Sapeurs Tariq Zaidi,2020-05 British photographer Tariq Zaidi presents a fashion subculture of Kinshasa & Brazzaville: La Sape, Societe des Ambianceurs et des Personnes Elegantes. Its followers are known as 'Sapeurs' ('Sapeuses' for women). Most have ordinary day jobs as taxi-drivers, tailors and gardeners, but as soon as they clock off they transform themselves into debonair dandies. Sashaying through the streets they are treated like rock stars - turning heads, bringing 'joie de vivre' to their communities and defying their circumstances.

It Ends at Midnight Harriet Tyce,2023-02-21 Gripping. —Alex Michaelides, New York Times bestselling author Blisteringly brilliant. —Sarah Pinborough, New York Times bestselling author Three friends. Two bodies. A party to die for... From international bestselling author Harriet Tyce comes a chilling psychological thriller set in one of Edinburgh's poshest neighborhoods, where a lavish New Year's Eve party ends in a gruesome double murder. Sylvie understands the crime she and Tess committed decades ago was wrong, and that's why she has buried the secret deep in her past—no one needs to know about the person Sylvie once was, especially since it would mean the end of her relationship and ruin her breakout legal career. But when Tess is diagnosed with cancer, she decides the time is right to make amends for past wrongs and organizes an extravagant New Year's Eve party as a backdrop for her dramatic confessions. As midnight approaches and the countdown begins, it seems one of the guests doesn't want a resolution. They want revenge. They want someone at this party to die. With a deliciously twisty plot and a heart-stopping finale, *It Ends at Midnight* is perfect for fans of Lucy Foley and Gillian Flynn, serving as an unnerving yet propulsive examination of exactly

what we might be willing to say—and even believe—to justify our worst mistakes.

50 Things About Us Mark Thomas, 2020-12-10 50 THINGS ABOUT US is a fast and furiously funny journey through our national memory. It's about money, history, songs, gongs, wigs, unicorns, guns, bungs, sods of soil and rich fuckers. 'Patriotism is often the point where history and advertising intersect, and it was that brand of nationalism that Rees-Mogg and Johnson attempted to sell. It is a brand that can only hark backwards; a nostalgic nationalism built on half histories and wishes ... The kind of patriotism where the poetry of John Betjeman sits alongside blaming migrants for TB. 'But that is not our story. In fact, it is far from the narrative so many of us are a part of.' From self-deceptions on size, stature and space (clue: there's more than enough for everyone if we lose the golf courses) to the living links between empire, slavery, money and power, this is Mark Thomas' quest to remind us of the true and shared greatness of modern Britain. Structured as a list of fifty crucial 'Things', and fresh from a lock-down spent interviewing hundreds of NHS workers for the Wellcome Collection permanent archive, this is Mark Thomas at his provocative, passionate best.

The Case for Marriage Linda Waite, Maggie Gallagher, 2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. *The Case for Marriage* combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. *The Case for Marriage* is well written and well argued, empirically rigorous and learned, practical and

commonsensical.” -- William J. Bennett, author of *The Book of Virtues* “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- *The Wall Street Journal*

Strong Female Character Fern Brady, 2023-06-06 INTERNATIONAL BESTSELLER • “Witty, dry, and gimlet-eyed, this is a necessary corrective in a world where Autistic women are all either written off as quiet and docile, or erased entirely.” —Devon Price, Ph.D., author of *Unmasking Autism* Scottish comedian Fern Brady was told she couldn't be autistic because she'd had loads of boyfriends and is good at eye contact. In this frank and surreal memoir, she delivers a sharp and often hilarious portrait of neurodivergence and living unmasked. After reading about autism in her teens, Fern Brady knew instinctively that she had it—autism explained her sensory issues, her meltdowns, her inability to pick up on social cues—and she told her doctor as much. But it took until she was thirty-four for her to get diagnosed. *Strong Female Character* is about the years in between, and the unique combination of sexism and ableism that so often prevents autistic women from getting diagnosed until adulthood. Coming from a working-class Scottish Catholic family, Fern wasn't exactly poised to receive an open-minded acceptance of her neurodivergence. With the piercing clarity and wit that has put her at the top of the British comedy scene, she now reflects on the ways her undiagnosed autism influenced her youth, from the tree that functioned as her childhood best friend to the psychiatric facility where she ended up when neither her parents nor school knew what to do with her. In a memoir as hilarious as it is heartbreaking, Fern leaves no stone unturned while detailing her futile attempts at employment, her increasingly destructive coping mechanisms, and the meltdowns that left her mind (and apartment) in ruins. Her chaotic, nonlinear journey—from stripping to getting arrested to finding a lifeline in comedy to her breakout appearance on the *Taskmaster* TV show as her full, unmasked self—is both a remarkable coming-of-age tale and a dark but poignant tribute to life at the intersection of womanhood and neurodiversity. *Strong Female Character* is a story of how being female can get in the way of being autistic and how being autistic gets in the way of being the 'right kind' of woman.

Young People, Social Media and Health (Open Access) Victoria Goodyear, Kathleen Armour, 2018-11-02 The pervasiveness of social media in young people's lives is widely acknowledged, yet there is little evidence-based understanding of the impacts of social media on young people's health and wellbeing. *Young People, Social Media and Health* draws on novel research to understand, explain, and illustrate young people's experiences of engagement with health-related social media; as well as the impacts they report on their health, wellbeing, and physical activity.

Using empirical case studies, digital representations, and evidence from multi-sector and interdisciplinary stakeholders and academics, this volume identifies the opportunities and risk-related impacts of social media. Offering new theoretical insights and practical guidelines for educators, practitioners, parents/guardians, and policy makers; *Young People, Social Media and Health* will also appeal to students and researchers interested in fields such as Sociology of Sport, Youth Sports Development, Secondary Physical Education, and Media Effects.

Juche - How to Live Well the North Korean Way B.J. Lovegood, 2020-10-29 'Game changing. Juche is to shape the cultural zeitgeist just as The Little Book of Hygge did.' Fern Brady 'A book to bring shame upon our depraved morals and our wilted-spinach governments.' Ivo Graham How did North Korea become the top-rated destination on Tripadvisor? The answer is Juche ... 'In this earth-quaking lifestyle manifesto, I, Comrade Hyun-gi, will share with you the blueprint to a healthier, happier way of life. Juche will teach you westerners how sleeping under your desk yields a better work/life balance; why food rationing promotes a greater generosity of spirit; how sealed borders prevent the agony of long-distance relationships and why pensions prevent people from living in the moment. So come, dear Comrade, and step free from the landmines and tripwires of capitalism and march with me towards the socialist dawn that awaits us all.' 'As dry as it is daft - I loved it.' Jordan Brookes

Observations and Predictions of Eclipse Times by Early Astronomers J.M. Steele, 2013-04-17 Eclipses have long been seen as important celestial phenomena, whether as omens affecting the future of kingdoms, or as useful astronomical events to help in deriving essential parameters for theories of the motion of the moon and sun. This is the first book to collect together all presently known records of timed eclipse observations and predictions from antiquity to the time of the invention of the telescope. In addition to cataloguing and assessing the accuracy of the various records, which come from regions as diverse as Ancient Mesopotamia, China, and Europe, the sources in which they are found are described in detail. Related questions such as what type of clocks were used to time the observations, how the eclipse predictions were made, and how these prediction schemes were derived from the available observations are also considered. The results of this investigation have important consequences for how we understand the relationship between observation and theory in early science and the role of astronomy in early cultures, and will be of interest to historians of science,

astronomers, and ancient and medieval historians.

Film Form Sergei Eisenstein, 2014-06-17 A classic on the aesthetics of filmmaking from the pioneering Soviet director who made *Battleship Potemkin*. Though he completed only a half-dozen films, Sergei Eisenstein remains one of the great names in filmmaking, and is also renowned for his theory and analysis of the medium. *Film Form* collects twelve essays, written between 1928 and 1945, that demonstrate key points in the development of Eisenstein's film theory and in particular his analysis of the sound-film medium. Edited, translated, and with an introduction by Jay Leyda, this volume allows modern-day film students and fans to gain insights from the man who produced classics such as *Alexander Nevsky* and *Ivan the Terrible* and created the renowned "Odessa Steps" sequence.

Transforming Our World Ivo Šlaus, 2020-05-15 This book addresses the survival of humankind. Our world is the best it has ever been, but it is not sustainable. It is self-destructive; it is marked by

war, which can destroy the world in a single day, the destruction of natural and human capital within 10 years, and technologies which could be both beneficial and destructive. We have no future if we continue living as we do currently, and even if we do nothing. This book highlights the kinds of changes which are required. Wars are not biologically necessary and are useless; the culture that established wars can eliminate them. Poverty, hunger and inequality destroy human capital. These destructions can be overcome by changing economic and political paradigms and our mindset. Empathy, freedom, curiosity and wisdom are required.
