*I Love Jesus, But I Want to Die* Sarah J. Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

*Happy Money* Elizabeth Dunn,Michael Norton,2013-05-14 If you think money can’t buy happiness, you’re not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. If you think money can’t buy happiness, you’re not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. *Happy Money* offers a tour of new research on the science of spending. Most people recognize that they need professional advice on how to earn, save, and invest their money. When it comes to spending that money, most people just follow their intuitions. But scientific research shows that those intuitions are often wrong. *Happy Money* explains why you can get more happiness for your money by following five principles, from choosing experiences over stuff to spending money on others. And the five principles can be used not only by individuals but by companies seeking to create happier employees and provide “happier products” to their customers. Elizabeth Dunn and Michael Norton show how companies from Google to Pepsi to Crate & Barrel have put these ideas into action. Along the way, the authors describe new research that reveals that luxury cars often provide no more pleasure than economy models, that commercials can actually enhance the enjoyment of watching television, and that residents of many cities frequently miss out on inexpensive pleasures in their hometowns. By the end of this book, readers will ask themselves one simple question whenever they reach for their wallets: Am I getting the biggest happiness bang for my buck?

**The Money Plot** Frederick Kaufman,2020-11-24 Half fable, half manifesto, this brilliant new take on the ancient concept of cash lays bare its unparalleled capacity to empower and enthrall us. Frederick Kaufman tackles the complex history of money, beginning with the earliest myths and wrapping up with Wall Street’s byzantine present-day doings. Along the way, he exposes a set of allegorical plots, stock characters, and stereotypical metaphors that have long been linked with money and commercial culture, from Melanesian trading rituals to the dogma of Medieval churchmen faced with global commerce, the rationales of Mercantilism and colonial expansion, and the U.S. dollar’s 1971 unpinning from gold. *The Money Plot* offers a tool to see through the haze of modern banking and finance, demonstrating that the standard reasons given for economic inequality—the Neoliberal gospel of market forces—are, like dollars, euros, and yuan, contingent upon structures people have designed. It shines a light on the one percent’s efforts to contain a money culture that benefits them within boundaries they themselves are increasingly setting. And Kaufman warns that if we cannot recognize what is going on, we run the risk of becoming pawns and shells ourselves, of becoming characters in someone else’s plot, of becoming other people’s money.

**The Last Days of Jack Sparks** Jason Arnopp,2016-03-01 Ingenious and funny . . . Magnificent. -- Alan Moore, creator of *Watchmen* and *V for Vendetta* Jack Sparks died while writing this book. It was no secret that journalist Jack Sparks had been researching the occult for his new book. No stranger to controversy, he'd already triggered a furious Twitter storm by mocking an exorcism he witnessed. Then there was that video: forty seconds of chilling footage that Jack repeatedly claimed was not of his making, yet was posted from his own YouTube account. Nobody knew what happened to Jack in the days that followed -- until now. Wow. Seriously hard to put down. -- M. R. Carey, author of *The Girl With All the Gifts*

Thing of Beauty Stephen Fried,2011-12-06 At age seventeen, Gia Carangi was working the counter at her father's Philadelphia luncheonette, Hoagie City. Within a year, Gia was one of the top models of the late 1970's, gracing the covers of *Cosmopolitan* and *Vogue*, partying at New York's Studio 54 and the Mudd Club, and redefining the industry's standard of beauty. She was the darling of moguls and movie stars, royalty and rockers. Gia was also a girl in pain, desperate for her mother's approval—and a drug addict on a tragic slide toward oblivion, who started going directly from \$10,000-a-day fashion shoots to the heroin shooting galleries on New York's Lower East Side. Finally blackballed from modeling, Gia entered a vastly different world on the streets of New York and Atlantic City, and later in a rehab clinic. At twenty-six, she became one of the first women in America to die of AIDS, a hospital welfare case visited only by rehab friends and what remained of her family. Drawing on hundreds of interviews with Gia's family, lovers, friends, and colleagues, *Thing of Beauty* creates a poignant portrait of an unforgettable character—and a powerful narrative about beauty and sexuality, fame and objectification, mothers and daughters, love and death.

**Start with Why** Simon Sinek,2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea *The Golden Circle*, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

**Rice's Architectural Primer** Matthew Rice,2010-07-15 RICE'S ARCHITECTURAL PRIMER covers the grammar and vocabulary of British buildings, explaining the evolution of styles from Norman castles to Norman Foster. Its aim is to enable the reader to recognise, understand and date any British building. As Matthew Rice says, 'Once you can speak any language, conversation can begin, but without it communications can only be brief and brutish. The same is the case with Architecture: an inability to describe the component parts of a building leaves one tongue-tied and unable to begin to discuss what is or is not exciting, dull or peculiar about it.' RICE'S ARCHITECTURAL PRIMER will explain the language of architecture. With it in your hand, pocket or car, buildings will break down beguilingly into their component parts, ready for inspection and discussion. There will be no more references to that curly bit on top of the thing with the square protrusions. Ungainly and inept descriptions will be a thing of the past and, fluent in the world of volutes, hood moulds, lobed architraves and bucrania, you will be able to leave a cathedral or country house with as much to talk about as a film or play. RICE'S ARCHITECTURAL PRIMER starts with an explanation of the basic 'Grammar' of buildings: elevation, plan, roof, gable and eave. This will enable the reader to better make use of what is to follow. It will also cover the Orders of Architecture - Doric, Tuscan, Ionic, Corinthian and Composite - so that the vital basics of Classicism are covered. Following this is the 'Vocabulary'. This will be a chronological reference section covering, period by period, the windows, doors and doorcases, columns, chimneys, arches, balustrades and pediments that make up the built environment.

Will Storr Vs. The Supernatural Will Storr,2013-05-31 When journalist and ghost sceptic Will Storr heads to Philadelphia to meet Lou Gentile, a demonologist, he expects a little fun with an amusing eccentric. What he gets are terrifying experiences of spectral lights and horrific demonic growling - and all of his safe, adult preconceptions about ghosts instantly vanish. In the cold light of day, Will decides on a quest for the truth about ghosts. He meets professional paranormal investigators and takes part in séances and a vigil in the most haunted house in Britain, tries out divining rods and ouija boards, and goes on set with TV's Most Haunted. But Will also seeks out the sceptics in clinical psychology and philosophy who ask if spirits are really just in our heads. His journey is full of bizarre, terrifying and hilarious experiences, each one a new insight into life, death and what might come after.

**In Search of Lake Wobegon** Garrison Keillor,2001 This book combines text and image to reveal the real-life origins of the place where the women are strong, the men are good-looking and the children above average. Keillor meditates on the enduring culture of the county and on the years he spent there as a young writer and an outsider.
