Paper Christmas Emily Dawe, 2018-07-01 Create a perfect

handmade holiday with sixteen papercraft projects: "Of note are the rolled Christmas tree card, the folded book angels, and the advent houses." —Booklist Craft your own Christmas with the sixteen festive papercraft projects included in this collection, ranging from simple yet effective bunting to intricate snowflake tree decorations, bell jar Christmas trees, and an advent calendar village. Give your holiday season the homemade touch with projects from wrapping paper to tree decorations, using very few materials and innovative techniques such as printing with shaving

foam and creating stunning greeting cards using gold embossing ink. "Considering variations—like luggage and bunting gift tags—as well as alternative uses (e.g., turn a paper feather tag into a garland)...there are far more than sixteen potential projects and outcomes here . . . good, step-by-step color photographs, which are all captioned simply." —Booklist

The Repurposed Library Lisa Occhipinti, 2019-11-26 "How-to instructions on crafting with books . . . will inspire you to think about creative ways to make new treasures out of old things" (The Virginian-Pilot). We all love to read and learn from books, but The Repurposed Library takes our passion even further, presenting us with thirty-three projects to make—quite literally—out of books. For these projects, Lisa Occhipinti rescues and repurposes orphaned and outdated books from flea markets and library sales and turns them into new art objects and practical items for the home. Her creations range from artfully constructed mobiles, wreaths, and vases, to functional items like shelves, storage boxes, and even a Kindle "keeper" for those who want to replicate the sensation of holding a "real" book while reading from an e-reader. Projects utilize every imaginable part of a book—from hardback cover to individual pages—and are a DIY celebration of a new way to view a book's potential. "Occhipinti's 'repurposed' books are truly beautiful art objects, and whether or not you're crafty enough to give them a try yourself, her book is thoroughly enjoyable." —Fine Books and Collections "She shows readers how to transform books into mobiles, lamp shades, even clocks." —National Post

Scissors, Paper, Craft Christine Leech, 2013 Paper - both affordable and universally available - is possibly the most versatile material in the crafter's kit box. In this book, Christine Leech demonstrates 30 original and creative ideas for lovely things to make from paper

Ali Cavanaugh Ali Cavanaugh, 2019 Modern Fresco Paintings is the first collection of Ali Cavanaugh's paintings, and it follows

her entire career using watercolor on kaolin clay to create her modern fresco technique and the lovely work that flows from it. Beginning with her hyper-realistic portraits and ending with her latest, more free-flowing pictures, her use of light, color, and the human form captures the essence of her models and their forms and feelings in a particular moment. Cavanaugh's artistic sensibility was developed by two important events in her childhood. Her dependence on the visual world began when she lost much of her hearing through spinal meningitis when she was two, and her creative spirit developed out of her being raised in a rural environment where she had to create her own ways of expressing herself and making her own fun. She developed her stunning modern fresco medium almost by accident as she was learning to apply the outer layer of plaster to her home in Santa Fe, New Mexico. Since that time this volume illustrates her growth as an artist and her mastery of the technique. These are lovely works, painted masterfully. Both long-time followers of Cavanaugh's work--from the earliest Sock Arms paintings to those who found her through more recent work like the Chroma series--and those who are discovering her and her art for the first time, will be delighted by this collection.
