*Eyes as Big as Plates* Karoline Hjorth, Riitta Ikonen, 2017 *Eyes as Big as Plates* is an ongoing collaborative photography and sculpture project by Norwegian-Finnish artist duo Karoline Hjorth and Riitta Ikonen (both born 1980). Initially a play on characters from Nordic folklore, the series has evolved into a search for the human connection to nature. Hjorth & Ikonen work together throughout the process with their complementary skills (Karoline is the photographer in the duo, while Riitta works mainly with the creation of the wearable sculptures). Since 2011 the duo has collaborated with retired farmers, fishermen, zoologists, plumbers, opera singers, housewives, artists and academics. Each character inhabits the landscape in a wearable sculpture made from natural materials. The book features portraits, field notes, essays and behind-the-scenes stories from many of the project's 60 shoots. With international press coverage in the Huffington Post, the BBC, TIME LightBox, Life and elsewhere, plus a highly successful Kickstarter campaign attracting a large American audience, the series has developed into a project with universal appeal.

**The Challenge** Alan Drake, 2023-12-28 God invites you to cast your cares on Him, because He cares for you (1 Peter 5:7). It is natural to seek first to meet our own needs and the needs of our family members, but God invites us to make an exchange. He invites us to cast our concerns on Him, and He promises to care

for us better than we could take care of ourselves. In exchange, He desires for us to take on His concerns, His priorities, and seek His Kingdom first.

**Music Scenes** Andy Bennett, Richard A. Peterson, 2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

**Dolls of Hope** Shirley Parenteau, 2015-09-22 How daring is Chiyo prepared to be to keep the American Friendship Doll safe? Inspired by a little-known historical event, this engaging companion to Ship of Dolls is told from a Japanese girl's point of view. When eleven-year-old Chiyo Tamura is sent from her home in a small Japanese mountain village to a girls' school in the city of Tsuchiura, she never imagines that she will soon be in Tokyo helping to welcome more than twelve thousand Friendship Dolls from America—including Emily Grace, a gift to her own school. Nor could she dream that she'd have an important role in the crafting of Miss Tokyo, one of fifty-eight Japanese dolls to be sent to America in return. But when an excited Chiyo is asked to be Emily Grace's official protector, one jealous classmate will stop at nothing to see her fail. How can Chiyo reveal the truth—and restore her own good name? In another heartwarming historical novel, the author of Ship of Dolls revisits the 1926 Friendship Doll exchange, in which teacher-missionary Sidney Gulick organized

American children to send thousands of dolls to Japan in hopes of avoiding a future war.

*Jugaad Time* Amit S. Rai, 2019-02-05 In India, the practice of jugaad—finding workarounds or hacks to solve problems—emerged out of subaltern strategies of negotiating poverty, discrimination, and violence but is now celebrated in management literature as a disruptive innovation. In *Jugaad Time* Amit S. Rai explores how jugaad operates within contemporary Indian digital media cultures through the use of the mobile phone. Rai shows that despite being co-opted by capitalism to extract free creative labor from the workforce, jugaad is simultaneously a practice of everyday resistance, as workers and communities employ hacks to oppose corporate, caste, and gender power. Locating the tensions surrounding jugaad—as both premodern and postdigital, innovative and oppressive—Rai maps how jugaad can be used to undermine neoliberal capitalist media ecologies and nationalist politics.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Time Is a Mother** Ocean Vuong, 2022-04-05 The New York Times-bestselling collection of poems from the award-winning writer Ocean Vuong Take your time with these poems, and return to them often.” —The Washington Post How else do we return to ourselves but to fold The page so it points to the good part In this deeply intimate second poetry collection, Ocean Vuong searches for life among the aftershocks of his mother’s death, embodying the paradox of sitting within grief while being determined to survive beyond it. Shifting through memory, and in concert with the themes of his novel On Earth We’re Briefly Gorgeous, Vuong contends with personal loss, the meaning of family, and the cost of being the product of an American war in America. At once vivid, brave, and propulsive, Vuong’s poems circle fragmented lives to find both restoration as well as the epicenter of the break. The author of the critically acclaimed poetry collection Night Sky With Exit Wounds, winner of the 2016 Whiting Award, the 2017 T. S. Eliot Prize, and a 2019 MacArthur fellow, Vuong writes directly to our humanity without losing sight of the current moment. These poems represent a more innovative and daring experimentation with language and form, illuminating how the themes we perennially live in and question are truly inexhaustible. Bold and prescient, and a testament to tenderness in the face of violence, Time Is a Mother is a return and a forging forth all at once.
