Last Days: Zombie Apocalypse Ash Barker, 2018-06-28 Last Days: Zombie Apocalypse is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face - mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Oathmark Joseph A. McCullough, 2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many

would-be emperors before you.

Battletech Compendium FASA Corp, 1995-09 BattleTech celebrates its tenth anniversary with the BattleTech Compendium: the Rules of Warfare, the ultimate guide to combat in the 31st century. All the rules needed to simulate exciting conflicts between BattleMechs, vehicles, and infantry are included, revising and streamlining material from BattleTech, 3rd Edition, CityTech, 2nd Edition, and the original BattleTech Compendium. The Rules of Warfare also contains a concise history of the BattleTech universe and its movers and shakers, several new BattleMech and OmniTech designs, rules for miniatures play, and full-color illustrations.

Tomorrow's War (Science Fiction Wargaming Rules) Ambush Alley Ambush Alley Games, 2011-10-20 A miniatures wargame of gritty futuristic combat, Tomorrow's War projects the tactics and technology of today's military conflicts hundred's of years into the future. While robot drones, anti-gravity vehicles, and advanced battle-suit technology have changed the face of warfare, the essentials of combined-arms tactics have remained constant. Using the popular Force on Force rules as a basis, Ambush Alley Games has created the most realistic and tactically challenging science fiction wargame on the market. The rulebook includes a detailed optional 'future history' and a campaign system so that individual battles can be linked into an ongoing storyline.

En Garde! Craig Woodfield, 2016-01-20 En Garde! is a small-scale skirmish game based on the successful Ronin rules, in which small groups of warriors fight each other for honour or riches. Rather than just rolling a few dice, the rules allow players to make tactical decisions about how the models that they control will fight - offensively, defensively, or by applying special

skills and abilities. *En Garde!* covers the conflicts of the 16th, 17th and early 18th centuries, when black-powder weapons started to become common in battle but martial prowess still determined the outcome. Play as Border Reivers, Conquistadors, Landsknechts, Aztecs, French Musketeers, Caribbean Pirates and many more, in scenarios that evoke classic engagements of the genre. Simple campaign rules allow multiple scenarios to be played in sequence and permit warbands to develop over time. An appendix is also included to provide brief rules for supernatural creatures of the period - monsters, demons, revenants and witches - and new abilities and equipment to fight them, making *En Garde!* the perfect ruleset for gamers who want something a bit different from the norm.

Oathmark: Bane of Kings Joseph A. McCullough, 2021-06-24 Time is the bane of all kings. Always does it march forward, bringing change and challenges, wars and disasters, invaders and internal rebellion. This supplement for *Oathmark: Battles of the Lost Age*, focuses on the passage of time and its effect on a players kingdom. While wars and battle still determine their ultimate fate, many other events can affect the armies of a kingdom. Plagues and blights can reduce access to soldiers from specific territories. Attempted coups can cost a king some of his best generals. On the other hand, unexpected alliances might give a kingdom access to unusual troops, or the birth of a new heir might bring wondrous presents. Along with the rules for the passing of years, this book also presents the option to train your units to fight in special formations, such as phalanxes, shield walls, and skirmish lines. These will allow players to use their existing armies to try out new strategies and tactics to swing their battle in their favour. This book also includes several new military expeditions, including numerous scenarios, to once again

challenge a player's generalship.

Oathmark: Battlesworn Joseph A. McCullough, 2020-08-20 A supplement for Oathmark: Battles of the Lost Age, giving players rules for creating elite units of warriors known as battlesworn and charting their progress from battle-to-battle. In the horror and chaos of battle, the outcome can often hang on the briefest of moments. It is at these times that the actions of one unit can make the difference between victory and defeat. Wise kings know this, and realize that it is often prudent to hold back their best units until they can make the greatest difference. These elite units, called the 'battlesworn', are more than just powerful combatants, they are symbols of the glory and honour of a kingdom. All young warriors hope to one day join their ranks and add their oathmarks beside those legendary fighters. This supplement for Oathmark: Battles of the Lost Age contains rules for adding elite units to your armies and charting their progress from battle to battle. Will they grow even more powerful as they gain renown, or be broken in the face of tremendous odds, perhaps someday to be reformed when their kingdom needs them most? Also included are rules for rivers and boats as well as campaigns, featuring all-new scenarios that will give your battlesworn the chance to lead their kingdom to new heights of power and prestige.

Art of He-Man and the Masters of the Universe Various, 2015-04-28 In 1983, the world was introduced to He-Man and the Masters of the Universe. What followed was a cultural sensation that changed the landscape of children's entertainment forever! Join Mattel and Dark Horse in this comprehensive retrospective chronicling He-Man's decades-long epic journey from toy, to television, to film, to a true pop culture phenomenon!

Oathmark: Oathbreakers Joseph A. McCullough, 2020-11-26 Dark necromancers

have laid claim to forsaken kingdoms and summoned forth the souls of those who defiled their oathmarks. The dead, once again, march to war. As armies of wraiths and skeletal warriors bring destruction to their lands, the small kingdoms of the Marches also turn to the spirits of the dead. Gathering the most ancient and powerful of oathmarks, they recall the spectral forms of those that died in loyal battle to once again come forth in defence of their kingdoms. With these ethereal warriors joining their ranks, the kings of the Marches may yet stand. This supplement for *Oathmark: Battles of the Lost Age* introduces the forces of the dead to the game. Some armies will use dark magic to summon the souls and corpses of traitors from the past, while others will recall the spirits of loyal warriors that gave their lives and willingly fight again. This book also includes expanded rules for characters, which allow you to chart their progress from battle-to-battle, and watch as they grow in rank, responsibility, and power. All of these rules are then incorporated into a campaign featuring new scenarios that together tell of an epic war for survival.

En Garde! Darryl Hany, Frank Chadwick, Paul Evans, 2005-11-01 Set in the world of the Three Musketeers and Cyrano de Bergerac, *En Garde!* is one of the original role-playing games. This new edition is faithful to the original game and introduces a new generation to the delights of swashbuckling in seventeenth century Paris.

Ronin Craig Woodfield, 2013-08-20 Set in an age of feuding samurai, wandering swordsmen and fearless warrior monks, *Ronin* is a skirmish wargame that captures the flavour and excitement of such Akira Kurosawa films as *Seven Samurai* and *Yojimbo*. Whether they prefer the loyal samurai retainers of a feudal lord or a horde of desperate bandits, players choose from one of several factions and build forces to battle for dominance and survival in 16th-century Japan. They may also recruit swords-for-hire to supplement their forces - masterless ronin, martial arts masters and secretive ninja will lend their skills to any commander who can afford them. A full points system, incorporating a wide range of equipment and skills, allows for detailed customisation of characters, while scenarios and a campaign system permit them to gain experience and develop over time. The fast-paced rules simulate the cut and thrust of hand-to-hand combat and require the player to make tactical decisions in the middle of a fight, immersing them in an era of war.
