Ish Peter H. Reynolds,2013-09-10 Features an audio read-along! A creative spirit learns that thinking “ish-ly” is far more wonderful than “getting it right” in this gentle new fable from the creator of the award-winning picture book *The Dot*. Ramon loved to draw. Anytime. Anything. Anywhere. Drawing is what Ramon does. It's what makes him happy. But in one split second, all that changes. A single reckless remark by Ramon's older brother, Leon, turns Ramon's carefree sketches into joyless

struggles. Luckily for Ramon, though, his little sister, Marisol, sees the world differently. She opens his eyes to something a lot more valuable than getting things just right. Combining the sparseness of fable with the potency of parable, Peter Reynolds shines a bright beam of light on the need to kindle and tend our creative flames with care.

Bind up a DIY storybook and use it to sketch out adventures and dreams. Construct a paper flower bouquet, a paper terrarium, a fortune-teller with prompts like Lend someone a book and tell them why you recommend it. Plus there are *Flow*'s signature paper goodies, including a foldout paper banner, postcards, glitter stickers, a paper doll, a two-sided poster, and so much more. It's a pure hands-on treat. Every page is an activity! Includes: Decorative cutouts Cards for friends A DIY storybook Stamp stickers Photo booth props ...and more!

Making Memory Boxes Anna Corba, 2005 Say the words memory box and many people instantly think of shadow boxes. Not designer Anna Corba! She let her imagination run wild, went beyond the ordinary, and in the process totally redefined the tradition. Corba, author of the very successful *Vintage Paper Crafts*, creates romantic, charming projects that use such unexpected items as tins and wooden crates as a starting point. Outside, she decorates with buttons, polish, fabric, sheet music, stamps, and seashells; inside, she places anything that will evoke wonderful memories, including vacation souvenirs and family recipes. Among her clever ideas: Baby's New Nest, made from a birdcage and adorned with photographs and alphabet blocks and a velvet beribboned Opera Box for storing cherished programs.

From creating flag books and fishbones, to blizzards and nesting boxes, you'll gain an invaluable insight into the work of two skilled artists with this fun read! With the help of their thorough instructions and simple illustrations, you'll be on your way to becoming a pro paper crafter in no time at all – Sew magazine A wonderful insight into the work of a truly skilled artist – PaperCrafter The renowned and influential book artist Hedi Kyle shows you step-by-step how to create her unique designs using folding techniques in *The Art of the Fold*. Bookbinding and paper craft projects include flag books, blizzard books, the fishbone fold, and nesting boxes. Written by the doyenne of artists' books, Hedi Kyle, *The Art of the Fold* is a wonderful insight into the work of a truly skilled artist. Hedi will show you how to bind a book and fold paper to create over 35 of her cut-fold book designs. The book is beautifully illustrated with Hedi's finished works of art. An excerpt from the book: 'I can still remember the thrill I experienced when my first folded book structure emerged from my fingers – how eager I was to explore its possibilities and to share it with whoever was interested. The Flag Book, as I now call it, is a simple accordion and has interlocking pages oriented in opposite directions. Little did I know that this simple structure would have legs and be the catalyst for the next forty-plus years of thinking about and making books. The common perception of the book today is fairly straightforward: a series of pages organized around a spine and protected on either side by two covers. This format allows for easy access, storage and retrieval of information. Yet what happens when the book is stripped away of centuries of preconceptions and is allowed to reveal something else: playfulness,

utility, invention? Expanding the notion of the book is what the structures in the following chapters of *The Art of the Fold* attempt to do. Exploring its tactile, sculptural form, primarily through folding methods, the book as a structural object is celebrated while content is considered in a new and unconventional way. My range in this medium has always been broad. In part this is due to my introduction to the world of bookbinding and some chance encounters. In the 1970s in New York City, the art and craft of hand bookbinding and papermaking were experiencing an unprecedented revival. I was fortunate to arrive in the city at just this moment. With an art-school background and an impulse to make things, I was naturally drawn to pursue this new opportunity. The Center for Book Arts, the famous forerunner of so many centers yet to come, was located in a small storefront just down the street from where I lived on the Lower East Side of Manhattan. Under the direction of founder Richard Minsky, it had a radical mission: to push concept, materials, printing and making of artist books in a new direction. When Richard dared me to teach at the Center one evening a week, I was hooked. My career as a book conservator and a book artist has now spanned over 45 years. As head conservator at the American Philosophical Society in Philadelphia, I've had the opportunity to handle some of the rarest volumes and manuscripts in the world. I have also dealt with decrepit books, torn maps and countless curiosities discovered in stacks and archives. All were endless sources for ideas and provided a springboard for a departure from tradition. Leading book-arts workshops around the world and a 25 year tenure teaching in the graduate program for Book Arts and Printmaking at the University of the Arts in Philadelphia have shown me, in retrospect, that the more I taught, t

The EARTH Book (Illustrated Edition) Todd Parr, 2011-02-21 I take care of the earth because I know I can do little things every day to make a BIG difference... With his signature blend of playfulness and sensitivity, Todd Parr explores the important, timely subject of environmental protection and conservation in this eco-friendly picture book. Featuring a circular die-cut Earth on the cover, and printed entirely with recycled materials and nontoxic soy inks, this book includes lots of easy, smart ideas on how we can all work together to make the Earth feel good - from planting a tree and using

both sides of the paper, to saving energy and reusing old things in new ways. Best of all, the book includes an interior gatefold with a poster with tips/reminders on how kids can go green everyday. Equally whimsical and heartfelt, this sweet homage to our beautiful planet is sure to inspire readers of all ages to do their part in keeping the Earth happy and healthy.

The Mighty Silent e! Kimberlee Gard, 2020-08-18 Little e is sure he could be a hero—he even has the cape to prove it! But at school, he is so quiet, he just doesn’t stand out. That is, until one day when Little e doesn’t show up to class. The other letters don’t even notice he’s gone at first, but when c, a, and k try to form a word for dessert, they realize that no matter what they do, they can’t make it work. The whole class is in an uproar! Without their silent friend, what are they going to do? Will Little e finally get his chance to come to the rescue? With adorable illustrations, helpful examples, and a cute classroom setting, *The Mighty Silent e* teaches spelling and vowel sounds in a new, exciting way that is sure to engage and successfully teach even the most stubborn reader. And its message about how every child's identity and diversity is valued through the clever story will encourage children to celebrate their unique contribution.

I Don't Want to Be a Frog Dev Petty, 2018-04-17 The hit picture book about a frog who does NOT want to be a frog is now a board book! Frog wants to be anything but a slimy, wet frog. A cat, perhaps. Or a rabbit. An owl? But when a hungry wolf arrives—a wolf who HATES eating frogs—our hero decides that being himself isn’t so bad after all. In this very silly story with a sly message, told in hilarious dialogue between a feisty young frog and his heard-it-all-before father, young children will identify with little Frog’s desire to be something different, while laughing along at his stubborn yet endearing schemes to prove himself right. And look for the hilarious sequels—I Don't Want to Be Big, There's Nothing to Do! and I Don't Want to Go to Sleep. □ First-time author Petty’s dialogue between a frog father and his son makes its point about accepting one’s nature with a big grin. . . . The story might create similar gratitude in the minds of readers—or it might just make them giggle.—Publishers Weekly, **STARRED REVIEW** A lively look at self-acceptance.—Kirkus Reviews This amusing story ends with a laugh and a much more content frog.—School Library Journal Silliness and deadpan humor combine into a hopping good story of being happy with who you are.—Booklist A paean to self-acceptance wrapped in snappy dialogue and illustrated with richly colored comic paintings.—Wall Street Journal Petty and Boldt provide just enough predictability to hook youngest readers, then deliver a delightful twist or two to create surprise and satisfaction—for both the green hero and the many fans he'll make with this book.—Shelf Awareness This lighthearted exploration of identity will delight as a
