. 'David Rodigan is a force of nature. His spirit and passion are a rare and wonderful thing. He has dedicated his life to carrying the torch for Reggae music and is hugely respected all over the world for his knowledge and talent as a broadcaster and a DJ. Long may he reign on our stages and on our airwaves' Annie Mac

The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With

contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." My Brown Baby Denene Millner, 2020-05-05 From noted parenting expert and New York Times bestselling author Denene Millner comes the definitive book about parenting African American children. For over a decade, national parenting expert and bestselling author Denene Millner has published thought-provoking, insightful, and wickedly funny commentary about motherhood on her critically acclaimed website, MyBrownBaby.com. The site, hailed a "must-read" by The New York Times, speaks to the experiences, joys, fears, and triumphs of African American motherhood. After publishing almost 2,000 posts aimed at lifting the voices of parents of color, Millner has now curated a collection of the website's most important and insightful essays offering perspectives on issues from birthing while Black to negotiating discipline to preparing children for racism. Full of essays that readers of all backgrounds will find provocative, My Brown Baby acknowledges that there absolutely are issues that Black parents must deal with that white parents never have to confront if they're not raising brown children. This book chronicles these differences with open arms, a lot of love, and the deep belief that though we may come from separate places and have different backgrounds, all parents want the same things for our families—and especially for our children.

Amotopoan Trails Jimmy Mans, 2012 In this book the concept of mobility is explored for the archaeology of the Amazonian and Caribbean region. As a result of technological and methodological progress in archaeology, mobility has become increasingly visible on the level of the individual. However, as a concept it does not seem to fit with current approaches in Amazonian archaeology, which favour a move away from viewing small mobile groups as models for the deeper past. Instead of ignoring such ethnographic tyrannies, in this book they are considered to be essential for arriving at a different past. Viewing archaeological mobility as the sum of movements of both people and objects, the empirical part of Amotopoan Trails focuses on Amotopo, a small contemporary Trio village in the interior of Suriname. The movements of the Amotopoans are tracked and positioned in a century of Trio dynamics, ultimately yielding a recent archaeology of Surinamese-Trio movements for the Sipaliwini River basin (1907-2008). Alongside the construction of this archaeology, novel mobility concepts are introduced. They provide the conceptual footholds which enable the envisioning of mobility at various temporal scales, from a decade up to a century, the sequence of which has remained a blind spot in Caribbean and Amazonian archaeology.

Curating As Anti-Racist Practice Natalie Bayer, Belinda Kazeem-Kaminski, Nora Sternfeld, 2019-04 The anthology Curating as Anti-Racist Practice reflects upon museums and exhibitions from the perspective of postcolonial museology and critical migration and regime research. Beyond critical analysis, this collection of texts is about collecting strategies and forms of action that make it possible to think of curating as anti-racist practice. Using as springboards the intersections between social battlefields and curatorial

practices, as well as a focus on agency, this book examines the relationality of struggles for and against representation. Therefore, the focus is on discursive strategies of resistance, contact zones and approaches to re-appropriation. [publisher].

Guy Fieri Food (Enhanced Edition) Guy Fieri, Ann Volkwein, 2011-05-03 This book is enhanced with content such as audio or video, resulting in a large file that may take longer to download than expected. The enhanced edition includes video and two top-10 lists from the author. If you've checked out my *Diners*, *Drive-ins* and *Dives* books or visited my restaurants, Johnny Garlic's and Tex Wasabi's, you know I'm down with all types of good food—and that I'll do what's required to track it down. In *Guy Fieri Food*, I'm cookin' it my way, from the perfect recipe for Pepper Jack Pretzels (from Mr. Awesome Pretzel himself—that's me) to how to pull together a Red Rocker Margarita Chicken sandwich to a full-on vegetable Guy'd (bet you didn't see that one comin'!). Before I'm finished I'll have you throwing parties with everything from Bacon-Jalapeno Duck appetizers to Chicago Beef Pizza to Johnny Garlic's Cedar Plank Salmon. Fact is, I've been cookin' it, livin' it, and lovin' it since I was just a kid, and it's a privilege to help you bring home some of my own classic, big, and bold flavors.

A Man Runs Into a Woman Sarah Jane Barnett, 2012 In *A Man Runs into a Woman*, Barnett looks at the different ways to tell a person's story: two middle-aged men strike up an unlikely friendship, one couple reconnects after the war, while another couple leaves the worst unsaid, and a cross-dressing man talks with his daughter. A series of nine distinctive poems explore the gap between the heartfelt last words of Texas death row inmates, and the grim police reports of their crimes.

Indigenous and Decolonizing Studies in Education Linda Tuhiwai Smith, Eve Tuck, K. Wayne Yang, 2018-06-14 Indigenous and decolonizing perspectives on education have long persisted alongside colonial models of education, yet too often have been subsumed within the fields of multiculturalism, critical race

theory, and progressive education. Timely and compelling, *Indigenous and Decolonizing Studies in Education* features research, theory, and dynamic foundational readings for educators and educational researchers who are looking for possibilities beyond the limits of liberal democratic schooling. Featuring original chapters by authors at the forefront of theorizing, practice, research, and activism, this volume helps define and imagine the exciting interstices between Indigenous and decolonizing studies and education. Each chapter forwards Indigenous principles - such as Land as literacy and water as life - that are grounded in place-specific efforts of creating Indigenous universities and schools, community organizing and social movements, trans and Two Spirit practices, refusals of state policies, and land-based and water-based pedagogies.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Truth Garden Emma Neale, 2012 The breath held or expelled in wonder, frustration or delight energises Emma Neale's writing. Poems in *The Truth Garden* take risks because they need to; in the clamour of family life they have required attention, collected thought and a spirited attitude. How else to stockpile time, how hoard its shine, except in poems drawn from relationships, home and garden and cast in words that spill like incandescence around your hands. - Cilla McQueen, 2011 Kathleen Grattan Award judge *** *The Truth Garden* is a beautifully produced collection of poetry that won the Kathleen Grattan Award for Poetry 2011. The award was established with a bequest by Jocelyn Grattan, in memory of her mother, who was a poet, journalist, and editor. *The Truth Garden* is produced with attention to the traditional qualities of fine book production, in typography, illustration, design, paper, and binding. Additionally, the book is illustrated by Kathryn Madill and designed by Fiona Moffat.

Lowrider Coloring Book Oscar Nilsson, 2011-04-14 Paint your own lowrider

just the way you like it! Impalas, Cadillacs and Rivas. In the Lowrider Coloring Book, you will color the classic and most popular Lowrider models. Lowrider culture reaches back to 1930s Los Angeles, where it became popular for style-conscious Latino-Americans to load their cars with sandbags to bring it closer to the road. Style was everything, and when lowered cars were banned in California in the 1950s, it became necessary to find a way to raise and lower the car simply to avoid fines. The solution was to use hydraulics from old fighter planes left over from World War II. The rapper Kid Frost showcased lowriding in the early 90s hit Lowrider, and since then, the cars are closely associated with hip hop culture. Today, lowriding is bigger than ever with thousands of enthusiasts in most parts of the world. All strive to outdo each other with the most elegant varnish, interior, hydraulics, chrome and rims. The custom cars you'll be coloring in the Lowrider Coloring book were converted by some of the best and most legendary enthusiasts. What color is your Impala?

A Theory of Craft Howard Risatti, 2009-12 What is craft? How is it different from fine art or design? In *A Theory of Craft*, Howard Risatti examines these issues by comparing handmade ceramics, glass, metalwork, weaving, and furniture to painting, sculpture, photography, and machine-made design from Bauhaus to the Memphis Group. He describes craft's unique qualities as functionality combined with an ability to express human values that transcend temporal, spatial, and social boundaries. Modern design today has taken over from craft the making of functional objects of daily use by employing machines to do work once done by hand. Understanding the aesthetic and social implications of this transformation forces us to see craft as well as design and fine art in a new perspective, Risatti argues. Without a way of understanding and valuing craft on its own terms, the field languishes aesthetically, being judged by fine art criteria that automatically deny art status to craft objects. Craft must articulate a role for itself in contemporary society, says Risatti; otherwise it will be absorbed by fine art or design and its singular approach to understanding the world will be lost. *A Theory of Craft* is a signal contribution to establishing a craft theory that recognizes, defines, and celebrates the unique blend of function and human aesthetic values embodied in the craft object.
