Marchal, Douglas A. Lind, Kathleen Whitcomb, Samuel A. Wathen, 2011-01-21 Business, Government, and Society, by Steiner and Steiner, tells the story

of how forces in business, government and society shape our world. While current events move rapidly over the surface of the subject matter, the underlying principles and relationships at its core lie undisturbed. The thorough blend of history and today's events help students understand the entire context of forces at work in business, government, and society. A new emphasis on management issues and processes allows students to apply the principles they learn to real world situations.

Zoo Station Christiane F., 2019-08-01 This incredible autobiography of Christiane F. provides a vivid portrait of teen friendship, drug abuse, and alienation in and around Berlin's notorious Zoo Station. Christiane's rapid descent into

heroin abuse and prostitution is shocking, but the boredom, longing for acceptance, thrilling risks, and even her musical obsessions are familiar to everyone. Previously published in Germany and the US to critical acclaim, Zest's new translation includes original photographs of Christiane and her friends.

Ligeia Edgar Allan Poe, 2020-08-26 From time immemorial, men have trembled and withered before the power of the femme fatale. Ligeia is a story about a man, whose meeting with a strange, beautiful, and overly intellectual woman in an old city borders on the supernatural and even further into the realms of the unknown. Touching upon subjects like forbidden knowledge and bizarre beauty, Poe's story serves as an example of what awaits men who are easily led astray and then lost in the labyrinthine vistas of female beauty. Famous movie adaptations include Alfred

Hitchcock's *Vertigo* (1958) and Roger Corman's *The Tomb of Ligeia* (1964). Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include *The Raven* (1845), *The Black Cat* (1843), and *The Gold-Bug* (1843).
